CAROLE ONDERDONK, REST IN PEACE

HON. JARED POLIS

OF COLORADO IN THE HOUSE OF REPRESENTATIVES

Thursday, May 24, 2018

Mr. POLIS. Mr. Speaker, today I rise to pay tribute to a pillar of our community, Carole Onderdonk of her adopted city of Eagle, Colorado.

Carole Onderdonk was a graduate of Upsala College and Fordham University, eventually becoming a Licensed Clinical Social Worker, and a gifted craftsperson. As a social worker, she became a tireless advocate for the most vulnerable, and truly believed she could make a difference in the world. I'm told that her positivity inspired her friends and family to be their best selves.

I've known Carole for almost 20 years, and represented her in Congress until they redistricted her part of Eagle County out of the 2nd Congressional District. She always considered me her honorary representative anyway, and I knew the progressive cause could always count on her passionate advocacy.

Carole was one of our favorite volunteers in Eagle County, and she carried within her a passion for improving the lives of others through the power of activism and political action. Her dedication to making a positive impact will be sorely missed.

Carol was a beloved daughter, sister, mother, grandmother, great-grandmother, and valued member of our community.

RECOGNIZING NATIONAL BUILDING SAFETY MONTH

HON. LOU BARLETTA

OF PENNSYLVANIA IN THE HOUSE OF REPRESENTATIVES

Thursday, May 24, 2018

Mr. BARLETTA. Mr. Speaker, as National Building Safety Month comes to a close, I would like to recognize the men and women of the International Code Council who have dedicated their livelihoods to ensuring the safety of Americans both in their homes and workplaces.

Each year, in observance of Building Safety Month, Americans are asked to consider projects to improve building safety at home and in their communities, and to acknowledge the essential services provided to all of us by local and state building departments and federal agencies in protecting life and property. Building Safety Month, which is sponsored by the International Code Council, reminds the public of the important role safety codes and code officials play in creating and sustaining safe communities.

"Building Codes Save Lives," the theme for Building Safety Month 2018, encourages all Americans to raise awareness of the importance of building safety. The International Codes, the most widely adopted building safety and fire prevention codes in the nations, are used by most U.S. cities, counties, and by all 50 states. These modern building safety codes also include safeguards to protect the public from natural disasters, such as hurricanes, snowstorms, tornadoes, wildland fires, and earthquakes. Similarly, in the U.S. House of Representatives, we have made major strides in promoting pre-disaster mitigation. In particular, I am proud to say that my bill, H.R. 4460, the Disaster Recovery Reform Act, was included in H.R. 4, the FAA Reauthorization Act of 2018, which passed the House on April 27, 2018. The measures in this bill will help our communities better prepare for and respond to disasters of all kind, in keeping with the mission of National Building Safety Month.

Mr. Speaker, please join me in thanking the International Code Council for their work to highlight National Building Safety Month.

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 24, 2018

Mr. BARR. Mr. Speaker, I would like to honor a special Kentuckian, Mr. Kenneth Cassidy from Bath County, Kentucky. Mr. Cassidy is a veteran of World War II.

Mr. Cassidy grew up during the Depression. At the age of 19, he had a good job with the L & N Railroad as a signalman assistant. On December 7, 1941, Pearl Harbor was attacked and life changed for all Americans, including Cassidy. He was drafted in February of 1942,

just prior to his 20th birthday. After training, he was shipped to Hawaii to rebuild communications that were destroyed when the Japanese bombed Pearl Harbor. After that, he was shipped to the Mariana Islands for 26 months of combat. He participated in the invasion of Saipan, the Philippines, and Okinawa. After the Japanese surrendered in 1945, Mr. Cassidy returned home to Bath County.

After coming home, Mr. Cassidy married Birdie Bell Ball in 1953. Mr. Cassidy farmed, logged, built houses, operated heavy equipment, and worked as a mechanic. He also worked for the L & N Railroad and Avon and he owned and operated his own restaurant.

HONORING THE 100TH ANNIVER-SARY OF THE INDEPENDENCE OF THE REPUBLIC OF AZERBAIJAN

HON. STEVE CHABOT

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 24, 2018

Mr. CHABOT. Mr. Speaker, I rise today to honor the Republic of Azerbaijan which celebrates the 100th anniversary of its independence on May 28—next Monday.

On May 28, 1918 the Republic of Azerbaijan declared independence. Tragically, independence was short lived as the Bolsheviks invaded Azerbaijan and the country was eventually absorbed into the Soviet Union. The Azeri people never lost their desire to be free from their Soviet occupiers, however. With the fall

of the U.S.S.R., Azerbaijan once again declared its independence in 1991. The United States recognized Azerbaijan's independence on both occasions.

