BOULDER CREST RETREAT FOR
MILITARY AND VETERAN
WELLNESS

HON. KYRSTEN SINEMA

OF ARIZONA

IN THE HOUSE OF REPRESENTATIVES

Monday, December 4, 2017

Ms. SINEMA. Mr. Speaker, I rise today to recognize, welcome and congratulate Boulder Crest Retreat for Military and Veterans Wellness in Sonoita, Arizona.

I have known the team at Boulder Crest for several years. Their work and commitment to veteran and military families is exceptional.

Retired U.S. Navy bomb disposal expert, Master Chief Ken Falke and his wife, Julia, started Boulder Crest after visiting wounded Explosive Ordnance Disposal personnel at Walter Reed National Military Medical Center. They saw a need for a place outside of the hospital where personnel and families could relax and recover. Boulder Crest provides free, short-term retreats for military members, veterans, and their families.

Boulder Crest aims to solve the mental health issues and offers an opportunity to military members, veterans, and their families to recover and heal from combat-related stress and PTSD. During retreats, families stay in private accommodations and participate in recreational and healing activities focused on posttraumatic growth. The first location, in Virginia, has hosted over 3,000 personnel since 2013. As they open their new location in Arizona, I am excited they are expanding to our

state and will be able to help more military members, veterans, and families.

Boulder Crest's Arizona is located approximately 60 miles from Tucson in Sonoita, Arizona on 130 acres of land near Parker Canyon. On the property, there are three homes, a lodge where guests can gather, an archery range, nature trails, a playground, organic garden, bird sanctuary, and fishing pond. Families are able to heal in the comfort of nature.

This organization is able to offer life-changing opportunities thanks to selfless volunteers and generous donors. Each year, tens of thousands of Americans lose their lives to suicide in our country, including an estimated 20 veterans every day. These figures represent one life lost every 72 minutes. Boulder Crest offers military members, veterans, and families as chance to recover and prevents the loss of lives.

I would like to thank Ken and Julia Falke, their team, and all the individuals who make Boulder Crest possible. I am proud Arizona is able to assist in their mission.

HONORING THE SHIPPENSBURG
UNIVERSITY FIELD HOCKEY TEAM

HON. LOU BARLETTA

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Monday, December 4, 2017

Mr. BARLETTA. Mr. Speaker, I would like to recognize the Shippensburg University Field Hockey Team for winning the National Collegiate Athletic Association (NCAA) Division II National Championship title for the second year in a row.

The Shippensburg University Field Hockey Team serves as a beacon of success for Pennsylvania collegiate sports and illustrates the high quality of athletic talent that exists at Shippensburg University. The Shippensburg Raiders have built their program into an athletic powerhouse, winning three of the last five national championships. This year's win was especially impressive as they once again defeated the number-one seeded team, the Long Island University Post-Pioneers, with a strong score of 4–1. Upon winning this coveted title for the second consecutive year, the Raiders made university sports history by being the first of the school's teams to successfully defend a national title.

These phenomenal athletes serve as an example for not only aspiring female field hockey players, but for all Pennsylvania youths. Their drive, commitment, and talent are a great source of pride for the university and the community at large. I am honored to represent the Shippensburg University Field Hockey Team and take great pride in their remarkable accomplishment and continued success.

Mr. Speaker, please join me in recognizing the Shippensburg University Field Hockey Team and congratulating these athletes on their well-deserved NCAA Division II National Championship Victory.
