RECOGNIZING NATIONAL
ARTHRITIS AWARENESS MONTH

HON. DAVID B. MCKINLEY

OF WEST VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 23, 2018

Mr. MCKINLEY. Mr. Speaker, I rise to recognize National Arthritis Awareness Month. Every May, we call attention to the hardships associated with arthritis, a chronic disease that results in the inflammation or swelling of one or more joints of the body. Arthritis is the number one cause of disability in the United States, and carries a total economic burden of more than \$300 billion in medical expenses and lost productivity.

During this month of recognition, it's critical we remember the more than 54 million Americans, and 300,000 children, living with arthritis. There are over 100 different forms in which this disease manifests, the most common being: osteoarthritis, rheumatoid arthritis, fibromyalgia, and psoriatic arthritis.

While arthritis limits their daily activities, people with arthritis are fighters, and take action to conquer this disease. As co-chair of the Congressional Arthritis Caucus, along with my colleague Representative ESHOO, we work together to address some of the most pressing issues facing the arthritis community today, like the high out-of-pocket costs for medication.

Increased awareness can lead to early detection and treatment, and it fosters an environment that supports people with the disease in our communities. I ask my colleagues to join me in recognizing National Arthritis Awareness Month.

ANTHONY AND ANGELA HALL

HON. TED POE

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 23, 2018

Mr. POE of Texas. Mr. Speaker, there's an old saying, "In the South there are no strangers, just friends we haven't met yet." In Texas, we call that southern hospitality. It's rare to find a Texan who isn't ready to lend a hand to those in need. Hurricane Harvey brought out the best in Texans, and the goodwill shown by Anthony and Angela Hall of Humble, Texas truly shines as bright as the lone star.

The Halls, like many in their neighborhood, sustained damage to their home from Hurricane Harvey. But like most Texans, Anthony and Angela rushed to help their neighbors and volunteered at a local shelter. One day at the shelter, the couple met a woman and her children sitting off to the side. The storm had taken everything but the clothes off their backs.

Heartbroken and determined to help, Angela told the family that she would feed them. Sure enough, she began to prepare meals for the family at home, which she then brought with her when she went to the shelter.

As Angela continued her volunteer service, she recognized that many of her neighbors were also in need of assistance, and before long she was cooking meals for the neighborhood, delivering their sustenance door-to-door.

Angela and Anthony, along with their four daughters, prepared as many as 300 plates a day for their neighbors still reeling from the effects of the hurricane, waking up before the sunrise every day and spending thousands of dollars of their own money to keep the neighborhood from going hungry.

To this day, the Halls are still providing meals to anyone in need, and are even willing to travel to ensure that none of their neighbors go hungry.

Mr. Speaker, Anthony and Angela Hall are angels in the kitchen and are redefining the depth of Texas hospitality. It is people such as the Halls that ensure that no disaster of any magnitude will ever keep the American nation down.

And that is just the way it is.

IN MEMORY, REMEMBRANCE, AND
CELEBRATION OF DR. JOSÉ
FRANCISCO PEÑA GÓMEZ

HON. ADRIANO ESPAILLAT

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 23, 2018

Mr. ESPAILLAT. Mr. Speaker, I rise today to celebrate and commemorate Dr. José Francisco Peña Gómez on the 20th anniversary of his passing. Throughout his life, Dr. Peña Gómez was a lifelong public servant who spoke up for the marginalized and often disenfranchised Afro-Latino community from the Dominican Republic; a community and dichotomy intrinsic to all Caribbean and Latin American nations.

It cannot be understated how transcendent Dr. Peña Gómez remains in the Dominican Republic to have served as Mayor of Santo Domingo; Vice President of the International Socialist Party for the Western Hemisphere; President of the Dominican Revolutionary Party, and twice nominated for the Presidency of the Dominican Republic. But his legacy is not just limited to the Dominican Republic.

Dr. Peña Gómez spent his life campaigning for democracy, progressive public policies, free speech and national sovereignty in the Caribbean and Latin America, and greater international community. Through his global education and activism, Dr. Peña Gómez became a friend and partner with elected leaders and luminaries such as Nobel Peace Prize Winner Willy Brandt; U.S. Representative Charles B. Rangel, U.S. Senator Edward Kennedy; French President François Mitterrand;

U.S. President Jimmy Carter; and Spanish Prime Minister Felipe González Márquez.

