come forward and lead the House in the Pledge of Allegiance.

Ms. GABBARD led the Pledge of Allegiance as follows:

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all.

WELCOMING REVEREND JOSHUA LEU

The SPEAKER. Without objection, the gentleman from Kansas (Mr. MARSHALL) is recognized for 1 minute.

There was no objection.

Mr. MARSHALL. Mr. Speaker, I rise today to salute and say thanks to our Pastor Appreciation Month. This one is particularly special, as one of my own church’s pastors gave the opening prayer to this body just moments ago.

From baptisms to weddings to funerals, pastors give us encouragement to meet the demands of life. They give spiritual balance to a material world and are spiritual leaders for a nation deemed “one Nation under God.”

I thank my current pastor, Pastor Josh Leu; his wife, Ashley; his lovely daughters, Karys and Khora; and want to thank my pastor of 20 years, Pastor Bill Johnson, and his wife, Lois.

Thanks for all you have done for us, for my family, for my community, and for my church.

Like Pastor Bill always used to say: Have a good day, if you want to.

Mr. Speaker, let’s all reach out to pastors and their families to tell them thanks for all they do for us.

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore (Mr. ROGERS of Alabama). The Chair will entertain up to 15 further requests for 1-minute speeches on each side of the aisle.

DEPARTMENT OF ENERGY’S 40TH ANNIVERSARY

(Mr. WILSON of South Carolina asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. WILSON of South Carolina. Mr. Speaker, I was grateful to join Secretary Rick Perry and my colleagues, Congressman JOE BARTON, and Congresswoman MARCY KAPTUR, yesterday to celebrate the Department of Energy’s 40th birthday.

The goals presented of progressing our science, protecting our Nation, and promoting our energy were meaningful to me, having served as Deputy General Counsel under Secretary Jim Edwards of the Reagan administration.

I was also grateful to have worked at the Savannah River Site, where I saw firsthand the hands, dedicated personnel. In Washington, I served with General Counsel R. Tenney Johnson; was welcomed by Administrative Assistant Marsha McQueen; and was trained by Deputy General Counsel Eric Fygi, who was recognized as an original DOE staff member.

I look forward to working with Secretary Perry to ensure continued progress over our cleanup mission, effective stewardship of the nuclear weapons stockpile, and continued research and development at our Nation’s national labs. DOE now clearly promotes energy development to create jobs.

In conclusion, God bless our troops, and we will never forget September the 11th in the global war on terrorism.

IRAN NUCLEAR DEAL

(Ms. GABBARD asked and was given permission to address the House for 1 minute.)

Ms. GABBARD. Mr. Speaker, the Iran nuclear deal is far from perfect. There are outstanding issues like ballistic missiles, that are and should be addressed outside the nuclear agreement.

Ultimately, the goal of this deal was to prevent Iran from attaining a nuclear weapon and averting all-out war.

This is exactly what it has done.

Now, President Trump is threatening to pull out of the deal and break our commitments to Iran and our allies, with no evidence to prove that Iran has not complied. In fact, the IAEA and our U.S. military and intelligence sources unanimously agree that Iran has remained compliant to the agreement.

Walking away from the Iran nuclear agreement that, so far, is working will likely cause Iran to restart its nuclear weapons program, eliminate the possibility of diplomatic negotiations to denuclearize North Korea, kick off a nuclear arms race, and greatly increase the chances of nuclear war.

If President Trump breaks our commitment to the Iran deal, the American people have everything to lose and nothing to gain. For the peace and security of the American people, we must uphold our commitment to this nuclear deal.

RECOGNIZING ALABAMA STATE REPRESENTATIVE JAMES BUSKEY

(Mr. BYRNE asked and was given permission to address the House for 1 minute.)

Mr. BYRNE. Mr. Speaker, I rise today to recognize Alabama State Representative James Buskey.

Representative Buskey recently announced that he will be retiring from the Alabama House of Representatives after 42 years of representing people in Mobile, Alabama.

He was first elected to the House in 1976, making him one of the longest-serving legislators in Alabama history.

