COMPLIANCE ASPECT OF NUCLEAR DEAL

(Ms. JACKSON LEE asked and was given permission to address the House for 1 minute.)

Ms. JACKSON LEE. Mr. Speaker, just a few years ago, there was serious deliberation, prayer, much review, the utilization of experts as the House of Representatives voted for the Iran deal of the P5+6. I remember extensive deliberations and the probing of experts on the compliance aspect of this nuclear deal.

As I speak, the President has announced a pullout—or will be announcing such, I think—with drastic consequences. It is certainly appropriate to look at bilateral agreements, but to all that have reviewed, Iran is complying with this agreement. As we approach North Korea, it will be baffling to them as we try to engage in a final agreement.

This is not about campaign pledges or your dislike for the former President of the United States. It is about the safety and security of the world and the containment of nuclear products and the utilization of such.

So I would argue that the Congress needs to stand up, make good on its commitments, protect the American people and the world from nuclear catastrophe.

THE IRAN NUCLEAR DEAL

(Mr. WILSON of South Carolina asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. WILSON of South Carolina. Mr. Speaker, as President Donald Trump is set to make an announcement this afternoon regarding the failed nuclear agreement with Iran, I want to again express my continued opposition to this deal and thank President Trump for his determination.

Prime Minister Benjamin Netanyahu has revealed compelling revelations in the last week of Iranian duplicity. This was a reckless and dangerous deal from the start. It never served the interests of American families, and it continues to threaten the safety and security of our allies, especially Israel.

In just 7 years, there will be nothing stopping the Iranian dictatorship from constructing nuclear weapons as they chant “death to Israel, death to America” while they oppress the Iranian people.

In addition, President Obama authorized a cash ransom of \$1.7 billion to Iran to release five innocent Americans. This deal promoted Iran’s monetary support for terrorist groups Hezbollah, Hamas, and militias that plant IEDs to murder Americans.

In conclusion, God bless our troops, and we will never forget September the 11th in the global war on terrorism.

HONORING THE LIFE OF FRANK MESIAH

(Mr. HIGGINS of New York asked and was given permission to address the House for 1 minute.)

Mr. HIGGINS of New York. Mr. Speaker, I rise today to honor the life of my friend Frank Messiah, the recently deceased former longtime president of the Buffalo NAACP.

After serving in the United States Armed Forces, Frank returned to Buffalo in 1950, where he would serve in law enforcement and education and would take on discrimination cases for the State Department of Labor.

Frank left an indelible mark on Buffalo, dedicating his life to fighting discrimination. Frank was a leader passionately committed to positive change. Frank was instrumental in the desegregation of Buffalo public schools and the successful integration of the Buffalo Police Department.

Western New York is grateful for Frank’s lifetime of tireless work to advance the cause of justice and equality, the impact of which we and future generations will feel for years to come.

MOURNING THE LOSS OF PUERTO RICO AIR NATIONAL GUARDSMEN

(Miss GONZÁLEZ-COLÓN of Puerto Rico asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Miss GONZÁLEZ-COLÓN of Puerto Rico. Mr. Speaker, last Wednesday, the Puerto Rico Air National Guard tragically lost nine of its finest near Savannah, Georgia.

The people of Puerto Rico, especially the close-knit family of our Air Guard, share the terrible pain and join in prayer for the families of Major Jose Roman Rosado, Major Carlos Perez Serra, First Lieutenant David Albandoz, Senior Master Sergeant Jan Paravisini, Master Sergeant Jean Audriffred, Master Sergeant Mario Brana, Master Sergeant Victor Colon, Master Sergeant Eric Circuns, and Senior Airman Roberto Espada, all fallen in the line of duty.

Like all members of the Puerto Rico Air National Guard, they are an example of the best in the long tradition of Puerto Ricans in the U.S. Armed Forces. They risked and gave their lives like many others before them, serving the Nation and a community that is shattered by their loss. We are proud of their service.

As we mourn our heroes, let’s commit ourselves to honor their sacrifice

by giving their comrades in arms the adequate resources and support to do so.

God grant our fellow warriors rest, and may His eternal light shine upon them.

NATIONAL TEACHER APPRECIATION DAY

(Mr. O’HALLERAN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. O’HALLERAN. Mr. Speaker, I rise today on National Teacher Appreciation Day to praise the work of educators and school staff in Arizona and across the Nation. These men and women are shaping the lives of our children and preparing them at every educational level for a successful future.

I am married to a teacher, Mr. Speaker, and she and all teachers will tell you that there is no such thing as a former teacher; they are educators for life.

I am grateful for the teachers I have had over the years, and I am proud to stand with Arizona and America’s teachers as they demand adequate pay for the important work they do.

Investing in education will spur economic growth, create jobs in communities across the country, and allow future generations to thrive.

Mr. Speaker, we must do more to support our schools, our educators, and our students.

LEGISLATION NEEDED FOR DIGITAL CURRENCY

(Mr. DAVIDSON asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. DAVIDSON. Mr. Speaker, I rise today to discuss digital currency, particularly initial coin offerings.

These innovations have outpaced regulators and the courts. Now, regulators and courts are beginning to weigh in.

Meeting with agency officials and industry leaders makes one thing clear: Making the markets work in the United States of America requires legislative certainty. Failure for Congress to act produces uncertainty, and that will drive capital and innovation offshore.

Our task is to answer questions like: How are these tokens traded? Are they securities or commodities? Who is the proper regulator? How do we prevent fraud? These are just some of the questions that need answers.

Congress needs to act by passing legislation that creates certainty and turns the United States into a market maker. I intend to lead this legislation for initial coin offerings to clarify the role of regulators, protect consumers, address national security concerns, and facilitate a pro-growth environment for businesses to raise capital here in America.
