MSgt Pruitt, a Gautier native, was assigned to I Marine Expeditionary Force Headquarters Group, I Marine Expeditionary Force, Camp Pendleton, California. MSgt Pruitt was a financial management Marine for 18 years and also an instructor with the Marine Corps Combat Service Support Schools. He volunteered to go on deployment with his junior Marines.

MSgt Pruitt was honored for his sacrifice by family, friends, and fellow service members during a memorial service held at the base auditorium at Camp Johnson, a satellite installation of Marine Corps Base Camp Lejeune on May 31, 2012.

"He not only wanted to deploy as a Marine," said Lydia Hobson, MSgt Pruitt's mother, "but as a human being. He wanted to help the people and children over there. When he got to Afghanistan, he asked me to send him crayons and coloring books for the children in the hospital because they didn't have the things American children had. He was a great man."

"Pruitt never stopped surprising me," retired Master Sergeant Ron Scott, one of Pruitt's mentors said. "I had a special bond with him. He grew from this young, wide-eyed kid to someone I called a brother."

MSgt Pruitt was awarded the Bronze Star and Purple Heart for his service and sacrifice. He was also recognized by the Marine Corps Combat Service Support School "Wall of Heroes" where his memorial frame was placed.

The Mississippi Department of Transportation has designated a section of U.S. Highway 90 in Gautier as the Scott E. Pruitt Memorial Highway.

MSgt Pruitt is survived by his daughters Jennifer and Jordyn, and his fiancée, Trisha Lane.

MSgt Pruitt's dedication to protecting our nation will always be remembered.

HONORING BOWIE STATE UNIVERSITY PRESIDENT DR. MICKEY L. BURNIM

HON. STENY H. HOYER

OF MARYLAND

IN THE HOUSE OF REPRESENTATIVES

Friday, April 28, 2017

Mr. HOYER. Mr. Speaker, on April 22, Bowie State University celebrated the leadership and career of its ninth president, Dr. Mickey Burnim, at its annual Founders Gala. The annual Founders Gala marks the anniversary of the founding of the school in 1865 that would later become Bowie State University. While I was, unfortunately, unable to join the celebration in person, I want to express my great thanks to Dr. Burnim for all he has achieved during his tenure and congratulate him on being honored at this year's gala. I also join in wishing him well on his upcoming retirement.

When Dr. Burnim steps down as President of Bowie State University, he will complete eleven very successful years leading one of Maryland's great institutions of higher education and one of our nation's oldest and most illustrious historically black universities. Having come to Bowie State after serving as Chancellor of Elizabeth City State University in

North Carolina and as Provost and Vice Chancellor of North Carolina Central University, Dr. Burnim brought to his presidency an already long and distinguished career in university administration. At a time when higher education costs are rising, Bowie State has been recognized for its outstanding value, including being ranked by *The Economist* for having the best higher education value in Maryland. An economist by training, Dr. Burnim has recognized the criticality of securing a sound fiscal future for the University, and during his time in office he took steps to put Bowie State on a solid footing for long-term expansion. With new resources secured, one of the focuses of his tenure has been the construction of new campus buildings, including a new student center, a performing arts center, and a new \$107 million facility for the study and practice of Science, Mathematics, and Nursing. Recognizing how important it is to connect graduates with career opportunities and to foster young entrepreneurs, Dr. Burnim worked with the City of Bowie to launch the Bowie Business Innovation Center on campus. Under his leadership, Bowie State has continued to expand the programs it offers and to conduct groundbreaking research across a number of disciplines. I am very proud to represent Bowie State University in Congress.

Since its founding as the Baltimore Normal School after the Civil War, Bowie State University has served as an important nexus of education and opportunity for African Americans, and after 152 years it has grown to become one of our country's great universities and educates students from all backgrounds. Bowie State joined the University System of Maryland in 1988 and, along with the other institutions of higher education across our state, helps make Maryland one of the best places to pursue study in the country and, indeed, the world. Within the University System of Maryland, Bowie State has earned a reputation for leading in the fields of science, technology, engineering, the arts, and mathematics—or 'STEAM'—and creating innovative interdisciplinary programs that bring them all together to prepare students for success in emerging industries of the twenty-first century economy. It was Dr. Burnim who led Bowie State's effort to adopt the Education Innovation Initiative (EI²), a STEAM-enrichment program that makes early career pathway exposure accessible to under-represented students throughout Prince George's County.

Dr. Mickey Burnim has been instrumental to the University's achievements and its strong trajectory for growth in the years ahead. I have been honored to work with him to ensure that Bowie State has had a partner in the federal government, and I thank him for all his hard work over the past eleven years as President and throughout his four decades in higher education. I wish him all the best, and I join in celebrating his very successful tenure that has made a real difference in the lives of tens of thousands of students across Maryland and the United States.

HONORING JENNIFER "JENNY" ALPERS

HON. VICKY HARTZLER

OF MISSOURI

IN THE HOUSE OF REPRESENTATIVES

Friday, April 28, 2017

Mrs. HARTZLER. Mr. Speaker, I rise today to recognize Jennifer "Jenny" Alpers, a dedicated public servant to the citizens of Missouri. Jenny tirelessly worked alongside me as a legislative aide during my time as a Missouri State Representative to serve the good people of the 124th District. My appreciation for her cannot be understated. She helped constituents navigate the state bureaucracy, greeted visitors who came into my office, and advised me on important legislation facing Missouri at that time. Her service as a one-woman office staff was no easy task, but she worked with poise and efficiency.

Like many hardworking Missourians, Jenny and her late husband, Gary, worked on their family farm and raised two wonderful daughters, Jennifer and Ashley. Both daughters married great guys, Scott and Billy, and she has been blessed with three incredible grandchildren: Jordyn, Brady, and Wil. Continuing her love of serving others, she is active in her local church and community.

Mr. Speaker, I cannot think of an individual more deserving of this special recognition than Jenny herself. She never sought the limelight but instead did what all good Missourians do by pulling up her sleeves and working to help her family, her friends, and even complete strangers. A retirement celebration for Jenny will be held on May 8, 2017 in the Missouri State Capitol, where many of her current and former colleagues and friends will be present to thank her for all she has done to better our great state. I ask all my colleagues to join me in applauding the years of service and commitment of Jenny. We are blessed to have such dedicated citizens like her serving us, and I wish her the best in the years to come. I thank Jenny, and God's blessings to her.
