

While the CVC does provide world-class tours for over two million visitors each year, its service to Congress doesn't stop there. The CVC team has also supported more than 7,000 congressional events in CVC meeting spaces as well as welcoming and assisting guests at Congressional Gold Medal Ceremonies, commemoration ceremonies, annual Memorial Day and Capitol Fourth Concerts, and presidential inaugurations, among many other events.

Also, in support of Congress, the CVC team has developed training programs for congressional staff to learn about the history of the Capitol and Congress and the artwork that represents their story. Critical safety and emergency evacuation procedures are key elements of this program. To date, more than 31,000 interns and other staff have participated in the training program, enhancing their ability to deliver high-quality tours to constituents.

The majority of visitors to the CVC are our constituents, and based on independent surveys, 93 percent of visitors to the Capitol said their expectations were met or exceeded and that they were likely to recommend taking a Capitol Tour to their friends. These numbers reflect the passion and knowledge the Visitor Center's team brings to the Capitol each day, as well as their commitment to inform, involve, and inspire every visitor.

The CVC will celebrate its 10th anniversary on December 2, 2018. As the CVC embarks on its second decade serving as the front door to the Capitol and the Congress, I wish to recognize the hard-working CVC staff that remain committed to providing world-class services to our visitors, our constituents, and those of us who work in the Capitol each day.

TERRY VAUGHN, A HURRICANE HARVEY HERO

HON. TED POE

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

*Monday, March 5, 2018*

Mr. POE of Texas. Mr. Speaker, I rise today to salute another of our Harvey Heroes. I want to recognize Terry Vaughn, district manager of pharmacy and retail operations for 14 Walgreens stores in the Lake Houston area where I live. As Hurricane Harvey hovered over the Houston area dropping up to 50 inches of rain in some parts, Terry and his Walgreens partners were watching and waiting like most Houstonians. In the wake of the storm, all but one of Terry's stores closed due to damage or impassable roads. The only store the Walgreens team could get to was the location on West Lake Houston Parkway and FM 1960—in my neighborhood of Atascocita.

Terry lives one mile from the store. As the San Jacinto River rose and Lake Houston came out of its banks, a fellow team member's house was flooding so quickly she and her family of six had nowhere to turn. They walked through water to the Atascocita Walgreens where Terry and other volunteers met them with kayaks and transported them to Terry's home where Mitzi, his bride of 19 years, and their two boys provided the food and shelter the family so badly needed.

The forecasts said this storm would be here for days. Since he could get to the store, Terry

decided to open up the Atascocita location. Terry, three other managers, and Walgreens team members who couldn't make it to their own stores but still wanted to help, kept our Atascocita location's doors open through shortages of power and shortages of patience. The one thing they didn't have a shortage of was dedication to their community. Terry would wake up each morning, check the water level of Lake Houston to make sure it wasn't coming closer into his own home, then report for service.

Mr. Speaker, during Harvey, Terry's store was the only continually operating Walgreens this side of the Gulf of Mexico. He partnered with the City of Humble to deliver life-saving medications to evacuees at the city's emergency shelter at the Humble Civic Center. He immunized 40 local first responders to protect them from the flood borne diseases of tetanus and Hepatitis A; then took his immunizations on the road setting up first responder clinics at fire and police stations. Terry and his team immunized more than 1,000 people in two days.

Virtually all Lake Houston-area grocery stores were closed due to the flooding. The stores were filled with water. Distribution trucks could not get to the area. As the storm damage continued, Terry led a team of Walgreens managers who with their own trucks (Texas trucks with plenty of lift to get through those waters, Mr. Speaker) went to 13 other Walgreens and gathered household supplies, diapers, baby formula, and medical supplies to distribute at the operational Atascocita location.

For days Terry kept answering the calls and kept serving. One of those calls was from United Airlines who had personnel and displaced passengers stuck at George Bush Intercontinental Airport. Terry and his Walgreens team fulfilled an order of more than \$30,000 in supplies and delivered it straight to the tarmac. Was there a bright spot in all this for Terry? He told me, "Seeing people come together and my team working non-stop without breaks—with their own families going through the worst times—we showed up to help our community and put our own issues aside."

Mr. Speaker, those who know Terry know he has a servant's heart. He is active with the Lake Houston Chamber of Commerce, Boy Scouts, and Humble Area Assistance Ministries. Terry started with Walgreens as a cashier more than 21 years ago. He has performed every job in the store and worked his way up to be a district manager. On August 18 as Hurricane Harvey ravaged and flooded our area, he was called upon to once again do every job. And he did. And he makes us proud to be Texans.

IN MEMORY OF WALTER J. BUCKERT, JR.

HON. JOE WILSON

OF SOUTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

*Monday, March 5, 2018*

Mr. WILSON of South Carolina. Mr. Speaker, sadly, Walter J. Buckert, Jr., a proven champion for military service-members and their devoted families, passed away last week. He will always be cherished for championing benefits for our military and providing extraor-

dinary jobs for military family members. The Office of the Second Congressional District of South Carolina was fortunate to have as staff members two of his talented granddaughters, Elizabeth Grayson and Katherine Grayson, who he influenced for extraordinary service on behalf of constituents. I include in the RECORD the following thoughtful obituary:

Walter J. Buckert, Jr., age 85, passed away peacefully on Sunday, February 25th at Inova Fairfax Hospital in Virginia.

