

Most importantly NAFCU's influential presence has not gone unnoticed and the association has become well-known for its ability to identify, examine, and represent issues of concern to federally-insured credit unions before Congress.

NAFCU has crossed many milestones in its 50 years, from the enactment of the National Credit Union Share Insurance Fund (NCUSIF) to the passage of the Credit Union Membership Access Act in 1998. In recent years, they have been at the forefront in fighting for regulatory relief for our nation's credit unions. As a Member of Congress, I have had the pleasure of working with NAFCU on numerous occasions, working to provide regulatory relief and take on crucial issues impacting our credit unions. I congratulate NAFCU on its 50th anniversary and I look forward to working with them in the future.

Mr. FRANCIS ROONEY of Florida. Mr. Speaker, I rise today to congratulate 14-year-old Taylor Sanders on her tremendous achievement in winning the "Kids BBQ Championship" on the Food Network. I am delighted that she represented our Naples, Florida, community in front of a national audience with excellent cooking skills and selfless character.

The \$10,000 reward for her victory is well deserved for all of her hard work. She is a very considerate and mature young person, as illustrated by her donating a portion of her reward to a charity, Take a Soldier Fishing. This is a wonderful organization and I am proud that she chose to honor our soldiers.

Taylor's barbeque skills and generosity show sophistication beyond her years. I know that our Southwest Florida community is extremely grateful for her contributions.

CARLYLE LAKE 50TH ANNIVERSARY

### HON. JOHN SHIMKUS

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

*Thursday, May 25, 2017*

Mr. SHIMKUS. Mr. Speaker, I rise today to acknowledge the 50th Anniversary of Carlyle Lake in Clinton County in my home state of Illinois.

The thought of Carlyle Lake was created due to the extreme flooding caused by the Kaskaskia River. A group of men residing in the area decided to create the Kaskaskia River Valley Project in 1933. This project then led to the idea of a man-made lake. The Flood Control Act of 1938 granted authorization for the construction of what eventually became Carlyle Lake. Due to the commencement of World War II the original construction plan was put to a halt.

In 1950, after the war subsided, attorney Eldon E. Hazlet took interest in the construc-

tion of the lake. He formed the Kaskaskia Valley Association, whose member's sole purpose was to convince the public for the need of a lake. After gaining enough public support, the Army Corps of Engineers made a revised plan of construction for the lake. Twenty years after the date of the original authorization; the Federal government signed off on the construction of Carlyle Lake in 1958. The Carlyle Lake Project was completed in April 1967, and the dam was dedicated in June of the same year.

Over the years Carlyle Lake has become a popular attraction for those in the area as well as for tourists. Visitors can enjoy the scenery, lie on the beach, or rent a boat out to coast on the water. The creation of this lake has allowed the economy to prosper. It has also led to the creation of the Eldon Hazlet State Park; they named this park after him because of his leadership in the advancement of Carlyle Lake. Tourists and townspeople can fish, camp, and hike in this state park.

The City of Carlyle has planned a celebration of the Lakes' 50th year. The celebration will begin on June 9th and go through the 11th. Throughout the weekend visitors can enjoy a carnival, music festival, vintage car show, and much more. The weekend will come to a close with a commemoration ceremony for Carlyle Lake.

I ask that we all join in that celebration as we pay tribute to the history and the people who made Carlyle Lake. I salute Carlyle Lake on its 50th Anniversary.

INTRODUCTION OF THE NUCLEAR CRUISE MISSILE RECONSIDERATION ACT OF 2017 AND THE SMARTER APPROACH TO NUCLEAR EXPENDITURES ACT

### HON. EARL BLUMENAUER

OF OREGON

IN THE HOUSE OF REPRESENTATIVES

*Thursday, May 25, 2017*

Mr. BLUMENAUER. Mr. Speaker, today I am introducing two pieces of legislation, along with Senator MARKEY in the Senate, that bring us closer to a more rational U.S. nuclear posture.

The Nuclear Cruise Missile Reconsideration Act of 2017 would limit Department of Defense and Department of Energy spending on the next generation air-launched nuclear cruise missile (ALCM), known as the Long Range Standoff weapon (LRSO), until the Trump administration submits a Nuclear Posture Review to Congress. The Air Force plans to replace 575 existing ALCMs with 1,000 or more LRSOs. The total cost to build this missile and life-extend its warhead (known as the W80-4) is projected at \$20-30 billion.

The Smarter Approach to Nuclear Expenditures (SANE) Act would enable the U.S. to maintain a strong nuclear deterrent without shortchanging combat readiness and operations by strategically sizing our nuclear weapons programs. This bill would save us more than \$100 billion over 10 years by dialing back redundant nuclear weapons systems.

Current U.S. nuclear weapons planning calls for spending \$400 billion over the next decade and at least \$1 trillion over the next 30 years to maintain and recapitalize our entire arsenal. This escalation would build a nuclear force far exceeding what the Pentagon and security experts have said is necessary to meet our national security objectives.

We are headed down an unsustainable path. Our all-the-above approach to recapitalizing every leg of the nuclear triad will inevitably push out Army, Navy, and Air Force conventional priorities, including what we need to counter terrorism and protect our servicemembers. We have to make some tough decisions for the sake of fiscal stability, and these bills are a step in the right direction.
