**PAKISTAN**

(Mr. POE of Texas asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. POE of Texas. Mr. Speaker, for years, Pakistan has provided support for America’s enemies with American blood on their hands. Pakistan has supported the Taliban providing them safe haven, cash, and weapons. It is no coincidence that the leader of the Taliban was living in Pakistan when a United States air strike took him out last year.

Pakistan harbored the number one enemy of the world, Obama bin Laden, until our SEALs brought him to justice. Pakistan’s intelligence services has been dubbed the veritable arm of the terrorist group Haqqani Network. They have even cut off supply routes for our troops in Afghanistan.

The Ambassador to Afghanistan has said that Pakistan supports terrorist groups in Afghanistan, but still Pakistan is considered a major non-NATO ally of the U.S. This status means that they get priority for significant benefits in the areas of foreign aid and defense cooperation. I am introducing a bill that removes Pakistan from this list of trusted allies.

Pakistan is playing both sides. It is time to call it like it is. Pakistan should not be counted as a major non-NATO ally of the United States.

And that is just the way it is.

**HONORING THE LIFE AND MEMORY OF GENERAL AMEDEO “ARMIE” MEROLLA**

(Mr. LANGEVIN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LANGEVIN. Mr. Speaker, I rise today to honor the life and memory of General Amedeo “Armie” Merolla—a dedicated patriot, a passionate legal mind, a community leader in Rhode Is-

land, and someone whom I was proud to call a dear friend.

Armie’s distinguished military career spanned 36 years, during which time he served in the United States Marine Corps and the Rhode Island National Guard. He served as assistant adjutant general for the State and retired as the first brigadier general of Italian heritage in the history of the Rhode Island National Guard.

As an accomplished attorney for more than 60 years, he provided legal counsel and advice to several public officials—myself included—and maintained a very successful private practice.

As a tireless community leader, he served as chairman of the Warwick School Committee and held leadership positions in local branches of charities and children’s organizations. Above all, he prioritized his family, whom he loved dearly and to whom he devoted his life’s work.

Mr. Speaker, it is an honor to remember Armie on the floor today, just as it was to consider him a trusted friend and adviser. Mr. Speaker, he made a difference, and he will be greatly missed.

**ARE WE LOSING OUR DEMOCRACY?**

(Mr. SMITH of Texas asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. SMITH of Texas. Mr. Speaker, are we losing our democracy?

CNN has censored and refused to air an ad by Trump for President, claiming that it is inaccurate. Of course, that is their opinion and they are entitled to it. What they are not entitled to do is violate the Constitution’s protection of free speech.

Where are all the editorial boards of the media who rightly advocate for free speech? Why are most silent?

To censor a political ad because CNN disagrees with it is to threaten our democratic form of government.

**2017 CONTINUED APPROPRIATIONS**

(Ms. JACKSON LEE asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. JACKSON LEE. Mr. Speaker, I rise to support the continued appropriations for 2017 and to say: Say it isn’t so.

When the Trump budget was presented—the skinny budget—\$600 billion was cut out of NIH, which would impact a major research in diseases that impact Americans. Thank goodness that we worked for a \$2 billion increase for the NIH in this appropriations bill.

And, equally so, how important it is that we can announce in Houston that the Houston Housing Authority will be able to reissue vouchers for homeless families because \$654 million-plus was put in the section 8 vouchers, \$40 million-plus was put in for veterans who

are homeless, and \$10 million was put in for the disabled.

In addition, we added to the Cops on the Beat program and, as well, provided additional dollars to enhance the Civil Rights Division some \$897.5 million.

The budget or the appropriations should be a road map for serving Americans, not a nickel-and-dime approach to undermine. I am glad the resistance remains strong, and that is why we have a budget or an appropriation that listens to the people and the healthcare subsidies are being paid for, so that people can have that health insurance.

**ANTIQUITIES ACT**

(Mr. LAMALFA asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LAMALFA. Mr. Speaker, this week in the Natural Resources Committee, we conducted an important hearing and review on the Antiquities Act. This is the process for which these days the President unilaterally can declare national monuments, thereby placing acres that are deemed to be preserved into a monument, which then cannot be touched by human hands as it is interpreted and enforced these days.

Under President Obama, twice as many acres were placed into that type of monument status as all other Presidents combined over the history of the country.

Now, what this means is that you can’t have access for forestry, fire protection, and other things you need to do for human activity. Even access for hunting and fishing is oftentimes limited. What we need is to have a process where Congress can have approval of the Antiquities Act if one of these proposals comes into place. We need to have that so that the people will have access to their lands so they can be managed if need be.

The size of the monument, yes, we have areas we need to declare and protect. But the size of the monument is very important as well because it doesn’t need to be always hundreds of thousands, even millions, of acres. Indeed, under the act, the idea is that it would be under the smallest possible size to preserve the object.

**NATIONAL SMALL BUSINESS WEEK**

(Mr. PAYNE asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PAYNE. Mr. Speaker, I rise to recognize this week as National Small Business Week and to applaud the vast contributions of small-business owners and entrepreneurs across my district—the 10th Congressional District of New Jersey.

National Small Business Week is the perfect opportunity to recognize the
