

goals. Knowing the sacrifice her parents made to bring her to the U.S., she has been motivated to pursue her dreams.

Diana was admitted into the Advancement Via Individual Determination (AVID) program at New Brunswick High School her freshman year and her academics took off. She graduated in the top of her class and received numerous scholarships that allowed her to attend Middlesex Community College. Among those scholarships were the Karl Burnstein Memorial Scholarship and the Elinor Pavon Oziel Memorial Scholarship.

While at Middlesex she once again excelled and received the RU-N to the Top, The Dream, US Scholarship as well as other scholarships to help make her dream of a college degree come true. In true Diana fashion, she has already begun classes towards her next goal; a master's degree in Public Administration.

I urge my colleagues to join me in congratulating Diana on her recent graduation and wish her the best of luck on her future endeavors.

IN THE HOUSE OF REPRESENTATIVES

Ms. LOFGREN. Mr. Speaker, I rise today with my colleague, Congresswoman ANNA

ESHOO, to honor the 100th Annual Memorial Day Service in our community and to take a moment to remember those in our military who selflessly sacrificed their lives for our nation.

#### CONGRATULATING DR. JEFF SZABO

### HON. MICHAEL K. SIMPSON

OF IDAHO

IN THE HOUSE OF REPRESENTATIVES

*Monday, May 21, 2018*

Mr. SIMPSON. Mr. Speaker, I rise today to congratulate Dr. Jeff Szabo for winning the 2017 Arthur Flemming Award.

The Arthur Flemming Award is a great honor and Dr. Szabo has demonstrated the innovation and vision to be worthy of such an award.

He has been instrumental in advancing the Nation's understanding of the fate, persistence and transport of contaminants in drinking water distribution systems, and in wastewater treatment utilities. Under Dr. Szabo's direction the Water Security Test Bed (WSTB) was designed and built at the Idaho National Laboratory (INL), a first-of-its-kind, multimillion dollar field scale water distribution system. It is a platform for performing drinking water security experiments in a setting that resembles real water pipes in the ground without public health risk. Research conducted at the WSTB has proven to be invaluable by greatly enhancing the Nation's knowledge of how to decontaminate these critical infrastructures, and the water sector's ability to respond to a chemical, biological and radiological incident.

Mr. Speaker, Dr. Szabo has made an important impact at the Idaho National Laboratory, and we celebrate his accomplishments.

COMMENDING MR. ROGER DEHART OF BROWARD COUNTY FOR RAISING AWARENESS ABOUT HUMAN TRAFFICKING BY WALKING OVER 1000 MILES

### HON. ALCEE L. HASTINGS

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

*Monday, May 21, 2018*

Mr. HASTINGS. Mr. Speaker, it is my great privilege to rise today to commend Mr. Roger

DeHart, a devoted public servant who walked more than 1,000 miles from Fort Lauderdale, Florida to Washington, D.C., in order to raise awareness about human trafficking.

Roger is a Deputy Officer in the Broward County Courthouse. He began training for this walk six months ago, and after pooling his vacation time, he set-off from the steps of the Broward County Courthouse to the steps of the U.S. Capitol.

Human trafficking is a form of modern-day slavery and the United States is one of the top destinations in the world for trafficked victims. Centers of tourism, including Florida, are major destinations for human trafficking victims—many of whom come from our own communities and schools. Florida now has the third highest rate of trafficking in the country, and Broward and Palm Beach Counties rank first and fourth respectively for in-state incidences of trafficking.

We are seeing a disturbing trend of victims being targeted at schools, where traffickers use force, fraud, or coercion to control victims and subject them to compelled labor or commercial sex acts. One year ago, I led members of the South Florida Congressional Delegation in urging the Palm Beach County and Broward County Public Schools systems to incorporate human trafficking education into their curriculums in order to push back against this horrific crime.

Mr. Speaker, I am awe inspired by Roger's activism and dedication to raising awareness about an issue that is taking place in our community and in every state across our nation. Roger deserves a debt of gratitude for all that he is doing to bring about real change, and working to end human trafficking once and for all. It only takes one person to make a difference. I thank Roger for being an unsung hero to so many, for his service to our community and to our nation.
