

The proposals will steal \$1 trillion from Medicare and Medicaid in exchange for giveaways to the very wealthy and corporations.

The President and Republicans are turning their backs both on their own rhetoric and the real needs and lives of American families.

BIG TALK AND BROKEN PROMISES

(Mr. SOTO asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. SOTO. Mr. Speaker, big talk and broken promises, that is what we have seen.

As Trump's first 100 days come to a close, we see desperate times are leading to desperate measures. First, there is a push to revive TrumpCare. Really? Twenty-four million Americans would be kicked off health insurance in the first year, and there would be 15 to 20 percent increases in premiums according to the Congressional Budget Office. The big change to get a compromise is taking away essential benefits and pre-existing conditions, the foundation of making sure Americans have health care.

Second, we see Trump's threats to defund the subsidies. This is a blatant violation of law. Seven million Americans would lose health care immediately if that happened.

Third, we see Trump's threats to cut Medicaid and Medicare by \$1 trillion. Block grants will mean cuts to senior's health care, cuts to children's health care.

With these 100 days coming to a close, we see Trump as the least popular, least productive President in modern history.

While Trump is breaking his promises, our constituents are depending on us to keep ours.

REJECT ATTEMPTS TO FEARMONGER

(Mr. POLIS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. POLIS. Mr. Speaker, every day, we wake up and we have a choice of how we can look at the world: through the murkiness of fear or through the clarity of truth. I challenge you to choose clarity, choose a perspective that is grounded in truth and in love.

Today, President Trump announced the opening of the Victims of Immigration Crime Engagement Office, or VOICE, an office that will spew propaganda highlighting crimes committed by immigrants as opposed to equally harmful crimes committed by non-immigrants. It is a waste of taxpayer money that will manipulate law enforcement data in an attempt to play on fears and anxieties.

I am countering the opening of VOICE with the Saved By American

Immigrants National Task Force, SAINT. The SAINT task force will collect and share stories of the countless immigrants who have saved Americans lives through heroic acts.

I am calling for stories like the story of Maytham Alshadood, a Coloradan who grew up in Baghdad. He aspired to be veterinarian and began his studies, worked with the American Army as a translator, and had to leave because of the increase in violence. He came under a special immigrant visa. He started school in America. He is now a registered nurse, saving and transforming lives in America every day, including those of veterans.

Let us reject attempts to fearmonger and tear apart American families, families that are just like ours, families that are ours.

FIX THE HEALTHCARE SYSTEM

(Ms. JACKSON LEE asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. JACKSON LEE. Mr. Speaker, 53 percent of Americans disapprove of President Trump's service to this Nation in this first 100 days. I didn't say Members of Congress. I didn't say party. I said 53 percent of Americans disagree, and I understand why: a healthcare promise that did not come to fruition; families are now looking, with his potential bill, to higher healthcare costs for our working families; 24 million more Americans are off of insurance.

What about the age tax for hard-working Americans? Americans 50 to 64 years old will be paying upwards of \$12,000 to \$14,000 for their premium.

The last insult is to those hard-working Americans who now receive Medicare by deleting, depleting, taking away, and destroying \$100 million from the Medicare trust fund.

There is no other answer. There is no other answer than disapproval, because why would anyone who leads this Nation destroy the very health care, the very arm of opportunity and rest that Americans have when they become sick?

I think the disapproval is probably too low. Let us fix the healthcare system. Let us not destroy it.
