

Even conservative coalitions like Freedom Works, American Conservative Union Foundation, Generation Opportunity, and Taxpayers Protection Alliance agreed that mass incarceration is extremely costly to taxpayers.

In addition to tax dollars in litigation fees, incarceration cost taxpayers \$407.58 per person per day and \$148,767 per person per year.

Criminalizing poor individuals, depriving them of their social security income benefits, and increasing the incarceration rate in this fashion will not solve the fugitive problem this bill purports it will do.

In fact, this bill will expand existing problems of mass incarceration by increasing the likelihood for recidivism. Statistics show that incarceration does not serve as deterrence, nor does it keep our communities safe.

For the reasons stated above, I oppose this Rule and the underlying bill.

IN HONOR OF THE 100 YEAR ANNIVERSARY OF THE MONTEREY COUNTY FARM BUREAU

HON. JIMMY PANETTA

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 27, 2017

Mr. PANETTA. Mr. Speaker, I rise today to ask my colleagues in the House join me in congratulating the Monterey County Farm Bureau on the occasion of their 100th Anniversary. Throughout the last century, the Bureau has assisted ranchers and farmers with crop cultivation and production. Over time, the organization has grown to become one of the region's most important economic institutions. In 1951, the Bureau formed various committees such as the Dairy, Field Crops, Grain Improvement, Tomato Growers, Tax and Legislation, Farm Service, and Water Problems Committees to ensure that farmers had the support needed to overcome challenges in farming. Under the direction of William "Bill" Barker, who served as a leader for the Bureau from 1956 until his passing in 1999, Monterey County Farm Bureau continued to develop its ability to meet the needs of local farmers and ranchers. Throughout its history, the Bureau has invested time and effort into ensuring that local programs, such as Ag Extension, were available to the community. These local partnerships have been integral to the success of the agricultural industry in my district.

Behind the economic might of agriculture on the central coast of California are individuals that work on the farms and ranches. As an organization, Monterey County Farm Bureau supports local farmers and ranchers by serving as a collective voice for agricultural firms and by providing them with the information, benefits, and services they need to succeed. By collaborating with various agricultural institutions, the Bureau supports farmers by helping them deal with the complex issues facing the agricultural community such as labor, land use, and water policies. The group also provides a vital voice for local agricultural firms by advocating for them on the local, state, and national level. At the 2014 California Farm Bureau Federation's Annual Meeting, Monterey County received a County of the Year award for excellence in activities including membership, policy implementation, leadership agricultural education, and public relations. This is a

testament to the hard work and tradition of excellence of the Bureau.

As the organization celebrates its centennial anniversary, I am proud to commend Monterey County Farm Bureau for its continued support of those working in agriculture in my district where crop cultivation is the cornerstone of the economy. Over the past century, Monterey County's agriculture industry has grown exponentially and now provides much of the nation's lettuce, strawberries, broccoli, wine grapes, and over 100 specialty crops. Monterey County Farm Bureau's support of farmers and ranchers in my district has undoubtedly helped establish regions like the Salinas Valley as the uncontested Salad Bowl of the World. Mr. Speaker, I ask that my colleagues join me in congratulating Monterey County Farm Bureau on 100 years of excellence.

IN RECOGNITION OF BETHEL AFRICAN METHODIST EPISCOPAL CHURCH AND ITS CONTRIBUTIONS TO THE COMMUNITY OF MEADVILLE, PENNSYLVANIA

HON. MIKE KELLY

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 27, 2017

Mr. KELLY of Pennsylvania. Mr. Speaker, I am pleased to recognize the Bethel African Methodist Episcopal (AME) Church of Meadville, Pennsylvania, and the important contributions it has made to the Meadville area for over 160 years. Since its foundation in 1849 by the Reverend Jacob Parmer, Bethel AME has advanced a vision of outreach and engagement through its vibrant faith community.

The church's present location was constructed in Meadville. This site, according to Gary DeSantis writing in the Meadville Tribune on September 2, 2016, was once used by a former slave from Maryland named Richard Henderson to "provide shelter for 500 or more slaves escaping the Southern slave holders." This stop on the Underground Railroad gave refuge to escapees traveling through the northern states on their way to Canada.

As the challenges facing our country and our local communities have shifted over time, Bethel AME has been a constant presence in Meadville. Today its community outreach includes youth drama productions, a women's ministry, outreach to senior citizens, and many other valuable programs and ministries in Meadville.

