

people, strangers, when those planes, those terrorists, attacked America.

We know that right down the street here at the Tomb of the Unknown where Arlington Cemetery is, where we bury our war dead, we know, of course, that that tomb stayed guarded, protected from that terror in the skies. Remarkable people, these Americans.

And that is just the way it is.

#### INCREDIBLE WORK DONE AT THE ALEXANDRIA MEGA SHELTER

The SPEAKER pro tempore. The Chair recognizes the gentleman from Louisiana (Mr. ABRAHAM) for 5 minutes.

Mr. ABRAHAM. Mr. Speaker, I rise today to highlight the incredible work performed by those running the Alexandria Mega Shelter in my district during the Hurricane Harvey evacuation.

In Louisiana, we know too well how devastating hurricanes and flooding can be. When our neighbors in Texas needed help, Louisiana answered the call. At its peak, the Alexandria Mega Shelter housed 1,800 people displaced by Hurricane Harvey.

I visited with some of the victims and the workers, and I want to share with you some of the amazing work that went on there. The shelter provided a roof and a bed for people whose homes were flooded and destroyed; but as a physician, I was most impressed with the medical response that I saw at the shelter. On short notice, local healthcare providers banded together to set up a clinic to meet the health needs of these displaced people, including dialysis patients who could not miss treatments; if they did, they could die. The clinic allowed most patients to be treated in-house right there in the Mega Shelter, making their stay in the shelter easier than it might have been otherwise.

Additionally, the shelter was able to send 1,800 pounds of donated medications and medical supplies to patients in Beaumont, Texas, whose people were struggling in the aftermath of the storm just to get the medicines they needed to survive themselves.

Local pilots and aviators donated air time and resources to fly these medicines and these badly needed supplies to Beaumont where they could help these good people.

I want to specifically mention the efforts of the Louisiana National Guard; the Louisiana State Police, including Superintendent Kevin Reeves and his troopers; Rapides Parish Sheriff William Earl Hilton and his deputies; and Azar Kayal and his staff at the Louisiana Department of Public Safety for their role in assisting the people at the shelter.

I also want to mention Dr. Spencer Tucker, Dr. Emily Smith Grezaffi, Laura Pickett, Melinda Sanders, Nici English, Dr. David Holcombe, and all those with the Louisiana Department of Health, and emergency and local pharmacies who helped meet the med-

ical needs of all these people displaced at this one shelter.

Recovery from Harvey will be difficult, and now our prayers and thoughts are also with our friends in Florida who are dealing with the effects of Hurricane Irma that just passed. As tragic as these storms can be, they also tend to bring out the best in us as Americans, who always answer the call to serve and help those who are suffering. We are all one big family when these disasters hit.

Thank you to all those at the Alexandria Mega Shelter who welcomed these displaced people in their time of need and hopefully made their ordeal a little better.

#### NEW JERSEYANS EMBODY THE BEST AMERICA HAS TO OFFER

The SPEAKER pro tempore. The Chair recognizes the gentleman from New Jersey (Mr. PALLONE) for 5 minutes.

Mr. PALLONE. Mr. Speaker, last week I was outraged when President Trump announced that he would be ending the DACA program. DACA recipients are contributing members of our society, have no criminal record, and have known only this country as home. They work at leading American companies. They have served our country in the military.

On the day of the President's decision, I met with several young people at Rutgers University in my district who may now face deportation. I was impressed by their courage in coming forward to tell their stories and to challenge the President's reckless action.

Some examples: Yeimi, a 17-year-old from Freehold, left Mexico when she was 1 year old. She said at the meeting I had: "I do want to become something in life, because that is why I am here. I do not want this dream to be shattered because DACA, apparently, is going to be killed."

Then there is Alma, a 23-year-old from Perth Amboy in my district, who added: "DACA has opened doors for me that I never knew existed. The elimination of this executive order without an appropriate replacement would not only be devastating for DREAMers but to the country as a whole." And I agree with Alma.

Mr. Speaker, these New Jerseyans embody the best America has to offer, and I will continue to stand by their side as we work together to protect their DACA status. We need to pass the Dream Act as quickly as possible.

#### JOLENE HERFEL, VICE PRINCIPAL OF THE YEAR

#### ST. CLOUD HOSPITAL IS RECOGNIZED AS ONE OF THE MOST WIRED HOSPITALS

Mr. EMMER. Mr. Speaker, I rise today to recognize the St. Cloud Hospital for being recognized as one of the most digitally connected hospitals in the Nation. This is not St. Cloud Hospital's first major award. In fact, just last year, they were named one of the top 100 hospitals in the country.

This high distinction is the result of the healthcare providers and the information systems staff working for CentraCare Health and the St. Cloud Hospital. Thank you for your service, and thank you for making the St. Cloud Hospital a leader in 21st century healthcare.
