

while increasing the risk they take on, and processing change orders slows down other parts of the project, jeopardizing the ability of contractors to meet their obligations.

All of this results in significant financial burdens on contractors, often ending in bankruptcy. This is particularly true when liquidity is slim and the burden of insurance and licensures is high.

H.R. 4754 provides much-needed certainty to prospective Federal construction contractors and subcontractors so they can appropriately plan their operations before submitting their bid for Federal work. This level of transparency is vital to securing the survival of small construction contractors.

Mr. Speaker, I urge all of the Members to support this legislation, and I reserve the balance of my time.

Mr. CHABOT. Mr. Speaker, before I yield to the principal sponsor of this legislation, Mr. BACON, I would like to thank my colleague STEVE KNIGHT from California for working on this as well; and also AL LAWSON from Florida, and also STEPHANIE MURPHY from Florida. So we have two Republicans and two Democrats again working together on this on behalf of small businesses all across the country, and I want to thank all four of those Members for their leadership on this on both sides of the aisle.

Mr. Speaker, I yield such time as he may consume to the gentleman from Nebraska (Mr. BACON).

Mr. BACON. Mr. Speaker, I thank Chairman CHABOT for his leadership for the part of our country that is the engine of our economy, small businesses, of which 47 percent of our American workers are a part. So we appreciate his leadership.

I also want to thank the ranking member for her support of this bill. I appreciate the bipartisan effort to get this bill done. In fact, they both summarized the benefits of this bill very well.

Mr. Speaker, I urge my colleagues to support H.R. 4754, the Change Order Transparency for Federal Contractors Act.

This bill is a commonsense, preventative measure designed to protect small businesses from loss by providing them with critical information up front, prior to submitting a bid on a Federal construction project. Ultimately, and this is the bottom line, this legislation is about the Federal Government paying its bills on time.

Currently, small businesses are flying blind. Before they bid, they have no knowledge of an agency's change order process or history of payment. Construction is an inherently complex industry that inevitably requires changes to the original plan. Construction contractors must deal with this inevitability, but without knowledge of their customer's business practices, they cannot formulate accurate offers or sufficiently plan their operations

prior to bidding. As a result, they may unknowingly place their business in jeopardy by working with an agency with a poor track record of timely payment.

This is not a hypothetical problem. In our committee, we have heard businesses over and over again go through this problem. We have to address it. Actual businesses should not have to worry about being paid by the Federal Government on time.

While large contractors may have the resources and capital to absorb some of the loss, small businesses struggle to stay afloat as they wait for payment. In addition to financing the cost of the changed work, small businesses are forced to pay their own bills while waiting for the agency to act. This includes payroll, material costs, and even taxes. This problem is compounded and made even worse for small subcontractors, who are often the last in line to receive payment.

H.R. 4754 will provide prospective Federal construction contractors and subcontractors with the information they need prior to submitting a bid. Agencies would be required to publish, as part of their solicitation, detailed information about their change order processes and timely payment data. This information could preserve the role of small contractors as part of our industrial base by making Federal contracts more attractive to small businesses and make the process more competitive. A more competitive bidding process for Federal contractors would benefit both small businesses and taxpayers.

Mr. Speaker, I urge my colleagues to support this commonsense legislation.

Ms. VELÁZQUEZ. Mr. Speaker, I yield 3 minutes to the gentleman from Florida (Mr. LAWSON), who is the lead cosponsor of the bill.

Mr. LAWSON of Florida. Mr. Speaker, I rise in support of H.R. 4754, the Change Order Transparency for Federal Contractors Act. This is an important piece of legislation that guarantees that small businesses have the necessary information regarding change order policies from Federal agencies.

The work of the Federal Government relies heavily on the support of our Nation's small businesses. For everything from construction of important military infrastructure to guaranteeing the proper design for Federal facilities, small businesses are at the center of infrastructure for the Federal workplace.

When taking on Federal contracts, small businesses are also taking a great risk. With Federal funds not always guaranteed in a timely fashion, change orders make the work that small businesses perform for the Federal Government complicated and unpredictable.

H.R. 4754 requires agencies to outline in a clear and defined manner the policies they have regarding change orders. This will make it easier for small businesses to compete for and understand the contracts which they are awarded.

It is vital for small-business owners to not only get a seat at the table, but to also have the same vantage point when competing for Federal contracts. This legislation will alleviate red tape and open more doors for opportunity.

Mr. Speaker, I am proud to work with my colleague DON BACON on this bipartisan piece of legislation, and I encourage my colleagues to support this bill.

