

A single continuum of care has achieved efficiencies in administrating the responsibilities delegated by the Federal Government to meet the challenge of ending homelessness in Maine. As a unit, they identify the homeless service priorities and distribute resources accordingly. The organizations and agencies that participate in continuum of care include: Maine's network of 37 emergency shelters serving the entire State; MaineHousing and the Department of Health and Human Services; homeless youth providers; veterans groups; mental health and substance abuse service providers; supportive housing developers; local governments and public housing authorities; and homeless advocacy organizations. In addition to providing housing and services, the members of the Maine Continuum of Care play a major role in several other statewide initiatives, including participating in the data collection and entry for the annual homeless assessment report AHAR, and new system performance measure reports.

This significant merger was a collaborative endeavor involving Maine's homeless provider organizations, social service providers, and State and Federal agencies. I especially want to thank the leadership and guidance provided by MaineHousing, the State's housing authority, and the chairs of Maine's continuums throughout the merger process. I am honored to recognize all who were involved and to thank them for placing the individuals and families who are struggling to meet this basic human need for a warm, safe, and stable home at the center of our collective efforts to end homelessness in the State of Maine.

#### RECOGNIZING BARR-REEVE ELEMENTARY SCHOOL

Mr. DONNELLY. Mr. President, today I wish to recognize Barr-Reeve Elementary School of Montgomery, IN, for being named a 2017 National Blue Ribbon School by the U.S. Department of Education.

Established in 1982, the National Blue Ribbon Schools Program recognizes schools that have demonstrated a vision of educational excellence for all students, regardless of their social or economic background. Since its inception, this program has allowed schools in every State to gain recognition for educational accomplishments, particularly in closing the achievement gaps among students.

Barr-Reeve Elementary School's history traces back to 1910 when it was known as Montgomery School and had 20 students. Today Barr-Reeve Elementary teaches students grades second to fifth and has approximately 290 students.

The school supports students academically through small class sizes. When students face academic challenges, teachers help tutor them before and afterschool as well as during recess.

Barr-Reeve Elementary utilizes innovative technology to learn about the geography and culture of the world on a digital level. Students each benefit from having a Chromebook, enhancing their learning and helping to prepare them for the technology based workplaces they will encounter in the future. Many teachers also utilize the nearby Naval Surface Warfare Center located in Crane, IN, for professional development and to take advantage of its lending library that enhances various STEM skills they can teach to students.

Barr-Reeve Elementary School's staff, students, and families work together to teach and foster values that develop strong character. Each month, a different social skill is modeled and taught throughout the school. Students reinforce these positive behaviors through cards handed out by the student council to recognize students' positive character and leadership skills. The student council also instituted a tutoring program during the lunch recess to allow students to help their peers.

Barr-Reeve Elementary School is an example of how dedication, motivation, collaboration, and strong family engagement in education benefits both students and the local community. At Barr-Reeve, parents are not only involved through an active parent teacher organization, but also as coaches, guest speakers, and volunteers in the classroom.

I am proud to recognize Barr-Reeve Elementary School principal Dena Langacher, the entire staff, the student body, and their families. The effort, dedication, and value you put into education has led not only to this prestigious recognition, but will benefit you and the Montgomery community well into the future.

On behalf of the citizens of Indiana, I congratulate Barr-Reeve Elementary School, and I wish the students and staff continued success in the future.

#### ADDITIONAL STATEMENTS

##### RECOGNIZING KREHBIEL'S SALES & SERVICE

• Mr. RISCH. Mr. President, today I wish to take the opportunity to highlight the innovation and the creative spirit that small businesses in my home State of Idaho are known for. The small business that I am honoring today goes above and beyond when it comes to embodying that spirit. As chairman of the Senate Committee on Small Business and Entrepreneurship, it is my pleasure to recognize Krehbiel's Sales & Service as the Senate Small Business of the Month for November 2017. Known for their passion, friendliness, and dedication to providing unparalleled service, Krehbiel's is the definition of what it means to be a family-owned small business in America.

Clint Krehbiel and his son Terry Krehbiel opened the doors to their vehicle dealership in Aberdeen, ID, in 1972 while Terry was still in high school. They have been proudly serving south-east Idaho for the past 45 years. The Krehbiel family specializes in off-road recreational and utility vehicles, along with various brands of lawn care equipment. In addition to these products, they have expanded into several other businesses, ranging from swimming pools to satellite sales and installation.

Terry and his wife, Valerie, bought Clint's share of the business when he retired in 1996 and have made it their life's work to carry out the principles of honest and ethical business that Clint passed down over the years. For the past four-and-a-half decades, the family's commitment to their mission has been unwavering, and their loyalty to their customers is second to none. Perhaps the most incredible display of their dedication can be seen in the expansion of their business to serve customers hundreds of miles away while still maintaining a high level of customer service and a close-knit team of employees. At any time, you can walk in and see Karalee Krehbiel-Bonzon, Terry and Valerie's daughter, providing the exceptional customer service that she has been known for ever since she started working at her family's business in 2007. You will also see Valerie doing the bookkeeping by hand, as she has done every day since 1980. Another long-time employee is mechanic Charlie Wiebe. Charlie was hired in 1987 and is still with the business to this day. He has been an integral part of building and maintaining good relationships with customers and in training other mechanics like the team's newest member, Tyler Jones.

Customer service is not the only thing that Krehbiel's is known for. With over 60 years of combined experience, their factory-trained technicians have built a reputation for high-quality, dependable repairs for all manner of recreational and utility vehicles. The company's reputation in this area brings in customers from miles around who have never bought a vehicle from the Krehbiels but who have built a bond of trust with their well-qualified mechanics.

Aberdeen is considered to be "off the beaten path" by most people. Many say you need to have a reason to go there. Terry and Valerie, along with their employees, have given many people a reason to do just that. A continuous entrepreneurial spirit, quality customer service, and strong relationships with long-time employees are all principles possessed by the Krehbiels. I would like to extend my sincerest congratulations to Terry and Valerie Krehbiel and all of the employees of Krehbiel's Sales & Service for being selected as the November 2017 Small Business of the Month. You make our great State proud, and I look forward to watching your continued growth and success.●
