

We see this in how it fails to serve key parts of our Nation and abandons many of our food insecure. A partisan farm bill is bad policy, plain and simple. It will not succeed legislatively nor can it be implemented successfully.

I ask that we put aside these partisan differences, do as we have done traditionally, and work together to pass a bipartisan farm bill in the House and in the Senate that the President can sign.

POLITICALLY BIASED MEDIA

(Mr. SMITH of Texas asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. SMITH of Texas. Mr. Speaker, Morning Consult recently asked Americans about their views of television's political bias.

Respondents were four times as likely to say television programs present a more liberal perspective than a conservative one. The liberal media, including Hollywood studios, have dismissed the views of most Americans. They portray American life in their own liberal image. News reports, movies, and TV shows reflect the liberal leanings of the media producers, not most American's values.

To be fair and balanced, the media should represent American families and their values, not just the producers' political and cultural philosophy.

RUSSIANS LIED—SYRIANS DIED

(Mr. POE of Texas asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. POE of Texas. Mr. Speaker, the Russians lied.

In 2013, the Russian bear entered into a sweeping agreement with the United States. The deal, Syria's arsenal of chemical weapons would be removed by the middle of 2014. Russia would guarantee this agreement. In return, the United States would indefinitely stall air strikes.

For months, we have watched in horror as defenseless men, women, and children were murdered by the rogue Syrian regime, intent on using chemical weapons against their own people. Friday evening, President Trump joined our allies, France and Britain, to authorize precision air strikes against chemical weapon production and storage in Syria. This decisive retaliation was an appropriate, targeted response to this horrific crime. No chemical weapons in Syria.

However, the United States' role in Syria must be focused. The U.S.' purpose in Syria is to eradicate the influence of ISIS. Any other U.S. military escalation of the Syrian war must be authorized by Congress. But meanwhile, Assad the butcher now knows from our President not to cross a red line and use chemical weapons on his people.

And that is just the way it is.

RESIGNATION AS MEMBER OF COMMITTEE ON VETERANS' AFFAIRS

The SPEAKER pro tempore laid before the House the following resignation as a member of the Committee on Veterans' Affairs:

CONGRESS OF THE UNITED STATES,
HOUSE OF REPRESENTATIVES,
Washington, DC, April 13, 2018.

Hon. PAUL RYAN,
Speaker, House of Representatives,
Washington, DC.

DEAR MR. SPEAKER: I am resigning, as of this date, my position on the House Veterans' Affairs Committee.

Membership on Veterans' Affairs has proven to be invaluable to me in providing for veterans and their families and for active service members in the Northern Marianas Islands. These heroes are remote from the services of the Veterans Administration and have been neglected; but the Department has proven responsive to me as a member of the Committee.

It is my intention to build on the relationships I have established with the Department and within the Committee, so that my constituents who have served their nation in the military may continue to receive the services they have earned and deserved.

Sincerely,

GREGORIO KILILI CAMACHO SABLAN,
Member of Congress.

The SPEAKER pro tempore. Without objection, the resignation is accepted. There was no objection.
