

Throughout her life, she has been guided by her steadfast commitment to her faith and has worked tirelessly for the benefit of others, not only during her service as deputy jailer, but even after her retirement through her involvement in distributing commodities and serving her fellow senior citizens.

I am deeply thankful for her friendship and guidance throughout my life, and I am honored to join with her friends and family, as well as all who have benefited from her generous spirit, in celebrating this milestone achievement. I wish Dora Bartley a happy 100th birthday and many more joyful years filled with blessings.

**CELEBRATING THE LIFE OF  
PETER G. PETERSON**

(Ms. PELOSI asked and was given permission to address the House for 1 minute.)

Ms. PELOSI. Mr. Speaker, I rise today to remember a great American patriot, Pete Peterson, who passed away at the age of 91 last month.

Born to Greek immigrant parents in America's heartland of Nebraska, Pete rose from humble beginnings to contribute to our Nation as a public servant, statesman, business leader, and especially through his philanthropic and policy work.

Pete was a clarion voice for fiscal responsibility and a strong moral conscience in Washington, working tirelessly and always reaching across party lines.

For Pete, building a bright economic future for the next generation was his patriotic duty. He understood that he was so fortunate to have lived the American Dream, and he wanted that same opportunity available for every man, woman, and child in our Nation.

Economic policy leadership was a defining thread running through his life, including in his roles as Secretary of Commerce, the head of major American corporations, and the founder of respected policy organizations, including the Peterson Institute for International Economics and the Peterson Foundation.

Pete's prophetic voice on the importance of fiscal sustainability brought together generations of policymakers, no matter their political background, to find common ground and effective solutions. His strong moral leadership to ensure our children and our grandchildren inherit a healthy fiscal future leaves a remarkable legacy.

Mr. Speaker, anyone who knew Pete will attest to his wit, generous spirit, and personal warmth that made him a pleasure to be around.

Pete signed The Giving Pledge and committed the bulk of his personal fortune to philanthropic causes. His legacy will endure in many ways, but especially through the work of the Peterson Foundation, which continues to focus on solutions to America's fiscal

and economic challenges, now under the leadership of his son Michael.

The loss of Pete will be deeply felt in Washington, in the Nation, and around the world. May it bring some measure of comfort to his wife, Joan Ganz Cooney; his children, John, Jim, David, Holly, and Michael; and all his loved ones that so many grieve with them during this difficult time.

I knew and loved Pete Peterson, and I know he loved his family above all. He was a great American, who loved our country as well.

**THE REPUBLIC OF TEXAS—THE  
REPUBLIC OF FRANCE**

(Mr. POE of Texas asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. POE of Texas. Mr. Speaker, just a stone's throw away from the Champs-Élysées and the Louvre in Paris stands the Hotel de Vendome, the former home of the official embassy of the Republic of Texas.

In fact, France was the first nation to recognize Texas as an independent nation in 1836, when a treaty was signed between the two countries. Today, a marker denotes the building where the Texas embassy was in France.

In turn, France had an embassy in Austin, Texas, not far from our current Texas Capitol Building.

Notably, Texas also once belonged to France before Spain reclaimed Texas.

Explorer La Salle planted the French flag in Texas in 1685 and established a settlement in Matagorda.

Texas later became a sovereign republic and 9 years later joined the United States.

So on this day when French President Macron addressed Congress, Texas remembers and appreciates that Texas was not only an independent country France first recognized, but was once a part of France.

And that is just the way it is.

**BRINGING FUTURE FARMERS OF  
AMERICA INTO THE 21ST CENTURY**

(Mr. THOMPSON of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. THOMPSON of Pennsylvania. Mr. Speaker, yesterday I introduced a bill with my colleagues, Congressman JIM LANGEVIN and Congressman DAVID YOUNG of Iowa, to modernize the charter of the National FFA Organization.

FFA, formerly called the Future Farmers of America, was founded in 1928.

Congress recognized the importance of FFA as an integral part of agriculture and, in 1950, granted it a Federal charter.

The charter provides Federal authority to create an interagency working agreement that is focused on strengthening FFA and school-based agriculture education.

It is important to note that only about 100 organizations have charters with Federal agencies, only six organizations require the respective government agency to select one member for the board of directors, and FFA is the only organization that requires a majority of its board of directors be chosen by its partner government agency.

Mr. Speaker, H.R. 5595, the National FFA Organization's Charter Amendments Act, makes updates to allow the National FFA to be a self-governing organization while maintaining its long-held relationship with the U.S. Department of Education.

This amendment brings FFA, a great cornerstone of rural America, into the 21st century, and I encourage my colleagues to cosponsor this legislation.

**NATIONAL SCIENCE BOWL**

(Mr. FLEISCHMANN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. FLEISCHMANN. Mr. Speaker, I rise this evening on behalf of some of my greatest constituents, Oak Ridge High School, in the Third District of Tennessee.

The Department of Energy created the National Science Bowl in 1991. This is one of the most prestigious competitions in math and science for our high school and middle school students.

Oak Ridge High School is the only high school in the great State of Tennessee to participate in the finals this year that will take place this weekend.

I would like to announce that Joseph Andress, Henry Shen, Steven Qu, Melody Guo, and Batu Odbadrakh are our outstanding students for Oak Ridge High School.

Go Oak Ridge. Go National Science Bowl. Go America.

**RECOGNITION OF BARBARA JOHNS  
DAY**

The SPEAKER pro tempore (Mr. FITZPATRICK). Under the Speaker's announced policy of January 3, 2017, the gentleman from Virginia (Mr. GARRETT) is recognized for 60 minutes as the designee of the majority leader.

Mr. GARRETT. Mr. Speaker, it is an honor, the likes of which I can't think of a comparison, to stand here, in this week of April 2018, and commemorate a battle undertaken by a student that I would argue was a continuation of the American Revolution.

The American Revolution began when a group of White male landowners cast off the tyrannical throne which lorded over them from across an ocean, but it moved forward 80 years later when a million Americans, through disease and starvation and battlefield death, gave their lives to rid this Nation of the horrific institution of slavery. Then 55 years later, I would argue that it continued when the franchise was extended through women's suffrage to women.
