

New York, and their recent partnership with National Grid.

For five generations, Kings-Ransom dairy farmers have been making a positive impact on the North Country economy with their contributions to the local agriculture market. In 2010, the farm's owners, Jan and Jeff King, decided to return to their roots by starting King Brothers Dairy, a service which provides fresh milk and other dairy products directly to the doors of nearby consumers. By providing highly sought after locally sourced food to their neighbors, the King Family has contributed greatly to the Upstate New York community, earning their dairy products the "New York State Grown and Certified Producer" certification in the process.

The innovative spirit displayed at King Brother's Dairy has also attracted the attention of National Grid, who have partnered with the farm by providing \$100,000 in energy efficiency and economic development grant funding. This investment from National Grid has assisted King Brother's Dairy in the development of their new bottling facility, while also helping to ensure that the farm can continue their leadership in the agricultural community.

On behalf of New York's 21st District, I want to thank National Grid and King Brother's Dairy for their important contributions to local agriculture. In addition to encouraging economic development in the North Country, their work provides an important example of the success that can be achieved by working together.

Tuesday, October 31, 2017

Mr. OLSON. Mr. Speaker, I rise today to congratulate Luke Janik of Katy, TX, for earning the rank of Eagle Scout. Eagle Scout is the highest honor a Boy Scout can earn.