Mr. CHABOT. Mr. Speaker, I have no further speakers on the bill at this time, so I reserve the balance of my time.

Ms. VELÁZQUEZ. Mr. Speaker, I yield myself the balance of my time.

In closing, it is obvious that we must take this historic step in providing transparency in the contract modification process. As we contemplate ways to bolster our infrastructure with the goal of employing millions, H.R. 4754 provides certainty to the many small firms potentially involved in that process.

By requiring Federal agencies to prospectively notify contractors of the agency processes they would be subject to if awarded a contract, the Federal marketplace is once again attainable to small construction contractors.

It is critical that this Congress work to remove barriers preventing small firms from successfully performing Federal work and getting paid for all of the work they perform.

Mr. Speaker, I urge Members to support this bill, and I yield back the balance of my time.

Mr. CHABOT. Mr. Speaker, I yield myself such time as I may consume.

In closing, this legislation provides a level of certainty for small businesses who contract with the Federal Government. It is a commonsense, bipartisan bill that benefits small firms and ought to improve efficiency within the Federal contracting arena.

Mr. Speaker, I again thank Ms. VELÁZQUEZ for her work in a bipartisan manner on this legislation.

Mr. Speaker, I urge my colleagues to support this bill, and I yield back the balance of my time.

The SPEAKER pro tempore (Mr. MITCHELL). The question is on the motion offered by the gentleman from Ohio (Mr. CHABOT) that the House suspend the rules and pass the bill, H.R. 4754.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill was passed.

A motion to reconsider was laid on the table.

GENERAL LEAVE

Mr. CHABOT. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days to revise and extend their remarks and include extraneous material on the bill under consideration.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Ohio?

There was no objection.

Mr. CHABOT. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise today in support of H.R. 1680, the Women's Business Centers Improvements Act of 2018, which was introduced by the gentleman from California (Mr. KNIGHT), who is also the chairman of the Subcommittee on Contracting and Workforce and who has been a very active member of that committee for quite some time now.

This legislation makes key updates to the Small Business Administration's Office of Women's Business Ownership and the Women's Business Center, or WBC, program.

The WBC program provides grants to over 100 nonprofit organizations across the country to provide socially and economically disadvantaged women with technical and managerial training designed to meet the needs of women entrepreneurs. Many women's business centers offer training at night, or in multiple languages, to ensure that all women have the small business knowledge, tools, and support they need when creating or sustaining a business.

Last year, WBCs trained over 114,000 clients and advised over 26,000 individuals. This training and counseling contributed to the creation of more than 17,000 new small businesses in the United States. Clearly, the Women's Business Center program has a profound impact not only in our local communities, but also on our Nation's economy overall.

H.R. 1680 authorizes the WBC program, requiring specific conditions for participation and application criteria for organizations seeking a WBC grant.

While many of these requirements have been met in practice, the inclusion of these standards in statute allows for increased congressional oversight and program confidence.

H.R. 1680 also increases the WBC grant award to reflect inflation. This minor increase provides new and existing women's business centers with the support they need to provide an effective course curriculum to small business clients.

Additionally, H.R. 1680 requires the SBA to establish a WBC accreditation program. This program, similar to the successful small business development center accreditation program, will ensure pragmatic consistency among WBC locations and guarantee that each center is providing women entrepreneurs with effective training opportunities. These updates will ensure that the funds supporting the WBC program are used efficiently and to foster economic growth.

H.R. 1680 is an important step to ensuring that the more than 11.6 million women-owned small businesses continue to grow and that the next generation of women entrepreneurs have the opportunity to pursue business creation. For that reason, I urge my colleagues to support H.R. 1680.

Mr. Speaker, I reserve the balance of my time.

Ms. VELÁZQUEZ. Mr. Speaker, I yield myself as much time as I may consume.

Mr. Speaker, I rise in support of H.R. 1680, the Women's Business Centers Improvements Act of 2018.

Small businesses are as diverse as our Nation, and the SBA entrepreneurial development initiatives are no different.

Women's business centers, or WBCs, are a critical initiative for female entrepreneurs. WBCs provide in-depth counseling, training, and mentoring to small firms, resulting in substantial economic impact.

Women businessowners have used this program to develop business plans, obtain financing, and expand their operations. As more women turn to entrepreneurship as a career path, it is critical this initiative remain in place to close these gaps.

Women are the fastest growing sector of entrepreneurs, and as more women establish home-based businesses, downsize from corporate executive positions, these centers are crucial in addressing the whole range of women's entrepreneurial needs.

