

31,609 acres. The Napa Valley Agricultural Preserve has been a vital component to the health of Californian agriculture and has led the way in agricultural protection and preservation in California for the past half century. As we continue our efforts to preserve the Napa Valley, property owners have voluntarily placed their land into conservation easements to ensure the acreage remains rural through the preserve.

The ordinance was written to monitor development and ensure that the natural landscape would be protected and that the environment would be utilized in a mutually beneficial way for residents, farmers and developers. The protection from rapid urbanization has enabled agriculture to flourish in the 21st century and has allowed Napa to remain the premier county for California wine growers.

The preserve has ensured the long-term conservation of Napa County's agricultural legacy and its future as an essential agricultural region in the United States. Because of the preserve the region will continue to be the ideal location for producing wine grapes and other types of agriculture.

Mr. Speaker, Napa Valley Agricultural Preserve is crucial to the preservation of the agricultural output of Napa County and all of Northern California. It is therefore fitting and proper that we honor its 50th anniversary.

HONORING THE LIFE AND LEGACY OF LOTTIE ALBERT

HON. ALCEE L. HASTINGS

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 17, 2018

Mr. HASTINGS. Mr. Speaker, I rise today to mourn the passing of my dear friend Lottie Albert. Lottie was born on December 25, 1915 to Eva and Louis Wernick in New York City. Twenty-one years later, Lottie married Sol Albert and the two enjoyed 55 years of marriage, and have two lovely daughters, Harriet and Doreen. Lottie was the loving grandmother to Eric, Glenn, and Lowell, as well as a great-grandmother to Kyle, Samantha, Heather, and Seth.

Lottie was a resident and community leader of Broward County for over 40 years. It has been my honor to see Lottie's commitment and passion for serving her community. She was an amazing individual, who dedicated herself to helping so many throughout South Florida.

In 1988, she was inducted into the Area Agency on Aging's Dr. Nan S. Hutchinson Broward Senior Hall of Fame. Additionally, Broward County honored Lottie in 2005 by declaring November 12th as "Lottie Albert Appreciation Day."

In 2012, Lottie was inducted into the Broward County Women's Hall of Fame for her work with the Ann Storck Children's Center, the Elderly Interest Fund's MEDIVAN Program, and the Alzheimer's Family Center.

Mr. Speaker, Lottie was an extraordinary friend. She helped me at every stage of my career, never wavering, never faltering. On good days and bad days, I knew Lottie would be there for me as she was for so many of us. Her advice, wisdom, humor, and vast knowledge of life will be sorely missed.

RECOGNIZING THE TECHNICAL DEVELOPMENT TEAM AT NAVAL SURFACE WARFARE CENTER PANAMA CITY DIVISION

HON. NEAL P. DUNN

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 17, 2018

Mr. DUNN. Mr. Speaker, I rise today to congratulate an outstanding technical development team at Naval Surface Warfare Center, Panama City Division (NSWCPCD), for winning the Excellence in Technology Transfer Award by the Federal Laboratory Consortium for Technology Transfer (FLC). The team of Dennis Gallagher, William Hughes, Allie Pilcher, Richard Manley, Charles Self, and Brian Wentworth won with their invention, the Combat Diver Navigation Module (CDNM).

Everyday, combat divers risk their lives facing hazardous conditions to protect our country—and they do it all while underwater. The CDNM technology will increase accuracy, safety, and situational awareness for combat divers carrying out dangerous underwater missions. Having the technology to safely carry out these missions is crucial and that is where the technical development team at NSWCPCD comes in.

This team worked together to create a product that will not only allow our combat divers to navigate in zero visibility conditions, it will be used to save lives by other first responders and our allies overseas.

Our nation thanks Dennis, William, Allie, Richard, Charles, and Brian for their creative and innovative thinking—your technology will save lives, and exemplifies the best American inventive spirit.

WORLD HEMOPHILIA DAY 2018

HON. JOSEPH CROWLEY

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 17, 2018

Mr. CROWLEY. Mr. Speaker, I rise today to recognize April 17, 2018 as World Hemophilia

Day. This is a day when the international community comes together to raise awareness about hemophilia and other bleeding disorders. It is a day when we also reaffirm our commitment to the individuals across the globe who are living with this dangerous chronic disease.

