GRAND OPENING OF LOTUS VILLAGE

(Ms. ROS-LEHTINEN asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. ROS-LEHTINEN. Mr. Speaker, on April 20, Lotus House Shelter will have the grand opening of Lotus Village, a home for disadvantaged women and children that will offer a meaningful solution to prevent homelessness in my area of Miami-Dade County.

Lotus House is dedicated to improving the lives of homeless women, youth, and children, providing support, education, tools, and resources that empower them to heal, learn, and blossom into who they are truly meant to be.

Today, Lotus House shelters over 250 individuals on a daily basis, 680 annually, breaking the cycle of childhood abuse, domestic violence, and homelessness.

The opening of the new home, Lotus Village, offers increased capacity, a neighborhood health clinic, a children’s daycare center, and a wellness center. Lotus Village includes programs like child therapy, nurturing parenting classes, as well as training programs for life skills and job readiness.

This safe haven is deeply integrated in the fabric of our community, and I am incredibly proud of the tireless work of all the volunteers of Lotus House Shelter in serving those in need reintegrate into society.

season was the team they beat in the championship game.

I ask my colleagues to join me to congratulate the Hillside fifth and sixth grade all-star team for its winning season.

NATIONAL RETIREMENT PLANNING WEEK

(Mr. PAULSEN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PAULSEN. Mr. Speaker, I rise today to recognize the start of National Retirement Planning Week.

For many, retirement can seem a long way off, far away, something not to worry about, in the future. But healthcare costs are rising, people are living longer, and a shift away from employer pensions means they will likely face more uncertainty in their retirement than ever before. Far too many, Mr. Speaker, will find themselves with too little in retirement to live comfortably.

But planning early on and socking away a little now for the future will go a long way. Make a plan, start to save, and find out how your employer can help. As co-chair of the Financial Security and Life Insurance Caucus along with RICHARD NEAL from Massachusetts, we are working together across the aisle to ensure that public policy encourages more savings, more planning, and more education to help families plan for the future in the event of disability, long-term medical care, or death.

Mr. Speaker, 4 million Americans are retiring every year. That is 10,000 people a day. National Retirement Planning Week is a chance to remind Minnesotans and all Americans that thinking about retirement should start in your twenties, not in your fifties.

Mr. LOBIONDO changed his vote from “yea” to “nay.”

So the Journal was approved.

The result of the vote was announced as above recorded.

STB INFORMATION SECURITY IMPROVEMENT ACT

The SPEAKER pro tempore. The unfinished business is the question on suspending the rules and passing the bill (H.R. 4921) to require the Surface Board of Transportation to implement certain recommendations of the Inspector General of the Department of Transportation, as amended.

The Clerk read the title of the bill.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Michigan (Mr. MITCHELL) that the House suspend the rules and pass the bill, as amended.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill, as amended, was passed.

The title of the bill was amended so as to read: “A bill to require the Surface Transportation Board to implement certain recommendations of the

CONGRATULATING HILLSIDE FIFTH AND SIXTH GRADE ALL-STAR BASKETBALL TEAM

(Mr. PAYNE asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PAYNE. Mr. Speaker, I rise today to congratulate the Hillside fifth and sixth grade all-star basketball team for winning their championship game in overtime to become the 2018 Jersey Basketball Association Gold Division champions.

This was the first year that Hillside had a fifth and sixth grade team at all. In fact, some of the players on this talented team had never even touched a basketball before signing up this year. Their raw talent, positive attitude, willingness to learn, and parental support helped drive the players toward victory.

Under Coach Nikko Velez and his father, Coach Nick Velez, the team achieved a 13-1 regular season record and a 4-0 postseason record. The only team that they lost to in the regular

KOREAN PENINSULA

(Mr. KRISHNAMOORTHY asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. KRISHNAMOORTHY. Mr. Speaker, tonight, I rise to speak on the vital goal of seeing the Korean Peninsula and its people peacefully reunited under a commitment to the values of human rights, freedom, and democracy.

For nearly three-quarters of a century, the Korean people have been divided by armed conflict and political boundaries. Yet, despite this adversity, the fundamental unity and shared heritage of the Korean people continue to endure.

I am, therefore, heartened by the potential of May’s talks between the United States, the Republic of Korea, and the People’s Republic of Korea. While the road to peaceful reunification is a long one, next month’s talks are an essential first step toward the reunification and the denuclearization of the Korean Peninsula. I commend