I am proud to represent the clergy and parishioners of Bethel AME in the House of Representatives. Their history and their present contributions to the community are a credit to the City of Meadville, to Crawford County, and to Pennsylvania's Third District.

IN RECOGNITION OF BYRON BUNKER FOR RECEIVING THE SAMUEL J. HEYMAN SERVICE TO AMERICA MEDAL

HON. DEBBIE DINGELL

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 27, 2017

Mrs. DINGELL. Mr. Speaker, I rise today to recognize Byron Bunker for receiving the Samuel J. Heyman Service to America Medal. Mr. Bunker's work as Director of Compliance Programs for the Environmental Protection Agency was key to uncovering Volkswagen Group's automotive emissions evasion scheme and safeguarding public health.

Since 1999, Mr. Bunker has worked for the EPA's National Vehicle and Fuel Emissions Laboratory in Ann Arbor, Michigan, which conducts tests to certify that vehicles and engines meet the United States' emissions and fuel economy standards. As Director of the NVFEL's Compliance Division, Mr. Bunker tests automobiles and their components to ensure that they comply with clean air regulations. Working in conjunction with academic researchers and other federal officials, Mr. Bunker helped uncover and halt a scheme by Volkswagen to evade emissions standards through the use of software designed to intentionally fool regulators about the true emissions levels of its diesel vehicles. This discovery eventually resulted in the largest penalty ever levied against a car manufacturer and helped lay the foundation for additional criminal investigations. These have resulted in \$4.3 billion in civil and criminal penalties, as well as indictments against Volkswagen executives.

Mr. Bunker's expertise and tireless efforts played a critical role in uncovering this wrongdoing and underscore the importance of the EPA's enforcement efforts. As a result of Mr. Bunker's work, the EPA was not only able to detect a sophisticated and widespread emissions evasion scheme, but also strengthen its testing procedures to prevent similar deceptions in the future. Through his rigorous work and collaboration with other officials in the EPA, Mr. Bunker has been an important driver of efforts to protect Americans' health and the environment, and it is my hope that he continues to effectively safeguard public health and safety in the years ahead.

Mr. Speaker, I ask my colleagues to join me in honoring Byron Bunker for being awarded the Samuel J. Heyman Service to America Medal. Mr. Bunker's rigorous enforcement work has been important in protecting public health and safety.

IN RECOGNITION OF SUICIDE PREVENTION MONTH AND THE NEED TO COMBAT VETERAN SUICIDE

HON. PETER T. KING

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 27, 2017

Mr. KING of New York. Mr. Speaker, I rise today in recognition of Suicide Prevention Month and to draw attention to the continuing fight against veteran suicide.

Sadly, approximately 20 veterans take their own lives every day. In August 2016 the Veterans Administration released a comprehensive report on veteran suicide. Among the disturbing statistics in this report, it was revealed that though veterans make up 8.5 percent of the U.S. population, they accounted for 18 percent of suicides in 2014. This report also showed that we lost more veterans to suicide in 2014 than soldiers to the battlefield during Operations Iraqi Freedom and Enduring Freedom combined. It is clear that for many veterans a more arduous battle with PTSD and mental illness arises after they return from combat.

That is why I am a proud sponsor of H.R. 411, the Veteran Suicide Prevention Act. This bill would require the VA to complete a publicly available review of the deaths of veterans who died by suicide during the preceding five-year period. The review would include key facts, such as the total number of veterans who have died by suicide, a comprehensive list of the medications prescribed to and found in the systems of such veterans, the percentage of such veterans with combat experience or trauma, Veterans Health Administration facilities with disproportionately high rates of psychiatric drug prescriptions and suicide among veterans, and recommendations to improve the safety and well-being of veterans.

This review would provide vital information for identifying risk factors for suicide and improving mental healthcare for veterans. It is through gaining this understanding of the needs of veterans that we can work to stop this terrible epidemic.

HONORING THE 80TH ANNIVERSARY OF KSRO

HON. JARED HUFFMAN

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 27, 2017

Mr. HUFFMAN. Mr. Speaker, I rise today along with my colleague Congressman MIKE THOMPSON, to recognize the 80th anniversary of Sonoma County's KSRO radio station.

When the station first began broadcasting in 1937, KSRO was California's largest radio station north of the Golden Gate Bridge. Originally located in an old Navy Air Station, KSRO provided homecare, music, and news programs throughout the 1940s and 1950s. The station adopted several formats over the years to match the interests of the day, leaning more heavily into music programming by the 1960s before transitioning into a talk and news centered station in 1987, a format the station continues to maintain to this day.