Walter was born on February 24th, 1933, in Rochester NY, to Walt and Marge Buckert. In 1955, Walter graduated from Georgetown University with a BA in Business. He joined the General Electric Company's Corporate Financial Program where he was assigned to the Federal Government Department of Electronics Division. From there, he was promoted to General Electric's Lighting Business Group, its highest division by revenue at that time. He took on increasing roles of responsibility with each transfer accepting positions in New York, Cleveland and Richmond. His final assignment from General Electric, before his retirement in 1995, was as Manager of U.S. Government Sales and Marketing for all lighting products for government use and resale to military personnel. In that role, Walter grew government sales and created a division highly valued to this day. After 47 years with General Electric, Walter joined Webco General Partnership in 1996 as Director of Government and Industry Affairs. A strong advocate for military personnel and their families, he was awarded the American Logistics Association Lifetime Achievement Award, The Department of the Army Outstanding Civil Service medal for his service, and The Exchange.

Walter is survived by his beautiful wife of 55 years, Mary Sutton Buckert and loving daughter, Laurie Grayson; son-in-law, Bill Grayson; and granddaughters Katherine, Elizabeth, and Caroline Grayson who fondly referred to their grandfather by his childhood nickname, Buddy. He is also survived by his older sister, Joanne McDermott, and too many nieces and nephews on both sides of the family to count but to whom he held much love and respect.

Walter will be remembered for his loyalty, hard work, and dedication to others. He was a true blooded, American patriot who never took his freedom for granted. He was a humble, stoic man, with strong convictions and beliefs, but underneath it all was a childlike spirit. Walter was a loving and devoted husband, father, grandfather, uncle, brother and friend, he will forever be missed.

ON THE 30TH ANNIVERSARY OF  
THE SUMGAIT POGROMS

**HON. ADAM B. SCHIFF**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Monday, March 5, 2018*

Mr. SCHIFF. Mr. Speaker, I rise to commemorate the 30th anniversary of the pogrom against the Armenian residents of the town of Sumgait, Azerbaijan. On February 27, 1988, and for three days following, Azerbaijani mobs assaulted and killed Armenians. The violence left hundreds of Armenian civilians dead and injured, women and girls were raped, and some victims were burned alive. Thousands were forced to flee their homes, leaving behind their belonging.

The pogroms came about as the result of years of vicious, racist anti-Armenian propaganda by Azerbaijani authorities, dehumanizing Armenians. Azerbaijan authorities made little effort to punish those responsible, instead attempting to cover up the atrocities in Sumgait to this day, and denying the government role in instigating the killings. Indeed, even today, racist propaganda against Armenia and Armenians is prevalent in Azerbaijan.

The assault on ethnic Armenian civilians in Sumgait helped touch off what would become a direct conflict between Armenia and Azerbaijan which took thousands of lives and displaced millions more. The anniversary of Sumgait is a reminder of the consequences when aggression and hatred grow unchecked.

Mr. Speaker, this April we will mark the 103rd anniversary of the Armenian Genocide, an event the Turkish government, Azerbaijan's closest ally, goes to great lengths to deny. We must not let such crimes against humanity go unrecognized, whether they occurred yesterday or 30 years ago or 100 years ago. Today, let us pause to remember the victims of the atrocities of the Sumgait pogroms. Mr. Speaker, it is our moral obligation to condemn crimes of hatred and to remember the victims, in hope that history will not be repeated.

IN RECOGNITION OF RODNEY T.  
MITCHELL

**HON. MICHAEL C. BURGESS**

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

*Monday, March 5, 2018*

Mr. BURGESS. Mr. Speaker, I rise today to pay tribute to Rodney Mitchell, associate dean of students at the University of North Texas in Denton, Texas. He tragically passed away February 26, following almost 30 years of affiliation to UNT first as a student and then as a cherished staff member.

Rodney was a UNT alumnus who earned his BA in Applied Arts and Sciences in 1996 and his MPA in 1999. A proud member of the Mean Green family, he was a life member of the UNT Alumni Association, a Mean Green football season ticket holder, and supporter of various student programs with his gifts to the university. The Residence Hall Association created the "Rodney T. Mitchell Advocate of

the Year" award in honor of his service and leadership as the College Inn Hall Director and Residence Hall Association President.

After working for the City of Denton as the Assistant to the City Manager, he returned to UNT as a member of staff in 2001. He served as assistant director for academic development—Upward Bound program and as director of TRIO Upward Bound and student support services before becoming associate dean of students in 2013.

Throughout his time at UNT, it was clear that Rodney had an enormous heart for students. He assisted students through the SOS (Seeking Options and Solutions) Program, opened and grew the UNT Food Pantry, and oversaw various intervention programs to support student success. He made a significant impact as a part of the University and community he loved, touching thousands of lives as a generous, caring servant.

It was at UNT that Rodney met his wife Melanie. Together they served for many years at the Denton Church of Christ at Welch Street on the UNT campus and at the Singing Oaks Church of Christ.

Rodney was a kind and generous man, and the world is a lesser place with his departure. His servant heart is a shining example as we seek to treat others as we want to be treated. He is survived by Melanie, a current UNT employee, and his 13-year-old son, Hayden.

On behalf of the 26th Congressional District, I wish to extend condolences to Melanie, Hayden, Rodney's mother Joyce Mitchell, his father Marvel Mitchell, his brother Zachary Mackey and many other family members, as well as the entire UNT and Denton communities. Rodney will be remembered and loved forever by his family and a multitude of friends. I am grateful for the legacy he has left for the UNT and our North Texas community.
