

His colleagues remember him as a personable, caring, and effective jurist who repeatedly inserted jokes or random facts about Irish history in his emails.

He served as the president of the State Bar of Nevada, the Washoe County Bar Association, and the Nevada Chapter of the Federal Bar Association.

Chief Judge Flanagan completed his undergraduate degree from Duquesne University and received his juris doctorate from California Western School of Law.

As Nevada's senior Senator, I know Chief Judge Flanagan's legacy will live on in the court. Lynne and my family pray for Chief Judge Flanagan's wife, their two children, grandchild, and entire extended family as they mourn his passing.●

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-113. A resolution adopted by the General Assembly of the State of New Jersey urging the Governor of New Jersey to join the United States Climate Alliance and take a leadership role in protecting the citizens of New Jersey and the United States, the environment, and the planet from the devastating effects of climate change, to the Committee on Environment and Public Works.

ASSEMBLY RESOLUTION No. 264

Whereas, The Paris Climate Accord, also known as the "Paris Agreement, which was agreed to by nearly every country in the world, is the first global pact aimed at reducing greenhouse gas emissions in order to avert the worst effects of climate change; and

Whereas, The Paris Agreement, unlike previous pacts, requires every country to take action to lower greenhouse gas emissions rather than differentiating between developed and developing countries; and

Whereas, Although scientists have estimated that at best, the agreement will only cut greenhouse gas emissions by half of what is necessary to avoid an increase in atmospheric temperatures enough to prevent a cascade of devastating consequences, the agreement represents a turning point for the world and will cause fundamental shifts in global financial and energy markets; and

Whereas, The Paris Agreement sent a powerful signal that the world is committed to a low carbon future; and

Whereas, The climate change caused by rising global temperatures will likely: increase the frequency, severity, and duration of heat waves, creating a greater risk for heat-related illnesses and deaths, especially among the elderly, very young, disabled, and poor; increase the intensity of hurricanes creating stronger peak winds and increased rainfall, increase the risk of flooding within storm-affected areas and increase the risk of drought in areas located outside storm tracks; and continue to decrease the size of polar ice sheets and land-based glaciers, causing sea levels to rise and contribute to enhanced coastal erosion, coastal flooding, and the loss of coastal wetlands; and

Whereas, Under the Paris Agreement, every participating country agreed to submit an individual plan to tackle its greenhouse gas emissions and to report regularly on its emissions and progress made in implementing and achieving its nationally determined contributions; and

Whereas, President Trump's decision to withdraw the United States from the Paris Agreement will assuredly weaken global efforts to avoid drastic climate change; and

Whereas, The Trump administration has already communicated its intention to dismantle domestic plans to reduce greenhouse gas emissions, such as protections to reduce gas emissions from the methane gas emissions from oil and gas production and the plan to reduce emissions from power plants; and

Whereas, In response to President Trump's announcement of his intention to withdraw the United States from the Paris Agreement, the Governors of California, New York, and Washington have announced the formation of the United States Climate Alliance, a coalition to convene states committed to upholding the Paris Agreement and to taking aggressive action to address climate change; and

Whereas, Together California, New York, and Washington represent about 68 million

people, or one-fifth of the country's population, and account for nearly 10 percent of the greenhouse gas emissions in the country; and

Whereas, In addition, 85 mayors, 82 presidents and chancellors of universities, and the leaders of over 100 businesses have pledged to continue to meet the United States' greenhouse gas emissions targets despite the President's decision to withdraw the United States from the agreement; and

Whereas, The United States Climate Alliance will act as a forum to sustain and strengthen existing climate programs, promote the sharing of information and best practices, and develop and implement new programs to reduce carbon emissions; and

Whereas, The United States Climate Alliance is committed to upholding the Paris Agreement and reducing greenhouse gas emissions in order to avoid the disastrous repercussions of unchecked climate change for the United States and the planet; Now, therefore be it

Resolved by the General Assembly of the State of New Jersey:

1. This House urges the Governor of New Jersey to join the United States Climate Alliance and take a leadership role in protecting the citizens of New Jersey and the United States, the environment, and the planet from the devastating effects of climate change.

2. Copies of this resolution, as filed with the Secretary of State, shall be transmitted by the Clerk of the General Assembly to the Governor of New Jersey, the Commissioner of the New Jersey Department of Environmental Protection, the President and Vice-President of the United States, and every member of Congress elected from this State.

