ANNOUNCEMENT BY THE SPEAKER

The SPEAKER. The Chair will entertain up to 15 requests for 1-minute speeches on each side of the aisle.

MEDICAL DEBT TAX RELIEF

(Mr. SAM JOHNSON of Texas asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. SAM JOHNSON of Texas. Mr. Speaker, medical debt can be financially crippling, and folks who have been fortunate enough to receive debt forgiveness should not face surprise taxes from the IRS on that debt.

Unfortunately, the current Tax Code is not clear on this issue. Therefore, it is possible for a taxpayer to have their medical debt canceled, but then be required to pay taxes on that forgiven debt as if it were income.

That is plain wrong. To ensure medical debt forgiveness is not a taxable event, last week, I introduced the Medical Debt Tax Relief Act.

I thank Congressman JOHN LARSON for joining me in this effort, and I urge our colleagues to join us both in support of this commonsense legislation.

HONORING THE LIFE OF KATHLEEN DALEY

(Mr. TAKANO asked and was given permission to address the House for 1

minute and to revise and extend his remarks.)

Mr. TAKANO. Mr. Speaker, I rise today to honor the life of Kathleen Daley, a lifelong Riverside resident and a dedicated member of our community who passed away last week.

For more than a decade, I had the privilege of serving with Kathleen on the Riverside Community College District Board of Trustees. And though she was a conservative Republican, and I a progressive Democrat, never did our ideologies keep us from finding common ground when it came to serving our students.

She taught me what it means to work with people who have a different way of seeing things. Her deep understanding of budgeting was vital to lifting the college out of severe financial hardship. Through her service to the college, as well as to many local nonprofit organizations, Kathleen's commitment to our community improved the lives of people across the Inland Empire region.

My condolences go to Kathleen Daley's family and friends.

HONORING THE MEMORY OF BARBARA BUSH

(Ms. FOXX asked and was given permission to address the House for 1 minute.)

Ms. FOXX. Mr. Speaker, I rise today, like so many others, to honor the memory of Barbara Bush.

She has already been noted in the history books for her place as one of the only two women to be the wife of one President and the mother of another. But for millions of Americans, Barbara Bush's legacy is deeply personal.

As First Lady, she drew attention to the issue of family literacy in a way that resonated with the American public. In her own straightforward and down-to-earth way, she worked to remove the shame and stigma of illiteracy for adults. She knew and believed that children are the future, but she recognized that if a child's parents didn't have basic reading and writing skills, the whole family's future is at risk.

As the House continues to focus on workforce development and closing the skills gap, it is fitting to recognize the voice Barbara Bush gave to that basic cornerstone of all education: the power of reading. She embraced lifelong learning, and the best way to honor her legacy is to do the same.

As chair of the Committee on Education and the Workforce, it is a privilege to honor her memory and her contributions to the work we continue to do every day.

ROSWELL PARK COMPREHENSIVE CANCER CENTER

(Mr. HIGGINS of New York asked and was given permission to address the House for 1 minute.)

Mr. HIGGINS of New York. Mr. Speaker, 120 years ago, Dr. Roswell Park founded the first cancer center in America in Buffalo, New York. For the last century, Roswell Park Comprehensive Cancer Center has been a leader in furthering our understanding of cancer and pioneering new patient treatments.

Roswell Park gave the world the first preclinical chemotherapy program, the prostate-specific antigen test, and it is collaborating today with Cuba on a promising new lung cancer vaccine. Herceptin, for metastatic breast cancer, was clinically trialed and tested at Roswell, and new immunotherapy clinical trials are occurring there today.

In addition to promising new treatments, Roswell is home to the compassionate cancer experts for those afflicted with cancer and for those who love the afflicted.

Today, we are urging the National Institutes of Health to renew Roswell Park's well-deserved designation as one of just 49 national cancer centers in the Nation.

New lifesaving and life-quality treatments are within reach at Roswell Park Comprehensive Cancer Center.

IMMIGRATION REFORM, TEXAS STYLE

(Mr. SMITH of Texas asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. SMITH of Texas. Mr. Speaker, a recent poll of Texas voters shows that they want to reduce and reform legal immigration and save jobs for Americans.

The Pulse Opinion Research survey found that 63 percent of Texans favor less immigration than the current annual level of 1 million. Notably, 56 percent support cutting the number of green cards by at least half. Only 14 percent of the voters questioned want to increase immigration.

The poll also determined that Texas voters, by a 2-1 margin, want to end chain migration and only admit spouses and minor children of immigrants. Also, respondents strongly support workforce verification to prevent illegal immigrants from taking jobs away from citizens.

Congress should listen to Texans' views on immigration policy. With a 2,000-mile common border with Mexico, Texas continues to bear the burden of our current misguided immigration system.

REMEMBERING FIRST LADY BARBARA BUSH

(Ms. PELOSI asked and was given permission to address the House for 1 minute.)

Ms. PELOSI. Mr. Speaker, last night was a sad day for America. Today, our Nation mourns the passing of a beloved American; a bold advocate for family, for literacy; and a devoted wife, mother, and grandmother, First Lady Barbara Bush.
