

Mr. DAVIDSON led the Pledge of Allegiance as follows:

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all.

WELCOMING REVEREND STEVEN
E. BOES

The SPEAKER. Without objection, the gentleman from Nebraska (Mr. BACON) is recognized for 1 minute.

There was no objection.

Mr. BACON. Mr. Speaker, I rise today to thank and recognize Father Steven E. Boes, who joined us today to deliver the opening prayer.

Father Boes is the fifth executive director of Boys Town, which is in Nebraska's Second Congressional District and is celebrating its 100th birthday this month.

Father Boes was ordained as a priest in 1985 for the Archdiocese of Omaha and assumed his post at Boys Town in July 2005. He regularly attends sporting and school events at Boys Town High School and dines with kids in their family homes, and I have joined them.

Under his leadership, the number of children served through Boys Town's on-campus, family-style care and programs serving children in their homes and communities has doubled. The Family Home Program, started in 1974, has served 36,000 children to date.

Boys Town Foster Family Services program has cared for nearly 9,000 youth to date, and the In-Home Family Services program has helped approximately 102,600 youth without having to remove them from their homes. Boys Town also has emergency services that have served over 45,000 youth.

The man who started this all 100 years ago, Father Edward Flanagan, was truly a visionary for changing how America cared for families and children. He worked to close reformatories and juvenile facilities where children were abused, eventually opening Father Flanagan's Boys' Home, which became Boys Town. He has made a lifelong impact on thousands upon thousands who were given a rough start in life.

Boys Town now has nine locations across the country including Nevada; Louisiana; north Florida; central Florida; south Florida; Washington, D.C.; New England; Iowa; and Nebraska.

From Father Flanagan to Father Boes, many lives have been impacted.

I recognize Boys Town for 100 years of service to the community and America.

ANNOUNCEMENT BY THE SPEAKER
PRO TEMPORE

The SPEAKER pro tempore (Mr. YOUNG of Iowa). The Chair will entertain up to 15 further requests for 1-minute speeches on each side of the aisle.

RECOGNIZING EDDY ACEVEDO

(Ms. ROS-LEHTINEN asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. ROS-LEHTINEN. Mr. Speaker, today is a bittersweet day for our office because we bid farewell to my senior foreign policy adviser and subcommittee staff director, Eddy Acevedo—a native Miami boy and a proud Nicaraguan American.

For over a decade, Eddy and I have worked side by side to advance the issues critical to U.S. interests at home and around the globe. Eddy's depth of knowledge and his political acumen are only eclipsed by his passion and his kindness.

But don't let that fool you, Mr. Speaker. He is a bulldog when it comes to advancing our core ideals, like the respect for human rights and the promotion of democratic principles. That is why he is an ideal fit for his next role as deputy assistant administrator and chief legislative strategist with the USAID. I have no doubt that we will hear many great things from Eddy in the future.

Mr. Speaker, Eddy is more than just my most trusted adviser. He is my dear friend, and he will be very much missed. So our staff and our family wish him and his wife, Luly, all the best as they enter this next new, exciting chapter of their life together.

GOP TAX SCAM

(Mr. GENE GREEN of Texas asked and was given permission to address the House for 1 minute.)

Mr. GENE GREEN of Texas. Mr. Speaker, this holiday season the Republican majority has been working overtime on a tax plan that gives permanent tax cuts to wealthy families and corporations funded by raising taxes on middle class families.

As the Republican majority tries to disguise its tax plan as a beautifully wrapped gift, the American people need to know that there are negative healthcare effects hidden inside the plan.

By passing this tax plan, there would be automatic cuts to Medicare to the tune of \$25 billion a year. In addition, this plan could cause an extra 13 million people to become uninsured. The tax bill will explode our debt or will cut Medicare and Medicaid.

It has been more than 2 months since Congress should have reauthorized the Children's Health Insurance Program and federally qualified health centers. This is the first time in history that these programs have been held hostage to the legislative process.

Instead of racing to reauthorize these popular bipartisan programs, the Republican majority instead has neglected children across the country solely to provide tax cuts to corporations and wealthy individuals.

