

The SPEAKER pro tempore. The gentleman has 6½ minutes remaining.

Mr. THOMPSON of Pennsylvania. Madam Speaker, let me just deal with some of the rumor mongering that is happening within this Chamber.

One of the things I hear is that the nutrition title of the farm bill results in a significant number of individuals from receiving SNAP. Frankly, Madam Speaker, that is absolutely false. Actually, without this change, a significant number of families experiencing food insecurity will continue to not be eligible for the needed nutritional support they have, being food-insecure families.

The 2018 farm bill and nutrition title updates the archaic asset test that prevented hungry families from accessing SNAP for decades. In fact, Madam Speaker, many of these asset values have not been changed since the 1970s. We change them and we index them to inflation.

This update to the asset test will allow individuals and families experiencing food insecurity to have more in savings, assets, the value of their vehicle, without affecting their SNAP eligibility.

Additionally, for Active-Duty military households, SNAP's income determination will, for the first time, provide an exclusion of up to \$500 monthly of their basic housing allowance.

We have a number of folks serving Active Duty who are military and joined late in life and came with a spouse and kids. It is very difficult for them to live on what the salary would be of an entry-level member of our military. This is the first time that we address that issue in this farm bill, H.R. 2, that will be on the House floor in a few weeks.

There is a criticism out there that the nutrition title creates an excessive and unneeded new government bureaucracy to implement the SNAP employment and training.

Madam Speaker, that is false. The farm bill nutrition title grants States the flexibility to provide services to best meet the needs of their State. While it provides an education and training slot for everyone who wants one, the States already have the springboard in place available through a combination of SNAP education and training, the Workforce Innovation and Opportunity Act, and State programs.

Under this proposal, States are granted the flexibility needed to provide services that best meet the needs of their States. There is no one-size-fits-all mandate. SNAP education and training leverages willing and able partners—I have mentioned many of those already this evening—One-Stop CareerLinks, community colleges, State human resources service. Also, local, State, and national employers, where someone who is food insecure and living in poverty could have the access to be able to do an apprenticeship. They could go to work and be trained through this program.

□ 2015

Finally, Madam Speaker, there are some who have said that more than a million people will come off SNAP over the next 10 years. It has been presented as a negative thing. We are talking about folks who will be coming off because they have achieved greater opportunity.

We are talking about some folks who perhaps are on there just because they took a SNAP pamphlet or called an 800 number. And if those folks are truly eligible, they just need to do the application; they show the income; they meet the asset test; and they will have SNAP. Those families, those kids, will not come off SNAP. They will have the Supplemental Nutrition Assistance Program.

Part of those, though, that I think the CBO talked about are folks who truly do have a higher income and are really not eligible for this program, and those folks will come off if they choose not to fill out the application or they fill out the application and they are not eligible. But many of that million-plus that CBO talked about that will be coming off SNAP, it is because they have gotten good jobs; it is because they have taken advantage of the education and training programs that we are now providing greater access to under this 2018 farm bill and, specifically, the Nutrition Title.

Helping our fellow citizens to be able to achieve greater opportunity, to achieve the American Dream, to prosper, to have a living wage, that is not a bad thing. That is something that we should celebrate.

Madam Speaker, we are going to bring this farm bill to the floor here in a couple of weeks. I hope all of my colleagues on both sides of the aisle will take the opportunity to read it, to actually see what is in it. I look forward to working with them to help in any way in terms of helping them with that process, and I look forward to successfully passing farm bill 2018 out of the House of Representatives in the weeks to come.

Madam Speaker, I yield back the balance of my time.