POM-114. A resolution adopted by the General Assembly of the State of New Jersey urging the President of the United States and the United States Congress to continue the state and federal partnership managing the Medicaid program in New Jersey and in the nation; to the Committee on Finance.

ASSEMBLY RESOLUTION No. 198

Whereas, The Council of State Governments (CSG) is the nation's only organization serving all three branches of state government. CSG is a region-based forum that fosters the exchange of insights and ideas to help state officials shape public policy. This offers unparalleled regional, national and international opportunities to network, develop leaders, collaborate and create problem-solving partnerships; and

Whereas, New Jersey is a part of the CSG's Eastern Regional Conference, which is comprised of New Jersey and 10 other member states from Maine to Maryland, the U.S. Virgin Islands, Puerto Rico, and five eastern Canadian Provinces; and

Whereas, The CSG's Eastern Regional Conference has adopted a resolution urging the federal Executive and Legislative branches of government to maintain the integrity of the strong state and federal partnership that has been the hallmark of the federal Medicaid program since its inception more than fifty years ago; and

Whereas, As a member of CSG's Eastern Regional Conference, New Jersey strongly supports the continued partnership of the State and the federal government in managing the Medicaid program in New Jersey; and

Whereas, The Medicaid program was enacted as Title XIX of the Social Security Act in 1965 by President Lyndon Johnson to provide medical assistance to individuals whose incomes and resources were insufficient to meet the costs of necessary medical services; and

Whereas, Federal laws and policies establish a broad framework for the Medicaid program and states are provided flexibility within that framework to design state Medicaid programs which best meet the unique needs of each state to provide all necessary medical services without individual state or national spending caps; and

Whereas, New Jersey has designed a Medicaid program that is a unique support system tailored to the needs of New Jersey residents; and

Whereas, The Patient Protection and Affordable Care Act of 2010, commonly known as the Affordable Care Act, allowed states to opt to expand income eligibility for Medicaid to 138 percent of the federal poverty level and provided states a federal match for expenditures to cover 100 percent of the state Medicaid costs for this new cohort through calendar year 2016, after which the match will gradually decrease to 90 percent of these costs in calendar year 2020; and

Whereas, New Jersey chose to provide this expanded Medicaid coverage to its citizens starting in January 2014 and more than 500,000 New Jersey residents have received health insurance coverage through this new expanded eligibility; and

Whereas, In total, over 1.7 million New Jersey residents, or 20 percent of the State's population, receive their health insurance coverage and gain access to vital health related services through the Medicaid program; and

Whereas, New Jersey's total Medicaid budget equals \$17 billion in combined State and federal dollars; and

Whereas, In addition to providing access to health insurance for individuals, the Medicaid program provides critical financial resources for health care providers and institutions who care for the underserved, supporting the region's health care infrastructure through the Medicaid Disproportionate Share Hospital (DSH) program; and

Whereas, New Jersey institutions anticipate receiving over \$500 million in Medicaid DSH payments in 2016 to support the provision of services to the underserved and develop the region's health care infrastructure; and

Whereas, Like its partner states throughout the eastern region, New Jersey has benefited from the State and federal partnership which manages the Medicaid program; Now, therefore, be it

Resolved by the General Assembly of the State of New Jersey:

1. New Jersey, as one of the partner states in the CSG Eastern Regional Conference, strongly supports the continuation of the state and federal partnership managing the Medicaid program in New Jersey and in the nation.

2. The Legislature urges the President and the Congress of the United States to continue the state and federal partnership managing the Medicaid program to ensure the continuation of the provision of health care services to needy New Jersey residents.

3. Copies of this resolution, as filed with the Secretary of State, shall be transmitted by the Clerk of the General Assembly to each member of Congress representing the State of New Jersey, the Commissioner of Health and Human Services, the Chief Administrator of the Centers for Medicare & Medicaid Services, and the President of the United States.

POM-115. A resolution adopted by the General Assembly of the State of New Jersey condemning the President of the United States's decision to withdraw the United States from the Paris Climate Accord; to the Committee on Foreign Relations.

ASSEMBLY RESOLUTION No. 263

An Assembly Resolution condemning President Trump's decision to withdraw the
