

**EXPRESSING HOPE FOR AN IMPROVED IMMIGRATION SYSTEM**

(Mr. CURTIS asked and was given permission to address the House for 1 minute.)

Mr. CURTIS. Madam Speaker, I realize that few policy topics are more tenuous and challenging than immigration reform, but I believe, before us now, is a unique window of opportunity that will allow us to solve some of these complex problems.

We can make this a historic time for our country. As we come together to find solutions for more than 800,000 DREAMers, we need to take advantage of this moment to also address additional aspects of our broken immigration system. My hope is that Congress will pass a bill that provides certainty for DREAMers while also bringing meaningful improvements to our visa programs for seasonal workers and our highly skilled immigrants, along with providing resources for enhanced border security.

We know that not every special interest group will get everything they want, but I believe, if we work together, we can give the American people exactly what they expect: an improved immigration system that we desperately need.

**RECOGNIZING SCHOOL COUNSELOR DANA ZAPANTA AND DESIGNATING THIS WEEK NATIONAL SCHOOL COUNSELING WEEK**

(Ms. SÁNCHEZ asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. SÁNCHEZ. Madam Speaker, I rise to recognize the tireless work of school counselors across the country and in the 38th District of California, whom I am honored to represent. These public servants guide students through academic, social, and personal development.

Dana Zapanta, a counselor at Artesia High School in my district, is exactly the type of champion that students need. Dana, a 12-year counseling veteran, has been instrumental in the development of Artesia's Career Technical Education program. She also coordinates numerous events, including AP Student Night and college fairs. Thanks in part to her unwavering commitment to students, the graduation rate is nearly 99 percent.

Despite the important contributions counselors like Dana make every day, counseling positions are not always protected when local budgets are cut. The average student-to-counselor ratio in our Nation's public schools is almost double the ratio recommended by the American School Counselor Association.

Students deserve to have the support of school counselors like Dana. That is why I am proud to introduce a resolution to designate this week as National School Counseling Week. I urge my

colleagues to join me in honoring these selfless professionals.

**DEBT JUNKIE SPENDING BILL**

(Mr. BROOKS of Alabama asked and was given permission to address the House for 1 minute.)

Mr. BROOKS of Alabama. Madam Speaker, Republicans won the House in 2010 in part because of the danger posed by America's 4-year string of trillion-dollar deficits.

House Republicans sliced America's deficit to \$438 billion in 2015, but then our finances took a dramatic turn for the worse. America's deficit surged to \$585 billion in 2016 and \$666 billion in 2017. Congress is expected to soon vote on a debt junkie spending bill that blows America's deficit sky-high by hundreds of billions of dollars in 2018 alone.

Madam Speaker, there is a narrow path between adequate national security funding and avoiding a national insolvency that decimates our military and risks American lives. That path is as narrow as Zion National Park's Angels Landing Trail. One misstep left or right and you fall hundreds of feet to your death.

The Senate spending bill is a debt junkie's dream, a nightmare, and a misstep that plunges America into disaster. It must not pass.

**HONORING FOUNDING MEMBER OF THE BEACH BOYS, MIKE LOVE**

(Mr. ISSA asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. ISSA. Madam Speaker, I come to the House floor today to speak about a husband, a father, an avid environmentalist with over 55 years' experience in just one profession. Madam Speaker, I come here to speak about and to honor the life of Mike Love, a founding member of The Beach Boys, one of the most popular music groups of all time, a group that has entertained us on The Mall of the Capitol more than any other band in history, a patriotic group that speaks in lyrics that are timeless.

Love has spent an extraordinary 55 years and counting as the group's lead singer and one of its principal lyricists, with 13 gold albums, 55 Top 100 hits, and 4 singles alone. He, himself, wrote the lyrics to the great pop classics "Good Vibrations," "California Girls," "Surfin' USA," and "Kokomo," for the father.

The Beach Boys, from their California roots, have, in fact, been a global ambassador for California and for America. But more importantly, at a time in which words are sometimes vulgar or unintelligible, that is never the case with The Beach Boys. They sing of the greatness of our country, of our lands, and particularly of California.

So, with the unprecedented success and continuation of this band under

Mike Love's leadership, I ask that we honor him again as a father, a husband, an environmentalist, and, yes, a man who has given us the most beautiful, layered music of American modern history as it continues 55 years on.

**ASKING FERC TO DO WHAT IS RIGHT FOR DOWNEAST MAINE**

(Mr. POLIQUIN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. POLIQUIN. Madam Speaker, Downeast Maine, along the Canadian border, is one of the most stunningly beautiful parts of the world, but, sadly, it is also one of the poorest.

During the past 30 years, Madam Speaker, most of our paper mills in Maine have closed because of high taxes, harmful regulations, unfair trade, and a declining demand for paper. However, Madam Speaker, the Woodland Pulp and tissue mill is doing quite well: 500 well-paying jobs with benefits, the largest private sector employer in Washington County, in Downeast Maine.

Today, Madam Speaker, the Federal Government has a chance to help. Since 1836, the Woodland mill has managed an upriver Forest City water storage dam to make sure the river and the lake levels in the area are properly maintained, and this makes sure that the fragile and world-class salmon and bass fisheries are protected.

But now, Madam Speaker, the Federal Energy Regulatory Commission is demanding that the Woodland mill spend \$6 million on a fish ladder and other requirements in order to renew its license. But the dam already has a fish ladder that works fine, and it does not generate any electricity for the mill, and it cannot afford the \$6 million price tag for these unnecessary requirements.

Now, the Maine Legislature, Madam Speaker, has already voted to allow Maine Inland Fisheries & Wildlife to assume control of the dam to make sure this wildlife habitat and the property owners are protected and that the mill can continue to prosper without these undue and unnecessary regulations.

Madam Speaker, I ask today, right now, that FERC do what is right and allow the transfer of the ownership of this dam from the mill to the State of Maine, which solves this critically important problem in one of the poorest areas of the country.

**MORTGAGE CHOICE ACT OF 2017**

Mr. HENSARLING. Madam Speaker, pursuant to House Resolution 725, I call up the bill (H.R. 1153) to amend the Truth in Lending Act to improve upon the definitions provided for points and fees in connection with a mortgage transaction, and ask for its immediate consideration.

The Clerk read the title of the bill.
