TRIBUTE TO COLONEL PATRICK KERR

● Mr. McCAIN. Madam President, today I wish to recognize the military career of COL Patrick Kerr, who is retiring from Active Duty on June 1, 2017 after serving more than 26 years in the U.S. Army.

Colonel Kerr was commissioned into the Army as a second lieutenant through the ROTC program at James Madison University in 1990. Over the course of his long career, Colonel Kerr served at every leadership level in the Army from platoon leader in the 63rd Signal Battalion to brigade commander of the Army Information Systems Engineering Command at Fort Huachuca. During his brigade command, Colonel Kerr's unit defended Army networks against daily attacks and conducted cyber space and network operations in support of the warfighter.

Throughout his time in the Army, Colonel Kerr has been a leader in the incredibly important battlefield of cyber security and network communications. It is difficult to imagine aspects of the military that have changed more in the last quarter century than military communications, information technology, and cyber security. Colonel Kerr provided extraordinary leadership for the Army to navigate through the many challenges of building, operating, and protecting Army and Defense Department communications networks.

Prior to his current assignment in Arizona, Colonel Kerr was the deputy operations officer for recently created Army Cyber Command. He also commanded the 53rd Signal Battalion, which operates the Department of Defense's constellation of military command and control satellites, providing secure and protected communications around the globe. Colonel Kerr also served as executive officer of the 44th Signal Battalion for its deployment to Afghanistan during the first parliamentary elections for the new government in 2005. As a young officer, Colonel Kerr also deployed to Somalia for Operation Continue Hope; to Kosovo as part of the NATO stabilization force operations; and to Central Command for Operation Provide Comfort.

Colonel Kerr has received numerous awards, including the Legion of Merit,

with oakleaf cluster, Bronze Star, Defense Meritorious Service Medal, with two oakleaf clusters, and the Meritorious Service Medal, with two oakleaf clusters). He has earned the U.S. Air Force Space Badge and is a recipient of the Signal Corps Regiment Silver Order of Mercury.

Finally, Colonel Kerr provided mentorship to countless soldiers throughout his career. He is known for going the extra mile in professionally developing his subordinates and truly preparing them for their next leadership role. In fact, Colonel Kerr's advice and counsel is regularly sought by all who work with him to include his peers and superiors.

Colonel Kerr is retiring in Vail, AZ, with his family. He has been married to his wife, Wendy, for over 25 years, and they have two children, Noelle and Peter. For a career soldier, the support of family is vital, and I sincerely thank Wendy, Noelle, and Peter for their sacrifice and support during their numerous deployments and moves.

For a career of exceptional service to the Army and to the Nation, I congratulate COL Patrick Kerr on his retirement and I wish him and his family well in their future endeavors.●

STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTIONS

By Mr. KAINÉ (for himself and Mr. TESTER):

S. 1125. A bill to amend the Higher Education Act of 1965 to provide Federal Pell Grants to Iraq and Afghanistan veteran's dependents; to the Committee on Health, Education, Labor, and Pensions.

Mr. KAINÉ. Mr. President, when a United States servicemember gives their life in service to their country, they often leave behind family who we are equally indebted. Ensuring that these survivors are provided every opportunity to succeed and get a quality education supports our values and upholds our promise to servicemembers and military families. Unfortunately, our ability to uphold our promise to dependents of servicemembers who were killed in action (KIA) in Iraq and Afghanistan following the attacks on September 11, 2001 was affected recently.

In May 2016 the U.S. Department of Education sent a letter to institutions of higher education requiring them to reduce the Iraq and Afghanistan Service Grant awards by 7% or roughly \$400 per student. These grants are critical for students to use for tuition, books, and room and board and any future cut would be significant for a young college student. Many children and dependents of servicemembers who were KIA in Iraq and Afghanistan are now reaching college age so more and more students will not be receiving as much in grants as they should be getting and rightfully deserve.

Today, I am pleased to introduce with my colleague Senator TESTER the Protect our Gold Star Families' Education Act of 2017. This legislation will move the Iraq and Afghanistan Service Grant program to the Pell Grant program to stabilize the funding source for these awards and ensure Gold Star families have access to the maximum Pell Grant funding available if they previously did not qualify for Pell Grants. The program would maintain the same eligibility requirements under the existing Iraq and Afghanistan Service Grants—parent or guardian having died as a result of military service in Iraq or Afghanistan after 9/11 and are 24 years old or younger—and the award would continue to equal the maximum Pell Grant for that award year.

While Virginia public universities already offer tuition assistance to dependents whose parents were killed in action or were permanently disabled under the state's Virginia Military

Survivors and Dependents Education Program (VMSDEP), these funds could be used to offset tuition at private institutions and could also cover additional expenses, including room and board, books, and supplies. Over 500 Virginians have attended or are currently attending college at public universities with assistance through VMSDEP and would qualify for these Pell Grants as well.

Our Gold Star families have made the ultimate sacrifice for this country and ensuring they have access to a quality college education is the right thing to do. Moving the Iraq and Afghanistan Service Grant under the Pell Grant program will provide more security to Gold Star families and help ease the burden of college costs. As more of our post 9/11 Gold Star children are starting to reach college age, now is the right time to improve the grant system. I hope that my colleagues will incorporate this bill in a reauthorization of the Higher Education Act.