"The People First!" (La gente primero) was a mantra that Dr. Peña Gómez personified. He never relented in furthering himself and others from the Dominican Republic. His passion for public service in government was a result of his political activism with the Dominican Revolutionary Party and lived experience as an Afro-Latino. As an activist, he loudly voiced his opposition to military intervention in the Dominican Republic; was a fierce proponent of free speech; and denounced unfair elections practices that undermined democracy. Dr. Peña Gómez worked feverishly to advocate for dual-citizenship for Dominican nationals living abroad. He was a global advocate for the indigent and his fervent condemnation of civil and human rights violations in the Dominican Republic never waned.

From his lifetime of service, Dr. Peña Gómez will, without question, be recorded in history as a civil rights icon and advocate for the poor in the Dominican Republic. He was never afraid to speak out against racism and invective directed towards him. He rose above the racism and hatred and in his own words said, "I am a human being who has experienced many vicissitudes . . . I was born in an era of conflicts. I have two sets of parents and two families. One is by blood, and the other is the result of cohabitation. But both are dear to me." It is my pleasure and great honor to celebrate the life and legacy of Dr. José Francisco Peña Gómez with his family and those who fondly remember his model and standard.

SHARING STUDENTS' 'MARCH FOR OUR LIVES' REMARKS

HON. STENY H. HOYER

OF MARYLAND

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 23, 2018

Mr. HOYER. Mr. Speaker, on May 9, I came to the Floor and spoke about the March For Our Lives on March 24 and the nine extraordinarily poised students in Morristown, New Jersey, who spoke at the rally there, which I attended. I include in the RECORD remarks by Raniya Madhi. I hope my colleagues will read them and internalize the sense of fear in which our nation's students are living every day—and our responsibility as Members of

Congress to do something to address this crisis of gun violence.

MARCH FOR OUR LIVES

(By Raniya Madhi)

Hi everyone, my name is Raniya Mahdi, and I'm a junior at Ridge High School in Basking Ridge, New Jersey, and I'm participating in this march to honor the lives lost at Stoneman Douglas High School in Parkland, Florida, where we lost seventeen of our school companions and teachers to yet another mass shooting in this country.

Today is March 24. Millions of people are marching for their lives across the country to demand change so that no student, teacher, or parent has to fear for their or their loved ones life while they are receiving an education at school. When I heard about this shooting, I had mixed emotions. I was shocked, shocked, that we had to lose seventeen more innocent kids to another senseless killing, and yet some of us haven't even addressed this issue that is killing our kids day after day. I was upset, upset to think about how their families must be feeling, that they will never get to kiss their kids goodbye ever again. They will never ever be able to see their loved ones, maybe in another world, but not this one. This world, this country, has made it impossible for us to be able to feel safe in our own schools. We should never have to think about the possibility of being shot by someone who can easily break through our defenseless walls and enter our school like an ordinary person, until they whip out their AR-15 and start firing at students and staff without a care in the world. The ones who we lost should not have been taken away. Why did they need to suffer because of the inaction and stagnance of our congressmen? I thought to myself: These innocent kids came to school, on Valentine's Day, like any normal school day, yet they did not live to see their families and friends the next day. This is horrifying to me, that countless school shootings like this have happened over the years, but no change.

Picture this: A nineteen-year-old walks into a liquor store and lawfully be denied any sort of alcohol. Now picture how is it that a nineteen-year-old cannot legally buy a beer but can legally buy an AR-15 assault rifle at this age? And how can our country allow a person to take the lives of fourteen fellow students and three teachers? We have to unite as one and urge our congressmen to take action. This is why we are participating in this peaceful protest, to pressure our congressmen, senators, representatives and the President to make changes to the existing laws. Ban bump stocks! Ban assault rifles! Increase background checks! We deserve to feel safe in our schools! We may just be students, but this kind of revolution has never happened before, where us kids are taking the reins. Look around you. Look at how many empowered students there are standing up here and around you. This is what determination and unity looks like. With these two things, we can be the generation that ends gun violence.

Most of us here are just teenagers. We should be worrying about doing well on our AP tests and finals in the end of the year, not about being shot by someone who can enter our schools. There have been eighteen school shootings this year alone, and we are only in March. This country's problem is that we do not learn from our mistakes. In Australia, there was a mass shooting in 1996, when a gunman killed thirty-five people in Port Arthur. Only weeks after the tragedy, Australia banned all rapid-fire guns and offered to buy the remaining weapons that some individuals possessed. Since that day, there has not been a single mass shooting. Not one in the past twenty-two years.
