PETITIONS AND MEMORIALS

The following petition or memorial was laid before the Senate and was referred or ordered to lie on the table as indicated:

POM-237. A resolution adopted by the House of Representatives of the State of Hawaii urging the President of the United States and the United States Congress to mitigate the high, disproportionately adverse impacts of the Tax Cuts and Jobs Act of 2017 on Hawaii citizens by increasing federal funding of Hawaii housing initiatives; to the Committee on Banking, Housing, and Urban Affairs.

HOUSE RESOLUTION NO. 187

Whereas, Hawaii's cost of living is the highest in the nation; and

Whereas, utility costs in Hawaii are 106.5 percent higher than national average; and

Whereas, housing costs in Hawaii are 103.3 percent higher than the national average; and

Whereas, the national median price of a single-family home is currently \$241,700, while the median price in Hawaii is currently \$772,000; and

Whereas, experts estimate that Hawaii faces a shortage of five thousand housing units, illustrating the depth of the State's housing crisis; and

Whereas, the median age of a single-family home in Hawaii is between thirty to thirty-nine years old, which is disproportionately older than the median age in other states; and

Whereas, the older age of Hawaii homes means homeowners often invest considerable amounts for repairs and upgrades; and

Whereas, the Tax Cuts and Jobs Act of 2017 reduces the debt amount eligible for the mortgage interest deduction from \$1,000,000 to only \$750,000, and eliminates the tax deduction interest on home equity loans if the loan proceeds are used for purposes unrelated to the taxpayer's home; and

Whereas, many tax credits that benefit persons with lower incomes will sunset in 2027, creating a more regressive tax system with higher tax liabilities for those who can afford it least; and