Outside of the legislature, Representative Buskey has devoted much of his life working in public education, including as a school administrator at E.S. Chastang Middle School in Mobile.

While we have had our share of political differences, I have always appreciated his institutional knowledge and respected his passion for our local community. I am honored to call James a friend and appreciate his decades of service to the people of Mobile and Alabama.

Mr. Speaker, I wish James and his wife, Vergie, all the best upon his retirement and the years ahead.

HONORING THE LIFE OF HANNAH AHLERS

(Mr. RUIZ asked and was given permission to address the House for 1 minute.)

Mr. RUIZ. Mr. Speaker, on October 1, 2017, a gunman opened fire on thousands of innocent people at a music festival in Las Vegas.

As our families mourn, I want to honor the life of Hannah Ahlers, a wife, mother, daughter, sister, friend to many, and beloved by her community, whose life was taken too soon.

Her brother recently told me: “She was loved by everyone that met her . . . she was our sunshine.”

Her beautiful personality was felt by all, from her family and friends, to the mothers she worked with in her children’s schools, to the volleyball team she volunteered with. As her husband shared: “She wasn’t too good for anybody: beautiful inside and out.”

At 34, her dedication to family and community is felt in her home in the city of Beaumont and across the Inland Empire.

On behalf of my wife, Monica, and the entire 36th Congressional District, we join together as a community to mourn her heartbreaking loss and celebrate her life.

To Hannah’s husband, Brian; her children, Briannah, Brice, and Halley, our thoughts and prayers are with you. We commit to take up Hannah’s mantle of dedication by serving our own communities. Her love and devotion will never be forgotten.

NATIONAL FARMERS DAY

(Ms. STEFANIK asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. STEFANIK. Mr. Speaker, when you eat today, you can thank a farmer.

Across this great Nation, over 3 million farmers work tirelessly each day to produce the food that feeds our families and keeps our country running.

From Grace-Way Dairy Farm in Lowville to Everett Orchards in Peru, I have been blessed to meet with so many farmers that make up the backbone of our north country economy.

Many of these family farms in my district produce dairy, apples, honey, wine, and the most delicious maple in the country.

As Congress works on the next farm bill, we need to focus on supporting those who support our Nation’s food supply.
Mr. Speaker, today, on National Farmers Day, I urge my colleagues to join me in thanking the men and women who rise before the sun each and every day to make sure our families are fed.

HELPING FLOOD VICTIMS IN NEED

(Mr. GENE GREEN of Texas asked and was given permission to address the House for 1 minute.)

Mr. GENE GREEN of Texas. Mr. Speaker, I rise to urge Congress to help the neediest and most vulnerable flood victims from our Nation’s recent hurricanes.

Our district in Houston and Harris County, Texas, is familiar with hurricanes and disaster recovery. We rebuilt our communities after Allison in 2001, and again in 2008, after Hurricane Ike.

Texans are proud and independent people. We take pride in our self-reliance and our industry. However, many members of our community—low-income families, seniors, and disabled Americans—are in the greatest need and must rely on others for help.

Current rules can prevent the neediest victims from receiving assistance they need to recover and rebuild their homes, including denying individuals Federal assistance for being able to afford flood insurance premiums that can exceed over $4,000 a year. That is out of range for most of these folks.

As America’s elected representatives, we have a moral responsibility to act and protect our Nation’s most vulnerable disaster victims, especially our seniors and disabled, from being left with nothing.

HONORING THE LIFE OF JAMES B. BRIEN, JR.

(Mr. COMER asked and was given permission to address the House for 1 minute.)

Mr. COMER. Mr. Speaker, I rise today to remember Mr. Jim Brien of Mayfield, Kentucky’s First Congressional District, who passed away on October 6.

Jim’s decades of service established him as a titan within the western Kentucky legal community. Having served as assistant prosecutor for Mayfield, an assistant Commonwealth attorney, and as a partner at the Law Offices of Neely, Brien, Wilson, and Toomey, he developed an unparalleled legal knowledge and community network which he utilized to defend his fellow citizens and work tirelessly on their behalf.

He was widely respected for his selfless service to his family and community, as evidenced by his leadership in community organizations and his membership at the First Baptist Church in Mayfield.

