

EXTENSIONS OF REMARKS

HONORING PAUL CLARK AS THE WEST SENECA CHAMBER OF COMMERCE'S CITIZEN OF THE YEAR

HON. BRIAN HIGGINS

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Thursday, February 15, 2018

Mr. HIGGINS of New York. Mr. Speaker, today I rise to honor Mr. Paul Clark of West Seneca as he is presented with the 2018 Citizen of the Year Award by the West Seneca Chamber of Commerce at Kloc's Grove. Paul has proven a recognized leader in his community through his extensive public service.

Paul has worked as a certified public accountant for over four decades. He belongs to the New York State Society of Certified Public Accountants and is a partner at the firm Clark & Nihill. As a member of the Construction Exchange of the New York Board of Governors, he has trained local contractors in accounting and finance.

As a leader, mentor, and engaged neighbor, Paul has been a Cub Scout Den Leader, coach of St. John Vianney's Boys Basketball, and sponsor of West Seneca Girls Softball. He has belonged to the local Rotary Chapter for over thirty years, serving in every position.

Initiatives Paul has been involved with have improved quality of life in Western New York, and include bringing the Koessler Center to Canisius College, and assisting in the chartering and organization of the board of the Burchfield Nature and Art Center. As a member of the YMCA Capital Board he advised members to create Ismailia Shrine Temple and to bring the Y to the Southtowns.

Paul's volunteer efforts reflect his commitment to history, economic development, education, healthcare and an appreciation for an iconic American automobile. The Pan-Am Exposition Society, West Seneca Development Corp., Bennett High School, Mercy Flight, and the Western New York Mustang Car Club have benefitted from his good and generous works.

Mr. Speaker, I want to honor Mr. Paul Clark as the West Seneca Chamber of Commerce's 2018 Citizen of the Year. His dedication to our community is commendable, and I wish him all the best in his future endeavors.

CELEBRATING THE CITY OF ROCKLIN, CA 125TH ANNIVERSARY

HON. TOM McCLINTOCK

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, February 15, 2018

Mr. McCLINTOCK. Mr. Speaker, the City of Rocklin, California celebrates its 125th Anniversary on February 24, 2018. The city was

incorporated on February 24, 1893, becoming the 95th city in California.

Rocklin has a vibrant history. Through grit, determination and hard work, the City built a foundation on granite mining and railroads. Rocklin was first recognized as a destination on the transcontinental railroad in 1864, about the same time granite mining began. By 1910, 22 quarries were operating and shipping nearly 2,000 carloads of granite. Rocklin granite was used to build the state capitol and many buildings in San Francisco.

In 1908, Southern Pacific announced that the railyards would be moved to Roseville, causing many residents to abandon their homes and follow the company. The granite industry also declined precipitously. The citizens persisted by starting small businesses, granite operations, agriculture, and a friendly, communal environment until the 1950s, when signs of growth began again. The construction of Highway 80 beginning in 1958 began to expand the City's potential for development. The Rocklin Sierra College campus was completed in 1961, and suburban expansion led to growth in the housing market during the late 1950s and 1960s.

Rocklin realized the benefits of a low cost of living and land that drew high technology firms and other industries to the region. This resulted in an expansion of commercial and residential development, including Stanford Ranch, a 3,000 acre planned community. By 2016, it was the fourth-fastest growing city in California. In 2016, the city completed an \$11.3 million interchange at Highway 65 and Whitney Ranch Parkway, providing increased access to nearly 200 acres for development.

Abundant parks, trails, and open space make Rocklin that much more enjoyable. The City protects its natural resources and recently completed the purchase of approximately 184 acres of land that was previously the site of the Rocklin Golf Club. This green space at the heart of the city will provide an oasis for outdoor activities and opportunities for expansion of recreation, parks and trails systems.

I am excited to celebrate Rocklin's 125th Anniversary, and look forward to the continued successes of the city.

COMMENDING JAY SORENSEN

HON. JOHN GARAMENDI

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, February 15, 2018

Mr. GARAMENDI. Mr. Speaker, I rise today to recognize and commend Jay Sorensen upon his induction into the California Outdoors Hall of Fame. This honor is a testament to his dedication in working to promote conservation. As a lifelong fishing lover, his tireless advocacy for the Delta has not only inspired thousands of others to take part in the great outdoors, but has also helped preserve the Del-

ta's waters and wildlife for future generations to appreciate. This incredible commitment to our region and to conservation merits our highest distinction.

On behalf of the people of California's 3rd Congressional District, I offer my sincere congratulations as well as my best wishes for the years ahead.

THE FIGHT TO DEFEAT MALARIA

HON. JAMIE RASKIN

OF MARYLAND

IN THE HOUSE OF REPRESENTATIVES

Thursday, February 15, 2018

Mr. RASKIN. Mr. Speaker, I rise today in strong support of U.S. leadership to end malaria globally, a movement driven by the President's Malaria Initiative and the Global Fund to Fight AIDS, Tuberculosis, and Malaria. These benchmark programs have helped save the lives of seven million people from this devastating disease for nearly two decades. I am proud to represent the 8th District of Maryland, where many of the major life-saving scientific discoveries have occurred, notably at the Walter Reed Army Institute of Research and the National Institutes of Health.

As a leader in the fight to eliminate malaria, the U.S. has helped create and advance life-saving interventions like insecticide-treated bed nets, indoor residual spray, and rapid diagnostic tests throughout endemic regions including Sub-Saharan Africa, South America, and Southeast Asia. Between 2000 and 2015, the U.S. and our global partners have driven down malaria death rates by 62 percent overall, and by 69 percent for children under five. Yet, despite this progress, more work remains: the World Health Organization (WHO) reported 445,000 deaths in 2016 caused by this preventable and treatable disease.

In its World Malaria Report of 2017, the WHO highlighted the successes and shortcomings of the global community's efforts to combat this disease, which is still killing hundreds of thousands of people every year. While annual reports have noted steady declines in deaths and infections caused by malaria, progress has stalled due to insecticide and drug resistance, stagnant funding from global and domestic partners, and political instability. For the first time since 2000, when the global community first came together to end malaria, infection rates increased and death rates did not decline. This is the stark reality of the fight against malaria: when attention and funding shrink, the disease thrives and spreads.

I urge my colleagues to join me in continuing our bipartisan commitment to defeating malaria, including full funding of the President's Malaria Initiative and the Global Fund to Fight AIDS, Tuberculosis, and Malaria. Together, we can ensure that a day will arrive when no child will ever again die from a mosquito bite.
