

the points that you are making are very, very valid, but shouldn't that determination be made by folks that are most close and would be most affected by what might or might not happen in the offshore waters off of the coast of South Carolina or Florida or Georgia or elsewhere?

So I just go back to, if we found the mother of all lodes, there has been testing out there, they say 132 days' worth of supply might be off the coast of South Carolina, and what people have said is we have a vibrant tourism industry on the coast of South Carolina and we don't think the risks are worth the rewards based on what might or might not be out there.

So I very much respect the viewpoint of the gentleman from South Carolina (Mr. DUNCAN), but again, what folks are telling me at home on the coast of South Carolina is, even if stuff is out there, we are concerned about the tourism risk and we are concerned about the infrastructure that would be required to support it.

Mr. DUNCAN of South Carolina. Mr. Chair, reclaiming my time, I appreciate the point of the gentleman from South Carolina (Mr. SANFORD).

We need to find out what is out there. G&G activity would allow us to determine whether there is oil or natural gas. If we find oil, I am willing to have a conversation with the folks in Charleston County, Horry County of South Carolina. If we find natural gas, I believe the conversation will be completely different.

Mr. Chair, what we need to do is G&G work, which is safe to marine mammals, to find out what might be there and might be recoverable.

The Acting CHAIR. The time of the gentleman has expired.

The gentleman from South Carolina (Mr. SANFORD) has 1½ minutes remaining.

Mr. SANFORD. Mr. Chair, I will split my time, in the spirit of bipartisanship, with my colleague from Virginia, and I would simply say this: I want to go back to the most basic of all conservative themes, which is we believe that the individual is paramount in the way that decisions get made and that not all decisions should be made in Washington, D.C. And if folks have spoken out as clearly and as loudly as they have with regard to home rule on what should or shouldn't happen off their coast, that voice ought to be respected in Washington, D.C.

Mr. Chair, I yield the balance of my time to my colleague from Virginia (Mr. BEYER).

□ 2030

Mr. BEYER. Mr. Chairman, to respond to both my friends from South Carolina, one of the dilemmas with the additional exploration is that, by law, the data obtained from the seismic surveys are proprietary. They will belong to the many different companies that will be doing this, and they won't be available to the American public; they

won't be available to local government officials; they won't even be available to Members of Congress.

So this inability to access information will leave coastal communities without the opportunity to provide these substantive cost-benefit analyses that Congressman SANFORD referred to.

Our constituents would take on significant risks without being involved in the future development decisions. So, for that reason, I encourage us to vote for the Sanford amendment.

Mr. SANFORD. Mr. Chairman, I yield back the balance of my time.

The Acting CHAIR. The question is on the amendment offered by the gentleman from South Carolina (Mr. SANFORD).

The amendment was rejected.

Mr. CALVERT. Mr. Chairman, I move that the Committee do now rise. The motion was agreed to.

Accordingly, the Committee rose; and the Speaker pro tempore (Mr. WALKER) having assumed the chair, Mr. HULTGREN, Acting Chair of the Committee of the Whole House on the state of the Union, reported that that Committee, having had under consideration the bill (H.R. 3354) making appropriations for the Department of the Interior, environment, and related agencies for the fiscal year ending September 30, 2018, and for other purposes, had come to no resolution thereon.

LEGISLATIVE PROGRAM

Mr. MCCARTHY. Mr. Chairman, I rise for the purpose of a scheduling announcement.

Mr. Chairman, as we continue to track Hurricane Irma, I know many of our Members in southeastern United States are anxious to get home to their families and constituents. So, in order to ensure these Members can get home safely, the last votes for the week will now occur tomorrow afternoon on the Harvey disaster relief package at approximately 12:30 p.m.

The House will complete consideration of H.R. 3354 next week.

Mr. HOYER. Will the gentleman yield?

Mr. MCCARTHY. I yield to the gentleman from Maryland.

Mr. HOYER. Could the majority leader give us some idea so, when Members leave, they will have some idea of next week's schedule?

I know we are going to discuss that tomorrow as well, but it might be useful to do it tonight as well, just to give them an overview.

Mr. MCCARTHY. The quick overview, as you know, we will complete this appropriations package next week. We have a couple of other items that we will list for you tomorrow, but we will continue to monitor this storm.

I know it is going to hit a couple of States, so we will keep you posted about the schedule for next week as well. As soon as we know, we will keep you updated.

Mr. HOYER. If the gentleman will continue to yield, I thank him for giving us an update. I also thank him for the consideration of our Members who live in the southeast and scheduling Harvey early and then no votes subsequent to that because I have had a lot of my Members talk to me about, as you point out, their desire to get home as quickly as possible with their constituents and with their families.

Mr. MCCARTHY. Mr. Chair, I thank the gentleman, and I yield back the balance of my time.

AMENDMENT NO. 92 OFFERED BY MR. AUSTIN SCOTT OF GEORGIA
