

Senator MURKOWSKI, and Senator COCHRAN—who are all Republicans—onboard this legislation.

I believe, if that bill came to the floor today as a stand-alone bill, it would pass overwhelmingly because people in rural America, people in urban America—Democrats, Republicans, and Independents—understand the very important role community health centers are playing. What this bill is about, significantly, is funding for 5 years not quite at the level I would like to see but at about 4 percent a year which, in terms of medical inflation, really means level funding. Now, that is in contrast to a bill that is being discussed in the House, which is simply not satisfactory. The House bill is talking about 2 years of funding, which means it is level-funded, which means it is a significant decline in real dollars for community health centers. Also, there are pay-fors for the bill which are totally unsatisfactory. It is a question of taking money from Peter to pay Paul and taking money from very important healthcare programs to put money into this important program.

It is widely acknowledged that we currently have the most wasteful, inefficient, and expensive healthcare system in the world, despite spending almost \$10,000 per capita on healthcare, which is twice as much as any other country. I just returned from Canada the other day. They spend about 50 percent per capita of what we spend of guaranteed healthcare to all of their people, and many of their healthcare outcomes are, in fact, better than they are in the United States. So we spend a whole lot of money, and we are not getting particularly good value.

One of the areas where we are getting good value is in the area of community health centers. We need to not allow a bad situation to get worse. We have a very serious crisis in this country with primary healthcare, dental care, and certainly, mental health counseling. We are in deep trouble. If we do not immediately fund the Community Health Center Program, the National Health Service Corps, and the other workforce programs, a very bad situation will become tragically worse. We cannot tell millions of low-income and working people in every State in this country that they will no longer be able to access the healthcare, dental care, mental health counseling, and low-cost prescription drugs they desperately need. We cannot tell pregnant women they will not be able to get the necessary prenatal care they require in order to deliver healthy babies. We cannot tell the tragic number of people who are struggling today with opioid or heroin addiction that there is simply no treatment available to them because community health centers do a lot of that treatment. We cannot tell chronically ill senior citizens they will have to survive without the prescription drugs they have used for years. We cannot force community health centers—

which provide some of the most cost-effective healthcare in this country—to lay off doctors, nurses, dentists, and administrators who keep these centers going.

Historically, the Community Health Center Program has enjoyed widespread bipartisan support, and I am glad to say that for this program, that support continues. What I am asking today is for strong support for the Blunt legislation. Let's get it onto the floor of the Senate as quickly as we can. Let's pass it. Let's demand that the House work with us to pass strong legislation. The time for delay is over. Congress must act immediately to fully fund the Community Health Center Program, the National Health Service Corps, and the Teaching Health Centers Program today.

We know these programs work. We know they save money and lives. These programs must be funded for 5 years, which is what the Blunt bill does. We should not continue to ignore this very serious problem for another day.

I yield the floor.
