

Dr. Jefferson was quoted as saying, "I became a physician in order to save lives, not to destroy them." She also said, "I am not willing to stand aside and allow this concept of expendable human lives to turn this great land of ours into just another exclusive reservation where only the perfect, the privileged, and the privileged have the right to live."

The National Right to Life Committee (NRLC) was co-founded by Dr. Jefferson in 1973. She then entered the world of politics, running for the U.S. Senate from Massachusetts in 1982, 1990, and 1994.

Dr. Jefferson was honored with twenty-eight honorary degrees from numerous universities and colleges. Although Dr. Jefferson passed away at the age of eighty-four on October 15, 2010, her life's mission continues today. She will be forever remembered as one of the most notable and unwavering crusaders for the rights of unborn children.

It is truly a distinct privilege to honor this remarkable woman, whose exceptional life, steadfast devotion, and landmark accomplishments are included in the RECORD, which will endure as long as there is a United States of America.

HONORING RICHARD KUNDE

HON. MIKE THOMPSON

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Friday, February 16, 2018

Mr. THOMPSON of California. Mr. Speaker, I rise today to honor the life of Richard Kunde, who worked tirelessly to establish Sonoma County as a world-renowned wine community and food destination.

Mr. Kunde was born on September 6, 1942 in Glen Ellen, California and grew up on the ranch that his German immigrant grandfather founded in 1904. He graduated from the University of California, Davis in 1964 with a bachelor's degree in viticulture and went on to earn a master's degree in horticulture in 1966.

Mr. Kunde worked as a viticultural consultant and then Director of Grower Relations for the North Coast Grape Growers Association before purchasing Sonoma Grapevine Inc. in 1982. He transformed the Santa Rosa nursery into the largest grapevine nursery in the United States. At its height, the nursery produced as many as 14 million vines every year, which were planted at vineyards across California.

Over his half-century career, Mr. Kunde promoted the California wine community in many ways. He co-founded the Sonoma County Grape Growers and was elected to serve as its first president in 1984. He also served as a Director and President of the Sonoma County Harvest Fair and held offices in the California Nurserymen's Association and the California Association of Winegrape Growers. And, Mr. Kunde was the first to promote the concept of American Viticultural Areas within the region believing it was important to protect the quality and value of Sonoma County grapes.

Mr. Kunde dedicated himself to the scientific development of California's wine community. He collaborated with the leading viticulturists, pathologists and entomologists at UC Davis to improve the quality and profitability of California wine grapes. Together, they grafted clonal budwood to produce superior grapes and created rootstock resistant to phylloxera, which strengthened the viability of our local and state wine communities, and beyond. To spread these new techniques, Mr. Kunde co-founded the Sonoma County Technical Group, which taught growers about the latest grape production research.

Mr. Kunde was a celebrated philanthropist who, with his late wife Saralee McClelland Kunde, generously donated their time, money and energy to agricultural causes. The couple raised millions of dollars for agricultural education programs like 4-H, Future Farmers of America, and the Sonoma County Fair Foundation at an event space they built them-

selves, Richard's Grove and Saralee's Vineyard.

In addition, the Kundes established a charitable trust to provide millions of dollars for agricultural education in years to come. Through the trust, the University of California, Davis received \$1.5 million for an endowed chair in the Department of Viticulture and Enology. Another beneficiary, the Sonoma County Fair Foundation received \$1 million to establish the Saralee and Richard Kunde Education Fund, which will provide young people interested in agricultural careers paid internships at local dairies, farms, vineyards and wool-growing operations. Finally, the Youth Ag and Leadership Foundation of Sonoma County received \$500,000 to foster the next generation of farmers and community leaders.

On July 26, 2016, a grateful community came together to dedicate Saralee and Richard's Barn, a 12,000 square-foot facility that now hosts agricultural mentoring, training and education programs year-round for at-risk and other youth. The barn, Saralee's dream project, was seeded with a \$300,000 donation from Mr. Kunde. The Sonoma community came together to raise the rest of the \$3 million construction cost.

For all his efforts, Mr. Kunde received countless awards. He was named a Friend of Agriculture by the Sonoma County Harvest Fair, was inducted into the Sonoma County Farm Bureau Hall of Fame, won the Shining Star Award from the 4-H Foundation, and was recognized for Leadership in Agriculture by the Santa Rosa Chamber of Commerce. Of his many honors, Mr. Kunde was especially proud to have been named one of the 100 most influential Sonoma County people of the 20th Century by the Santa Rosa Press Democrat in 1999 and to have received the Award of Distinction from the University of California, Davis's College of Agricultural and Environmental Sciences in 2008.

Mr. Speaker, Richard Kunde is an icon in the national wine community, and I am proud to have called him my friend. It is therefore fitting and proper that we remember him here today.
