

Though many States have adopted trauma-informed care programs, it is essential to implement trauma-informed care at the Federal level and make sure that people anywhere in the country get the treatment and support they need, not just those in certain States.

It has also been my pleasure to work closely with Senator DURBIN, the senior Senator from the State of Illinois, and hundreds of groups that have formed a coalition to help promote and develop an understanding of just how much trauma care is needed.

Very seldom do I talk about it or mention it, but I had a grandson who was murdered a year or so ago, and there were other children in the home. It was a home invasion. So I can tell people firsthand that the kind of attention and care that individuals get after they have had a traumatic experience makes a tremendous amount of difference in their recovery.

I also note that I was trained as a psychologist, and so I have interacted in many instances with individuals who had experienced stress. So this is an excellent piece of legislation.

Mr. Speaker, I commend Representative GALLAGHER again for his leadership. It has been my pleasure to work with him. I look forward to the passage of this resolution.

Mr. BURGESS. Mr. Speaker, I reserve the balance of my time.

Mr. GENE GREEN of Texas. Mr. Speaker, I have no further speakers, and I yield back the balance of my time.

Mr. BURGESS. Mr. Speaker, I yield myself the balance of my time.

This is an important resolution. I urge its passage.
