Mr. SOTO. Mr. Speaker, in honor of Black History Month, I want to recognize Wanda Faye Howard.

Wanda Howard is a Lake Wales native. She became the first African-American female president of the Lake Wales branch of the NAACP. Prior to that, she was the former youth adviser of many years for the Lake Wales NAACP Youth Council.

Wanda has been a member of the Delta Sigma Theta Lakeland Alumnae Chapter since spring of 1998. At the regional level, she served on the regional committee in Tennessee and program planning and development at various regional and national conventions.

Wanda has been a school volunteer at two schools in Lake Wales, Florida. She was once a member of the League of Women Voters of Polk County and spent time volunteering at the Lake Wales Boys and Girls Club. She enjoys giving her time, talent, and resources to the Lake Wales NAACP ACT-SO and Back to School/Stay in School programs. Wanda is also a very active member of her church, the Allen Temple African Methodist Episcopal Church in Lake Wales, Florida.

Ms. Howard continues to visit with the Boys and Girls Club of Lake Wales, Florida, to talk with them about civil rights and Black history.

Wanda, we honor you.

RECOGNIZING DR. J.A. WILTSHIRE

Mr. SOTO. Mr. Speaker, in honor of Black History Month, I want to recognize Dr. J.A. Wiltshire.

Dr. J.A. Wiltshire is the first African-American physician in Lake Wales. He was born in New Jersey and served in the Army Specialized Training Program from 1943 until 1946, reaching the rank of second lieutenant.

While serving in the Army, he earned his bachelor's degree from Fisk University in Tennessee and entered Meharry Medical College, graduating with honors in 1946. Dr. Wiltshire moved to Tallahassee to become the chief of staff at Florida A&M University's hospital in 1947. He moved to Lake Wales in 1948 and opened up his practice on B Street, later moving to another office on 1st Avenue.

Dr. Wiltshire delivered an amazing 2,500 babies in almost 50 years of practicing medicine in Lake Wales before retiring in 1995. His wife, Laura, said that he never turned away a patient and always stayed past office hours and made a lot of night house calls.

Dr. Wiltshire was a member of the Alpha Phi Alpha Fraternity; Post Number 213 of the American Legion; and the Imperial Twenty-Five Club, a Bartow social club; and many other organizations, as well as helping the community with housing and medical care.

In 1984, he received the Annual Medical Award from the Polk County Chapter of the United Negro College Fund.

Dr. Wiltshire was chosen as Lake Wales Citizen of the Year in 1988. In 2004, a street in Lake Wales was named after him: Dr. J.A. Wiltshire Avenue.

Dr. Wiltshire, we honor you.

NATIONAL DEBT

Mr. SOTO. Lastly, Mr. Speaker, I would like to talk a little bit about the national debt and what we see going into 2018.

It was reported this week that the U.S. Government is set to borrow over \$1 trillion in 2018—approximately \$955 billion—which is an 84 percent increase from 2017.

The Congressional Budget Office reports quite clearly: Tax receipts are going to be lower because of the new tax law.

This is increasing bond yields, which is directly related to the recent stockmarket decline of nearly 1,800 points that we have seen over the last 2 days of trading, because we see higher interest rates, the highest for bonds since 2014. As a result, we have been watching a precipitous decline—the largest in American history—by actual number of points.

President Trump's Department of the Treasury forecasts borrowing over \$1 trillion in 2019 and over \$1.1 trillion in 2020.

President Trump has described himself as the "King of Debt," despite campaigning on reducing the national debt. What we worry about is that the tax plan will be mortgaging our future for today.

And guess who pays the bill?

Our children, who will have to repay a massive debt; our seniors, who could face cuts to Medicare and Social Security; and every American, due to a declining economy.

We must take this seriously. And \$1 trillion being doubled the year before and going over \$1 trillion next year, and \$1.1 trillion the following year is not sustainable for our Nation. I encourage all of my colleagues on both sides of the aisle to come together to fix this growing crushing debt before it is too late.

Mr. Speaker, I yield back the balance of my time.
