

our home State. With a “uniquely Kentucky” event, she wanted the visitors to remember more than just a judicial conference. Martha wanted the judges and justices to remember the culture of Kentucky. That is why, for example, when Chief Justice Roberts came to Lexington, she organized a group to attend a University of Kentucky men’s basketball game, a coveted experience in the Commonwealth.

In the Heyburn Initiative’s first year, it has already achieved much success and has set itself on course for a bright future, and the credit for all the achievements belongs to Martha. Her vision and tenacity grew this program from an idea into a national resource for students, judges, and scholars. I know that the Heyburn Initiative will continue to be a fitting legacy for John because Martha is leading it.

After so many accomplishments in 1 year, Martha has her sights set on further growth and success. She sees the Heyburn Initiative as an example for other States—to develop a home for the judiciary’s rich history and an inspiration for its future. I would like to congratulate my dear friend and her family on her many achievements, and I look forward to seeing the great things that Martha will continue to do.

TRIBUTE TO LIEUTENANT COMMANDER WENDY LEWIS

Mr. THUNE. Mr. President, today I recognize Lieutenant Commander Wendy Lewis of the National Oceanic and Atmospheric Administration Commissioned Officer Corps, who has served as a fellow to the Commerce, Science, and Transportation Committee for the past 3 years. I thank Lieutenant Commander Lewis for all of the hard work she has done for me, my staff, and the entire committee.

Lieutenant Commander Lewis has had a significant impact during her time as a fellow. Her expertise as a ship driver and manager of our Nation’s natural resources has meaningfully informed the committee’s efforts. She has worked on several pieces of legislation that have become law, including the National Oceanic and Atmospheric Administration Sexual Harassment and Assault Prevention Act and the Weather Research and Forecasting Innovation Act of 2017. Her contributions have enhanced the ability of the National Oceanic and Atmospheric Administration to carry out its missions and bettered the lives of those who work there.

I would like to extend my sincere thanks and appreciation to Lieutenant Commander Lewis for all of the fine work she has done and for her continued service to our Nation. I wish her success in the years to come.

TRIBUTE TO DAVID RADCLIFFE

Mr. VAN HOLLEN. Mr. President, today I wish to recognize the tremendous service of David Radcliffe, who

joined our staff as a Brookings fellow this year. David’s expertise in defense, veterans, and homeland security issues was invaluable, helping to ensure we met the needs of Maryland. David came to our office with a wealth of policy knowledge from his civilian work at the Department of Defense and his military service as an Army Ranger. He not only adapted quickly to his work in the Senate, he helped define his role in a new office. His versatility, kindness, and equanimity endeared him to constituents across the State. David was unfazed by any change in plans or new last-minute requests, simply responding, “Semper Gumby”—always be flexible. His strong principles, willingness to pitch in wherever needed, and sense of humor made him a great colleague and terrific staffer in my office. We owe him a debt of gratitude, and we will miss him greatly. My whole staff and I wish him well as he embarks on his next journey in service to our country.