The Women's Business Centers Improvements Act builds upon their success by creating uniformity through accreditation for WBCs and increasing maximum grant levels to ensure they have the resources to meet the growing demand for their services.

We all agree that women businessowners offer invaluable contributions to our economy, so we must step up to help them, and this legislation achieves that.

Mr. Speaker, I urge Members to support this legislation, and I reserve the balance of my time.

Mr. CHABOT. Mr. Speaker, before I turn it over to the gentleman, the principal sponsor of the bill, I want to thank our colleague Mr. LAWSON for his work on this bill as well. Again, we have been bipartisan, Republican and Democrat, working together to advance, in this case, women entrepreneurs all across the country.

Mr. Speaker, I yield such time as he may consume to the gentleman from California (Mr. KNIGHT), the chairman of the Subcommittee on Contracting and Workforce.

Mr. KNIGHT. Mr. Speaker, I thank the chairman for his leadership. I thank Mr. LAWSON and Ranking Member VELÁZQUEZ for their leadership in this very, very important measure.

Mr. Speaker, I do rise today in support of the Women's Business Centers Improvements Act of 2018.

I introduced H.R. 1680 so that the outstanding growth our country has seen within women's entrepreneurship within the last decade can continue.

Over the last 10 years, the number of women-owned small businesses has increased by 114 percent. With women-owned firms growing more than two and a half times faster than the average business, we must recognize women entrepreneurs as a driving force in the U.S. economy.

The legislation modernizes both the Small Business Administration's Office of Women's Business Ownership and the SBA's Women's Business Centers program.

The Office of Women's Business Ownership administers the grant program that funds women's business centers. H.R. 1680 would require consistent standards and application requirements for grant recipients, ensuring that those centers have the ability to provide women with small business counseling and training.

The bill also institutes commonsense oversight requirements, standards for continued funding, and conditions of participation. This will increase congressional accountability and responsibility.

H.R. 1680 will allow millions of women throughout the country continued access to reliable and effective small business resources.

Mr. Speaker, I urge my colleagues to support H.R. 1680.

Ms. VELÁZQUEZ. Mr. Speaker, I yield 3 minutes to the gentleman from Florida (Mr. LAWSON), the ranking member of the Subcommittee on Health and Technology.

Mr. LAWSON of Florida. Mr. Speaker, I rise in support of H.R. 1680, the Women's Business Centers Improvements Act. This is a critically important piece of legislation that supports our Nation's women-owned small businesses.

Women's Business Centers support women-owned businesses through counseling and technical assistance. This

network of educational centers is the nexus for women who are either looking to start a business or looking to grow their business to the next level.

This bill clarifies the work of the Office of Women's Business Ownership within the SBA to help women entrepreneurs compete in a global market.

Specifically, there are more than 11.6 million small businesses owned by women, who employ nearly 9 million people. Further, there are roughly 5.4 million businesses owned by women of color, employing over 2.1 million people.

I am proud to work with my colleague, Mr. STEPHEN KNIGHT, on a bipartisan bill to increase the level of support for women businessowners so that we can guarantee that women entrepreneurs have the on-the-ground resources for them to strive.

I might point out that in the committee we learned that women-owned businesses are the fastest growing businesses in America.

Mr. Speaker, I encourage my colleagues to support this nonpartisan bill, H.R. 1680.

Ms. VELAZQUEZ. Mr. Speaker, I yield myself the balance of my time.

Mr. Speaker, the United States has over 9 million women-owned firms, over one-third of all firms. Our economy relies heavily on women-owned small businesses, as they generate over \$1 trillion in revenues and employ over 8 million workers. H.R. 1680 ensures that they have access to the tools they need to succeed.

Because nearly half of aspiring women businessowners report a lack of available mentors, we must take action to break down the barriers hindering their success. That is why it is imperative for us to pass this legislation today, ensuring access to mentorship and professional guidance to the fastest growing group of entrepreneurs.

Today's measure is endorsed by the Association of Women's Business Centers, along with other organizations.

Mr. Speaker, I urge Members to support this bill, and I yield back the balance of my time.

Mr. CHABOT. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, almost 40 percent of all firms in the United States are women-owned, and over the last 10 years that number has more than doubled.

It is important to recognize women entrepreneurs as a driving force in the American economy. This legislation, I think, goes a long way in recognizing that and actually improving it over the upcoming years.

Mr. Speaker, I urge my colleagues to support this bipartisan legislation, and I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Ohio (Mr. CHABOT) that the House suspend the rules and pass the bill, H.R. 1680, as amended.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill, as amended, was passed.

A motion to reconsider was laid on the table.