Hemophilia is a genetic bleeding disorder that prevents blood from clotting normally, leading to uncontrolled bleeding in different parts of the body. Left untreated, the deep internal bleeding associated with hemophilia can lead to permanent damage of organs and tissues as well as potentially fatal outcomes. Additionally, people with hemophilia are at increased risk of developing heart disease, HIV infection, and kidney bleeding as time passes.

Hemophilia is considered a rare disease, but it impacts 20,000 people in the United States and more than 400,000 people worldwide. There is no cure for hemophilia, and three-fourths of patients have inadequate access to treatment. When treatment is accessible, it is expensive, leading to costs as high as \$250,000 per year.

As the founder of the Congressional Rare Disease Caucus, I know that much progress has been made in improving access to research funding for rare diseases like hemophilia. However, there is more that must be done to help those struggling with hemophilia obtain needed therapies. With today's recognition of World Hemophilia Day, it is my hope that we renew our commitment toward achieving accessible, affordable treatment for the hundreds of thousands of hemophilia patients across the world.

HONORING BOB HURLEY

HON. MIKE THOMPSON

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 17, 2018

Mr. THOMPSON of California. Mr. Speaker, I rise today to honor Mr. Bob Hurley upon his retirement from a long and distinguished culinary career in Napa Valley.

Mr. Hurley grew up in San Francisco, California. After graduating from high school in 1972, he purchased a van and traveled around the United States. He worked in hotels and restaurants along the way, his first foray into the restaurant business. He realized his passion for cooking and returned to San Francisco, where he enrolled in the culinary program at City College. Post-graduation, Mr. Hurley spent two years traveling in Europe, India and North Africa learning how food and culture were connected.

Mr. Hurley and his wife Cynthia eventually moved to Napa Valley where he quickly became an essential part of our Yountville community. He opened Hurley's Restaurant in 2002, which is unquestionably a community staple and favorite spot for locals. Ensuring the restaurant's success meant his normal workweek was Monday to Saturday, 6 a.m. to 7 or 8 p.m. After announcing his plans to retire and close Hurley's Restaurant, Mr. Hurley has shown the character we all know him to have. He is working to help members of his team, which he considers to be family, find new jobs.

Mr. Hurley's unwavering commitment to our community goes beyond his restaurant. He is the Secretary on the Board of Directors for the Lincoln Theatre at the Yountville Veterans

Home. He helped create the annual Veterans Day Celebrity Chefs Luncheon and has been a chef for Hands Across the Valley, a fundraiser to help feed those in need throughout Napa County. He has taught annual etiquette classes at Yountville Elementary School, organized fundraisers for Yountville Little League, and supported numerous programs at Connolly Ranch. During the October 2017 wildfires Mr. Hurley worked for four consecutive nights cooking for first responders. He brought hundreds of meals from his restaurant to the field where the responders were stationed.

Mr. Speaker, Mr. Hurley is the kind of citizen we should all strive to be. He is known for making everyone feel important and special. For many years he has provided our community with a welcoming place to gather. It is therefore fitting and proper that we honor Bob Hurley here today.

IN RECOGNITION OF THE 70TH INDEPENDENCE DAY OF THE STATE OF ISRAEL

HON. CHRIS COLLINS

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 17, 2018

Mr. COLLINS of New York. Mr. Speaker, I rise today to recognize the 70th Anniversary of the founding of the Jewish state of Israel. In May of 1948, after centuries of foreign rule, persecution, and conflict, David Ben-Gurion declared the establishment of the state of Israel, which President Harry S. Truman also recognized on the same day.

While the state of Israel has faced much conflict since its founding, and violence between Israelis and Palestinians is common, the resilience and strength of the state and its people is astounding. The founding is a direct result of the hard work and perseverance of the Jewish people, who fought for their rights in the face of persecution. This passion and determination is why we are here today, celebrating the 70th Anniversary of the state of Israel.

The people of Israel plan to celebrate the anniversary with a "70 hours of Israeli Celebrations" ceremony, bringing together both the citizens of Israel as well as Jewish people all around the world. The theme of this celebration is "Heritage of Innovation", which highlights the success of the state at spearheading new technology in the fields of medicine and agriculture. I congratulate Israel on its 70th Independence Day, and wish them many more years of prosperity.