Azerbaijan has proven to be a key security partner of the United States, providing unwavering support for the NATO mission in Afghanistan dating back to 2002. Azerbaijan also established diplomatic relations with our close ally Israel over 25 years ago and has a small but thriving Jewish community.

Azerbaijan is also a leader in the energy sector. Azerbaijan is spearheading the Southern Gas Corridor which will bring natural gas from the Caspian Sea to our allies in Europe. This diversification of energy supplies will lessen Europe's reliance on Russia. Azerbaijan also provides Israel with 40 percent of its imported energy.

Azerbaijan is a true friend of the United States and I once again commend the Republic of Azerbaijan on the 100th anniversary of its independence.

Prior to his banking career, Mr. Codell worked for Codell Construction Company for 28 years, serving as Vice President. He worked at First National Bank in Jackson, KY as a loan officer then began working at Traditional Bank in 2002. With strong community relations, Mr. Codell has grown the Winchester, KY market in loans, deposits, and a solid customer base. Mr. COLLINS of New York. Mr. Speaker, I rise today to recognize the 150th Anniversary of the hamlet of Lake View in the Town of Hamburg, New York. The history of this hamlet has been shaped by earnest individuals who worked diligently to make Lake View the great place it is today.

NATIONAL MISSING CHILDREN DAY

HON. TED POE

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 24, 2018

Mr. POE of Texas. Mr. Speaker, protecting our children is one of the most important things that we can do for society. In 1983, President Ronald Reagan proclaimed May 25th as National Missing Children's Day. There are very few situations more difficult than when a family member, especially a young child, disappears.

As a former Judge and prosecutor, this is something that I saw first-hand. What do you say to a parent of a missing child? Words are hard to find. 30 years ago, a missing child was akin to a death sentence. A child could be abducted, taken across state lines, and never be seen again. Our best method of locating a missing child was to plaster their images on the sides of milk cartons, encouraging our communities to be on the lookout—a stark reminder of how far we have come.

Last year, in 2017, there were 464,324 children reported as missing in the United States. The statistics paint a grim picture. Of the nearly 25,00 runaways reported to the National Center for Missing and Exploited Children, one in seven were likely victims of human trafficking.

As technology has evolved, so has the way in which we search for missing children. With today's technology, the likelihood of finding an abducted child has seen a sharp increase, mostly due to technological advances, social media, and the way in which searches are conducted.

Before the creation of the National Center for Missing and Exploited Children, there were little or no resources available to assist law enforcement with the cases of missing chil-

dren. In fact, there was no way for police to enter information about missing children into the FBI's national crime computer. Today, thanks to the work of this outstanding organization's work, this is no longer the case. Many children owe their rescue to the center, and many parents are grateful for the return of their kids.

Mr. Speaker, as we observe National Missing Children's Day 2018, it is our duty to ensure that children of this country are protected from those who wish to do them harm.

As we celebrate the good work that the National Center for Missing and Exploited Children does, we pray for those children who have not returned home.

And that's just the way it is.

NATIONAL DEFENSE AUTHORIZA-TION ACT FOR FISCAL YEAR 2019

SPEECH OF

HON. GERALD E. CONNOLLY OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 23, 2018

The House in Committee of the Whole House on the state of the Union had under consideration the bill (H.R. 5515) to authorize appropriations for fiscal year 2019 for military activities of the Department of Defense and for military construction, to prescribe military personnel strengths for such fiscal year, and for other purposes:

Mr. CONNOLLY. Mr. Chair, I rise today in support of my amendment to the FY2019 National Defense Authorization Act offered with Representative STEPHANIE MURPHY, which would provide not less than \$12 million for the assessment, monitoring, and evaluation of our defense security cooperation programs as part of the more than \$700 million this bill authorizes for the Defense Security Cooperation Agency.

Each year, the United States spends as much as \$10 billion on our security cooperation programs.

This includes the Afghanistan Security Forces Fund, the Counter-ISIL Fund, the cooperative threat reduction program, and other security programs that help build the capacity of foreign security forces.

The United States trains, educates, advises, and equips our foreign partners all around the world.

However, we have done next to nothing to understand the effectiveness of these programs at accomplishing their goals and advancing U.S. interests.

I commend the Department of Defense for its work to establish an office tasked with creating a monitoring and evaluation framework for security cooperation programs and conducting evaluations.

I am glad the first evaluation will be conducted this year on military logistics in the Baltics.

This amendment will ensure that this good work continues and expands in a manner commensurate with the amount of money we are currently spending on security cooperation programs.

I thank Chairman THORNBERRY, Ranking Member SMITH, Representative MURPHY for working with me on this amendment.
