#### SEC. 4005. BREAKDOWN OF COST ESTIMATES BY BUDGET FUNCTION.

Any cost estimate prepared by the Congressional Budget Office shall specify the percentage of the estimated cost that is within each budget function.

#### SEC. 4006. SENSE OF THE SENATE ON TREAT-MENT OF REDUCTION OF APPRO-PRIATIONS LEVELS TO ACHIEVE SAVINGS.

(a) FINDINGS.—Congress finds the following:

(1) H. Con. Res. 448 (96th Congress), the concurrent resolution on the budget for fiscal year 1981, gave authorizing committees reconciliation instructions which amounted to approximately two-thirds of the savings required under reconciliation.

(2) The language in H. Con. Res. 448 resulted in a debate about how reconciling discretionary spending programs could be in order given that authorizations of appropriations for programs did not actually change spending and the programs authorized would be funded through later annual appropriation. The staff of the Committee on the Budget of the Senate and the counsel to the Majority Leader advised that upon consultation with the Parliamentarian, the original instructions on discretionary spending would be out of order because of the phrase, "to modify programs". This was seen as too broad and programs could be modified without resulting in changes to their future appropriations.

(3) To rectify this violation, the Committee on the Budget of the Senate reported S. Con. Res. 9 (97th Congress), revising the congressional budget for the United States Government for fiscal years 1981, 1982, and 1983, to include reconciliation, which revised the language in the reconciliation instructions to change entitlement law and "to report changes in laws within the jurisdiction of that committee sufficient to reduce appropriations levels so as to achieve savings".

(4) This was understood to mean changes in authorization language of discretionary programs would be permissible under reconciliation procedures provided such changes in law would have the result in affecting a change in later outlays derived from future appropriations. Further it was understood that a change in authorization language that caused a change in later outlays was considered to be a change in outlays for the purpose of reconciliation. (5) On April 2, 1981, the Senate voted 88 to 10 to approve S. Con. Res. 9 with the modified reconciliation language.

(b) SENSE OF THE SENATE.—It is the sense of the Senate that committees reporting changes in laws within the jurisdiction of that committee sufficient to reduce appropriations levels so as to achieve savings shall be considered to be changes in outlays for the purpose of enforcing the prohibition on extraneous matters in reconciliation bills.

### SEC. 4007. PROHIBITION ON PREEMPTIVE WAIV-ERS.

In the Senate, it shall not be in order to move to waive or suspend a point of order under the Congressional Budget Act of 1974 (2 U.S.C. 621 et seq.) or any concurrent resolution on the budget with respect to a bill, joint resolution, motion, amendment, amendment between the Houses, or conference report unless the point of order has been specifically raised by a Senator.

### SEC. 4008. ADJUSTMENTS FOR LEGISLATION RE-DUCING APPROPRIATIONS.

The Chairman of the Committee on the Budget of the Senate may revise the allocations in effect under section 302(a) of the Congressional Budget Act of 1974 (2 U.S.C. 633(a)) and the allocations of a committee or committees, aggregates, and other appropriate levels in this resolution for any bill or joint resolution considered pursuant to section 2001 containing the recommendations of one or more committees, or for one or more amendments to, a conference report on, or an amendment between the Houses in relation to such a bill or joint resolution, by the amounts necessary to accommodate the reduction in the amount of discretionary appropriations for a fiscal year caused by the measure.

A resolution (S. Res. 426) supporting the goals of International Women's Day.

There being no objection, the Senate proceeded to consider the resolution, which had been reported from the Committee on Foreign Relations, with an amendment to the preamble, as follows:

(Strike the preamble and insert the part printed in italic.)

Whereas, as of March 2018, there are more than 3,672,000,000 women in the world;

Whereas women and girls around the world— (1) have fundamental rights;

(2) participate in the political, social, and economic lives of their communities;

(3) play a critical role in providing and caring for their families;

(4) contribute substantially to economic growth and the prevention and resolution of conflict; and

(5) as farmers and caregivers, play an important role in the advancement of food security for their communities;

Whereas the advancement of women around the world is a foreign policy priority for the United States;

Whereas 2018 marks-

(1) the 73rd anniversary of the entry into force of the Charter of the United Nations, which was the first international agreement to affirm the principle of equality between women and men;

(2) the 23rd anniversary of the Fourth World Conference on Women, at which 189 countries committed to integrating gender equality into each dimension of society; and

(3) the 7th antiversary of the establishment of the first United States National Action Plan on Women, Peace, and Security, which includes a comprehensive set of commitments by the United States to advance the meaningful participation of women in decisionmaking relating to matters of war or peace;

Whereas the National Security Strategy of the United States, revised in December 2017—

(1) declares that "societies that empower women to participate fully in civic and economic life are more prosperous and peaceful";

(2) supports "efforts to advance the equality of women, protect the rights of women and girls, and promote women and youth empowerment programs"; and

(3) recognizes that "governments of countries that fail to treat women equally do not allow the societies of those countries to reach full potential";

Whereas the United States National Action Plan on Women, Peace, and Security, revised in June 2016, states that "[d]eadly conflicts can be more effectively avoided, and peace can be best forged and sustained, when women become equal partners in all aspects of peacebuilding and conflict prevention, when their lives are protected, their voices heard, and their perspectives taken into account."; Whereas there are 72 national action plans

Whereas there are 72 national action plans around the world, and there are several additional national action plans known to be in development;

Whereas the joint strategy of the Department of State and the United States Agency for International Development entitled "Department of State & USAID Joint Strategy on Countering Violent Extremism" and dated May 2016—

(1) notes that women can play a critical role in identifying and addressing drivers of violent extremism in their families, communities, and broader society; and

(2) commits to supporting programs that engage women "as key stakeholders in preventing and countering violent extremism in their communities";

Whereas, despite the historical underrepresentation of women in conflict resolution processes, women in conflict-affected regions have nevertheless achieved significant success in—

(1) moderating violent extremism;

(2) countering terrorism;

(3) resolving disputes through nonviolent mediation and negotiation; and

(4) stabilizing societies by improving access to peace and security—

(A) services;

(B) institutions; and

(C) venues for decisionmaking;

Whereas, according to a study by the International Peace Institute, a peace agreement is 35 percent more likely to last at least 15 years if women participate in the development of the peace agreement;

Whereas, according to the Bureau of International Narcotics and Law Enforcement Affairs of the Department of State, the full and
