GIRLS OF STEEL

HON. MICHAEL F. DOYLE

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 17, 2018

Mr. MICHAEL F. DOYLE of Pennsylvania. Mr. Speaker, I rise today to commend the Girls of Steel robotics team on winning the Chairman's Award at the March 2018 Greater Pittsburgh Regional FIRST Robotics Competition in California, Pennsylvania.

This prestigious award honors the team that best represents a model for other teams to emulate—and best embodies the purpose and goals of FIRST. This award qualifies them to attend Championships that will be held in Detroit, Michigan, at the end of April 2018.

FIRST, which stands for "For Inspiration and Recognition of Science and Technology," is an organization dedicated to engaging our students in STEM fields. Hundreds of thousands of students gain practical, team-based engineering experiences through FIRST every year.

As a founder and co-chair of the Congressional Robotics Caucus, I believe competitions like these are incredible tools for helping our young people to explore potential careers in STEM. I've witnessed firsthand the incredible economic growth and development that these fields can bring in my home district, and I strongly believe that these fields are crucial to our nation's future prosperity. I want to commend organizations like FIRST for their important work in encouraging young people in these pursuits. The FIRST Robotics Competition allows students to apply creativity and critical thinking in the demanding and competitive field of robotics, all while instilling a strong sense of pride in participants.

Thomas Pope, Systems Manager for the Institute for Software Research at Carnegie Mellon University's School of Computer Science, won the prestigious Woodie Flowers Finalist Award at the Greater Pittsburgh Regional competition. This award is presented to an outstanding mentor in the robotics competition who best leads, inspires, and empowers their team using excellent communication skills in the art and science of engineering and design.

Kristina Hilko, a junior from Penn Hills High School, was a FIRST Dean's List Finalist at the Greater Pittsburgh Regional competition. This award recognizes an outstanding student leader whose passion for, and effectiveness at, attaining FIRST ideals is exemplary.

In March at the FIRST Miami Valley Regional (MVR) in Ohio, the Girls of Steel won the FIRST Team Spirit award that celebrates extraordinary enthusiasm and spirit through exceptional partnership and teamwork in furthering the objectives of FIRST. This award recognizes the impact that these young women are having in our community as they enthusiastically spread the word about FIRST and STEM—Science, Technology, Engineer-

ing, and Math. As a result of those efforts, Girls of Steel are often featured in print media and blog posts.

For the first time, they were also regional finalists at MVR with their award-winning robot.

I think that their remarkable accomplishments speak volumes about the dedication these young women have demonstrated in pursuing STEM careers, their ability to sustain their team, and the thousands of hours they have spent collectively doing outreach in the community.

Seventy-one young women from 8th through 12th grades associated with schools located in and around the Pittsburgh area represent this year's Girls of Steel program, and in recognition of their hard work, intelligence, and teamwork, I would like to mention each of these inspiring young ladies by name. They are Alexandria Adams, Aeryn Anderson, Meghna Behari, Emilia Bianchini, Emma Burnett, Gracie Cain, Rosy Chen, Suan Cho, Maria Chutko, Maya Cranor, Claire Cummings, Maansi Dasari, Riley Doyle, Anna Fedele, Rozie Fero, Isabella Florian, Alexandra George, Teadora Gildengers, Corinne Hartman, Sofia Heller, Kristina Hilko, Maia Hochheiser, Anna Jablonowski, Caroline Kenney, Janise Kim, Isabelle Kowenhoven, Mary Laird, Alice Liu, Sally Liu, Eve Mango, Svea McCann, Delayne McMillan, Sree Mekala, Lauren Michaels, Abbey Murcek, Anna Nesbitt, Anne Kailin Northam, Jimin Oh, Helen Paulini, Lehka Pendyala, Emma Prokop, Grace Raida, Lauren Raida, Ananya Rao, Priya Ray, Sedona Rocher, Rachel Sadeh, Brittany Sadej, Lauren Scheller-Wolf, Sarah Seay, Alexa Selwood, Swathi Senthil, Kriti Shah, Vivian Shao, Lauren Shovlin, Makayla Shreve, Isha Sinha, Amari Smith, Imani Smith, Kavya Soman, Aditi Srivastava, Anna Staresinic, Aditri Thakur, Mikayla Trost, Langley Turcsanyi, Anja Vojt, Janet Wang, Alexandria Westray, Rebecca Wettergreen, Ziya Xu, and Julia Young.

Additionally, I want to commend the faculty and staff of Carnegie Mellon University's First Robotics Center, who have mentored the Girls of Steel since 2010. As a result of their efforts, more young women experience real-world technological challenges and learn from some of the nation's best at solving these problems. These experiences will certainly benefit these young women in the future.

I look forward to hearing about their progress as they advance to the FIRST District Championship in Detroit—one of the largest competitions of its kind. It's the equivalent of the Super Bowl for robotics. This will be their eighth consecutive trip in eight years and they will be competing against top teams from all over the world.

I want to congratulate the Girls of Steel on their accomplishments. I wish them the best of luck in the upcoming robotics competition as well as continued success in their future academic and professional endeavors.

HONORING MRS. DONNA BRITT

HON. GARRET GRAVES

OF LOUISIANA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 17, 2018

Mr. GRAVES of Louisiana. Mr. Speaker, I rise today to recognize Mrs. Donna Britt, a be-

loved community leader and longtime local television personality well known throughout my hometown of Baton Rouge, Louisiana and the surrounding area. Mrs. Britt will be recognized with the prestigious 12 Points Award at a Boy Scouts ceremony this month—a reward reserved for high caliber leaders whose lives embody the 12 traits that the program seeks to instill in its participants: trustworthiness, loyalty, helpfulness, friendliness, courteousness, kindness, obedience, cheerfulness, thriftiness, bravery, cleanliness and reverence. You'd be hard pressed, Mr. Speaker, to find a more fitting recipient than Donna, who has been a shining example of these values through her professional and personal life. An accomplished woman in media, Donna is a Public Relations Association of Louisiana Communicator of the Year and a recipient of the Lifetime Achievement Award from the Louisiana Association of Broadcasters, the Award of Excellence from Women in Media and the Volunteer Activist Award from the Emerge Center. She is also a breast cancer survivor currently battling a recent ALS diagnosis. Despite these medical challenges, Donna's resilience and warmth are unwavering—a mentality perhaps best revealed through her own personal mantra: "meet each new challenge and master it." Reflecting on her life and career in a recent interview, she remarked, "I've been very blessed, and challenges remind us what is important in life." Well, Mr. Speaker, on behalf of countless people across South Louisiana who have been blessed by Donna Britt, I'd like to point out that her example helps remind all of us about what is important in life. Congratulations, Donna, on this well-deserved award.