Mr. Speaker, this plan is not for the many, but it is only for the few.

RECOGNIZING JERUSALEM AS THE
CAPITAL OF ISRAEL

(Mr. WILSON of South Carolina asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. WILSON of South Carolina. Mr. Speaker, I am grateful to President Donald Trump and Ambassador Nikki Haley—South Carolina's former Governor—for the announcement that the United States will recognize Jerusalem as the capital city of Israel and relocate the American Embassy to the holy city which protects all religions.

As President Trump said at the White House: "This long overdue recognition of reality is in the best interests of both the United States and the pursuit of peace between Israel and the Palestinians."

America's bond with Israel is unique, and its strength is the foundation for peace through stability for all of the Middle East providing for prosperity for all countries.

The President's announcement strengthens that alliance, and I appreciate his honoring another of his campaign commitments. Friends of Israel know they have a true friend in the White House, which was heartfelt when I met last month with Sheldon and Miriam Adelson at the Washington Convention Center.

President Trump's team is leading boldly. The President is clear: peace is never beyond the grasp of those willing to reach for it.

In conclusion, God bless our troops, and we will never forget September the 11th in the global war on terrorism, just as America had resolved December the 7th, 1941.

END HUNGER NOW: FRUIT AND
VEGETABLE PRESCRIPTION PRO-
GRAM

(Mr. MCGOVERN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. MCGOVERN. Mr. Speaker, yesterday, my dear friend and colleague from Maine, Representative PINGREE, hosted a panel discussion on the Fruit and Vegetable Prescription Program.

Experts from Wholesome Wave, the American Heart Association, and War on Poverty—Florida briefed congressional staff on how we can improve health outcomes for people living in poverty by increasing access to healthy, fresh produce. It is a simple concept with incredible results.

Currently, healthcare providers at 34 clinics across 10 States provide individuals and family members with prescriptions for fruits and vegetables and \$1 per day per family member to purchase these nutritious foods.

The program has significantly increased food security among its participants and has enabled these families to increase their vegetable consumption by an astounding 206 percent.

I ask my colleagues to join me in supporting the Local FARMS Act, H.R. 3941, Representative PINGREE's bipartisan legislation to expand the support and effort, and let us all work together to end hunger now.

THERE IS NO SUBSTITUTE FOR VICTORY

(Mr. DAVIDSON asked and was given permission to address the House for 1 minute.)

Mr. DAVIDSON. Mr. Speaker, today, on this day that lives in infamy, we recall MacArthur's message from the Philippines. He said famously:

From the Far East, I send you one single thought, one sole idea written in red on every beachhead from Australia to Tokyo: There is no substitute for victory.

Mr. Speaker, I ask the Corps of Cadets at the United States Military Academy to remember that on the football field on Saturday.

Go Army. Beat Navy.

DUCKS UNLIMITED

(Mr. THOMPSON of California asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. THOMPSON of California. Mr. Speaker, I rise to recognize the great contributions of Ducks Unlimited.

For 80 years, Ducks Unlimited has played an important role in the wetland conservation process in our country by fighting for critical conservation policies in our national and State capitols and conducting outreach and education to bring the next generation of sportsmen and -women into play.

They have raised billions of dollars to conserve more than 14 million acres, and they have biologists on the ground working with local partners to bring these projects across the finish line.

Ducks Unlimited has had great success in making critical habitat improvements to wetlands that support healthy flyway populations, clean air and water, and strong local economies.

RECOGNIZING DARREN LUTTRELL

(Mr. COMER asked and was given permission to address the House for 1 minute.)

Mr. COMER. Mr. Speaker, I rise today to recognize Mr. Darren Luttrell from Ohio County, in the First District of Kentucky.

Darren was named the 2017 Farmer of the Year by the Kentucky Farm Bureau at their 98th annual meeting held in Louisville, Kentucky. Throughout an extensive interview process, Darren's steadfast commitment to agricultural modernization, education, and community involvement shone through every facet of his career and personal life.