For all who knew him, he was a dedicated public servant and a staunch advocate for Graves County, whose passion for bettering the community was rivaled only by his love for University of Kentucky football and basketball.

May God continue to bless his sons, James B. Brien III and Joshua V. Brien, and his family and friends, through which his legacy lives on.

NATIONAL FARMERS DAY

(Mr. ARRINGTON asked and was given permission to address the House for 1 minute.)

Mr. ARRINGTON. Mr. Speaker, I am proud to represent the people of west Texas, home to 14 million acres of farmland, making it one of the largest agriculture production regions in the world.

I have spent a lot of time with these plowboys and cowboys over the years, and I can tell you this: these men and women don’t work our land and our cattle for the money, and they certainly don’t do it for recognition.

But today is National Farmers Day. Let’s pause and pay tribute to the American farmer.

Farming was man’s first profession. Farming saved and sustained our first colony at Jamestown. Farming helped fund the Revolution, securing the very freedoms we have and cherish today.

Farming has allowed us to feed and clothe our own people, and that food and fiber independence has contributed to America being the most powerful, most prosperous, and most generous Nation in the history of the world.

God bless our farmers.

BEWARE OF POLLS

(Mr. SMITH of Texas asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. SMITH. Mr. Speaker, a recent Washington Post/ABC News poll professed to find that a majority of Americans supported amnesty for illegal immigrants. That is not hard to do, given how the survey was conducted.

The polsters asked to speak only with the youngest adult at home; oversampled Democrats by at least 4 percent; used the word “undocumented” rather than “illegal;” questioned illegal immigrants, at least 3 percent of the population; and conditioned amnesty on requirements that can’t be met.

Other than that, I am sure it was an accurate poll.

Beware of polls done by liberal media organizations that have an agenda of their own. The American people may not be getting the facts. They deserve better.

ADDRESSING OUR COUNTRY’S NATURAL DISASTERS

(Mr. DENHAM asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. DENHAM. Mr. Speaker, I rise today to honor the lives of the victims of the California wildfires.

We have seen some devastating fires throughout California, specifically huge fires in northern California, that have already burned over 142,000 acres. It is one of the deadliest weeks in California wildfire history, already seeing 28 lives perish in those fires.

Today, we will see disaster relief funding here on the floor. It is important that, while we have already passed one funding bill, we pass another to address all natural emergencies across the entire country. We must also have funding available for Hurricanes Harvey, Irma, and Maria in devastated areas like Puerto Rico, Texas, and Florida.

We have had big challenges in this country, and it is time to make sure that we pass a second relief funding bill that will address many of those concerns in the disasters that we have seen across the country.

Shortly hereafter, we are going to see another funding bill come forward that we will address some reforms. While some of our States have building codes and are addressing the impacts so that we don’t see this devastation in the future, we need to make sure that these reforms are passed in the coming bill as well.

We have three major bills. We will pass one today. Another one is soon to follow. We have to address the country’s national emergencies.

HONORING STAFF SERGEANT RYAN MCCARTHY AND STAFF SERGEANT CHAD HICKEY

(Mrs. HARTZLER asked and was given permission to address the House for 1 minute.)

Mrs. HARTZLER. Mr. Speaker, I rise today to honor two valued members of Missouri’s defense community, Staff Sergeant Ryan McCarthy and Staff Sergeant Chad Hickey. They are two Fort Leonard Wood soldiers who serve in the U.S. Army.

Both men recently received top honors at the Association of the United States Army’s Annual Meeting and Exposition, where they were recognized for their leadership, excellence, and achievements.

Staff Sergeant McCarthy, who is right here, was named the Noncommissioned Officer of the Year by AUSA. A combat engineer with more than 9 years of service, McCarthy has served multiple deployments in Iraq and Afghanistan. His dedication and leadership represent the best ideals of our Army and America’s fighting forces.

Another Fort Leonard Wood soldier, Staff Sergeant Chad Hickey, pictured here, was named Drill Sergeant of the Year. Hickey received the honor after winning a grueling fitness, endurance, and combat-readiness competition.
