

"He made a career choice and he had all the support of his family. He wanted to drive trucks and he wanted to serve his country."

A number of friends and family members posted a tribute to PFC Dawson on a memorial website. Pennie Smith, PFC Dawson's cousin, praised the soldier for his service. "Thank you, Brandon and all the brave and courageous soldiers that fight and die for our freedom," Smith wrote. "I hadn't seen Brandon since he joined the military, but he was family and I loved him. I pray everyone continues to remember, respect, and honor this fallen hero!"

IN RECOGNITION OF BYRON BUNKER FOR RECEIVING THE SAMUEL J. HEYMAN SERVICE TO AMERICA MEDAL

**HON. DEBBIE DINGELL**

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, September 27, 2017*

Mrs. DINGELL. Mr. Speaker, I rise today to recognize Byron Bunker for receiving the Samuel J. Heyman Service to America Medal. Mr. Bunker's work as Director of Compliance Programs for the Environmental Protection Agency was key to uncovering Volkswagen Group's automotive emissions evasion scheme and safeguarding public health.

Since 1999, Mr. Bunker has worked for the EPA's National Vehicle and Fuel Emissions Laboratory in Ann Arbor, Michigan, which conducts tests to certify that vehicles and engines meet the United States' emissions and fuel economy standards. As Director of the NVFEL's Compliance Division, Mr. Bunker tests automobiles and their components to ensure that they comply with clean air regulations. Working in conjunction with academic researchers and other federal officials, Mr. Bunker helped uncover and halt a scheme by Volkswagen to evade emissions standards through the use of software designed to intentionally fool regulators about the true emissions levels of its diesel vehicles. This discovery eventually resulted in the largest penalty ever levied against a car manufacturer and helped lay the foundation for additional criminal investigations. These have resulted in \$4.3 billion in civil and criminal penalties, as well as indictments against Volkswagen executives.

Mr. Bunker's expertise and tireless efforts played a critical role in uncovering this wrongdoing and underscore the importance of the EPA's enforcement efforts. As a result of Mr. Bunker's work, the EPA was not only able to detect a sophisticated and widespread emissions evasion scheme, but also strengthen its testing procedures to prevent similar deceptions in the future. Through his rigorous work and collaboration with other officials in the EPA, Mr. Bunker has been an important driver of efforts to protect Americans' health and the environment, and it is my hope that he continues to effectively safeguard public health and safety in the years ahead.

Mr. Speaker, I ask my colleagues to join me in honoring Byron Bunker for being awarded the Samuel J. Heyman Service to America Medal. Mr. Bunker's rigorous enforcement work has been important in protecting public health and safety.

IN RECOGNITION OF SUICIDE PREVENTION MONTH AND THE NEED TO COMBAT VETERAN SUICIDE

**HON. PETER T. KING**

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, September 27, 2017*

Mr. KING of New York. Mr. Speaker, I rise today in recognition of Suicide Prevention Month and to draw attention to the continuing fight against veteran suicide.

Sadly, approximately 20 veterans take their own lives every day. In August 2016 the Veterans Administration released a comprehensive report on veteran suicide. Among the disturbing statistics in this report, it was revealed that though veterans make up 8.5 percent of the U.S. population, they accounted for 18 percent of suicides in 2014. This report also showed that we lost more veterans to suicide in 2014 than soldiers to the battlefield during Operations Iraqi Freedom and Enduring Freedom combined. It is clear that for many veterans a more arduous battle with PTSD and mental illness arises after they return from combat.

That is why I am a proud sponsor of H.R. 411, the Veteran Suicide Prevention Act. This bill would require the VA to complete a publicly available review of the deaths of veterans who died by suicide during the preceding five-year period. The review would include key facts, such as the total number of veterans who have died by suicide, a comprehensive list of the medications prescribed to and found in the systems of such veterans, the percentage of such veterans with combat experience or trauma, Veterans Health Administration facilities with disproportionately high rates of psychiatric drug prescriptions and suicide among veterans, and recommendations to improve the safety and well-being of veterans.

This review would provide vital information for identifying risk factors for suicide and improving mental healthcare for veterans. It is through gaining this understanding of the needs of veterans that we can work to stop this terrible epidemic.

HONORING THE 80TH ANNIVERSARY OF KSRO

**HON. JARED HUFFMAN**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, September 27, 2017*

Mr. HUFFMAN. Mr. Speaker, I rise today along with my colleague Congressman MIKE THOMPSON, to recognize the 80th anniversary of Sonoma County's KSRO radio station.

When the station first began broadcasting in 1937, KSRO was California's largest radio station north of the Golden Gate Bridge. Originally located in an old Navy Air Station, KSRO provided homecare, music, and news programs throughout the 1940s and 1950s. The station adopted several formats over the years to match the interests of the day, leaning more heavily into music programming by the 1960s before transitioning into a talk and news centered station in 1987, a format the station continues to maintain to this day.