During his decades of experience in farm management and agricultural technology sales, Darren has not only

doubled the size of his family farming operations, but has been an outstanding leader in the Ohio County Farm Bureau and his local chamber of commerce. Known to the students as Farmer Luttrell, he has inspired the next generation of agricultural leaders through his involvement with local schools.

I am thankful for Darren's advocacy for Kentucky agriculture, and I join Kentucky Farm Bureau and all those Darren has served throughout his career in wishing him the best of luck as he competes at the Swisher Sweets-Sunbelt Ag Expo Southeastern Farmer of the Year competition in Georgia in 2018.

RUSSIA'S EXPULSION FROM 2018 OLYMPICS

(Ms. KAPTUR asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. KAPTUR. Mr. Speaker, the International Olympic Committee has banned Russia from the 2018 Winter Olympics due to rampant and state-backed doping. The Olympic Committee says that Russia's scale of cheating is unprecedented.

Unfortunately, this is yet another example that the enemy of democracy knows no limits under the Putin regime. Russia's Government and its corruption—some say depravity—is so pervasive that it even tarnishes the dignified and ancient tradition of the Olympic Games.

Russia dishonors athletes around the world who make countless sacrifices and give their blood, sweat, and tears to compete. While this decision rightly penalizes Russia, Russia is looking ahead to host the 2018 World Cup in soccer. Putin will relish this global platform to spew out his propaganda to the world while thousands of Ukrainians are killed and millions more throughout central Europe are stifled under his repressive thumb.

The global community must be on alert. We must stand for liberty. We must counter Russia's corruption, interference, and aggression in all its forms.

As the 2018 World Cup nears, I call upon the international community to choose again an honorable field on which the world's athletes can compete.

Mr. Speaker, I include in today's RECORD a news article from The New York Times dated December 5, 2017, titled "Russia Banned from Winter Olympics by IOC."

PEARL HARBOR REMEMBRANCE DAY

(Mr. THOMPSON of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. THOMPSON of Pennsylvania. Mr. Speaker, 76 years ago today, our Nation witnessed a devastating attack at a naval base in Pearl Harbor, Hawaii. That event hastened our entry into World War II.

The surprise attack by the Japanese on the morning of December 7, 1941, left 2,403 people dead. Among them were members of the U.S. Navy, Army, Marines, and also civilians. It was one of the deadliest attacks in American history. President Franklin D. Roosevelt described it as "a date which will live in infamy."

On this solemn day of commemoration, we remember and we reflect. Flags throughout our country are flown at halfstaff in honor of Pearl Harbor Remembrance Day.

Mr. Speaker, let us remember and honor the lives of those brave Americans who perished on this day 76 years ago. As President Roosevelt said: "No matter how long it will take us to overcome this premeditated invasion, the American people in their righteous might will win through to absolute victory." And we did.

God bless all of our Pearl Harbor victims and survivors, and God bless the United States of America.

GOP TAX BILL

(Ms. ROSEN asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. ROSEN. Mr. Speaker, this week, Republicans are continuing to work behind closed doors to put finishing touches on their disastrous tax bill that will hurt countless families in Nevada and across this country.

Let's be clear: This monstrosity of a bill would eventually slam many of Nevada's hardworking families with a tax increase, while adding more than \$1 trillion to our national debt. To make matters worse, the Senate version of this bill would spike healthcare premiums and cause millions to lose their healthcare coverage. Also, billionaires and giant corporations can receive an unnecessary tax cut.

Mr. Speaker, Americans can clearly see that this is a bill that is just a giveaway to wealthy campaign donors and giant corporations at the expense of hardworking families. We need a Tax Code that is focused on putting money back in the pockets of all families, not one that creates even worse wealth and income inequality—and certainly not one that puts profits before people.

CONGRATULATING THE PENN MANOR FIELD HOCKEY TEAM

(Mr. SMUCKER asked and was given permission to address the House for 1 minute.)

Mr. SMUCKER. Mr. Speaker, I rise today to congratulate the Penn Manor field hockey team on their 2017 State championship victory.

It was a remarkable season for these young women. The State championship
