

Who lobbied him to do that?

The arm of National Right to Life and Planned Parenthood; side by side, by the way.

What brings them to do that, Madam Speaker?

Because they don't want to challenge the Supreme Court. There is testimony that went before the Ohio Legislature December 13, 2011, that said: We don't want to force Justice Kennedy to vote "no" on a Heartbeat bill because then Justice Ginsburg might write the majority opinion. If she does that, she might take away the things we have gained. And we should not go before the Court and risk what we have gained.

I would argue instead that every time we have gone before the Court, we have gained. We gain something. We gain ground. The Court is sensitive to the movement of our society. They were sensitive to that when they ran up the Obergefell decision that imposed same-sex marriage on America. They decided American society was ready for same-sex marriage, and they gave us an extraconstitutional decision and forced it on everyone in America.

They must have been right because there wasn't a very big fight that was put up. But by their rationale, we are a lot more ready to protect innocent unborn human life than we ever were for gay marriage. Yet we need to get this legislation before the Court.

Tonight at 6 o'clock eastern time, 7 o'clock central time, there is a full hearing before the Iowa House of Representatives on their Heartbeat legislation, which has passed the senate 30-20. It went before the house. It has passed out of committee out of the house last Thursday night in the last hour that was available in what they call funnel week. Now this hearing is called for by the pro-abortion people who want to have a full house hearing. The witnesses will be lined up there. They will stand up for life tonight.

If the hearing goes the way we expect, I expect the bill will come before the Iowa House of Representatives and it will pass. Watching the expressions on our excellent and wonderful first female Governor in the State of Iowa, Kim Reynolds, I can't imagine she would do anything but sign it. I don't want to put words in her mouth. I am just anticipating a wonderful result.

I believe in 1 week or 2 weeks that becomes law in Iowa. Likely the pro-abortion people will litigate like they did in Mississippi on Mississippi's 15-week bill that we have just seen before today, an injunction that is going before the Sixth Circuit. The viability standards in *Roe v. Wade*, *Doe v. Bolton*, and also *Planned Parenthood v. Casey* will be challenged in the Fifth Circuit on the basis of the Mississippi law. Then that means that the Iowa law that I anticipate also will be litigated.

Why wouldn't we send this standard over to the Senate and on to go before the Supreme Court?

H.R. 490, the Heartbeat Protection Act, litigated at the same time before the United States Supreme Court along with Mississippi's 15-week bill and Iowa's Heartbeat bill. That looks to me like a good result. That brings it from several different angles.

I would remind the body that there were three Federal circuits where the partial-birth abortion legislation was heard simultaneously. They arrived packaged up in one case before the United States Supreme Court, and life prevailed in that case, as eventually life will prevail in the United States of America.

Madam Speaker, I yield back the balance of my time.
