

over 500 acres of manufacturing plants, more than 300 dealers around the world, and countless good jobs for hardworking Hoosiers in our community.

Northern Indiana leads the RV industry in the United States and, as a community, we are grateful to have this company to inspire future generations of manufacturers and to carry on that legacy.

It is an honor to represent Jayco, the Bontrager family, and the hardworking employees who have played such a vital role in northern Indiana's growing economy for decades.

Mr. Speaker, on behalf of Second District Hoosiers, I want to thank everyone at Jayco for an incredible 50 years, and I look forward to more amazing things to come.

RECOGNIZING PAUL HAMRICK, MONTEREY COUNTY'S 2018 SPELLING BEE CHAMPION

(Mr. PANETTA asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PANETTA. Mr. Speaker, I rise today to recognize Paul Hamrick, Monterey County's 2018 Spelling Bee champion and two-time Scripps National Spelling Bee contestant.

Last year, Paul finished in 35th place, but this year, and just last week, out of over 500 spellers from all 50 States, Paul finished the Bee tied for seventh, the best finish ever for a Monterey County student.

Now, in a lot of ways, Paul is a normal 14-year-old from the central coast of California. He loves *Weird Al Yankovic*, the movie *"Black Panther,"* and he even likes to bowl. But Paul is the only Monterey County student to ever make the evening finals at the National Spelling Bee.

Paul's proud father, Tom, said that Paul studied over 50,000 words this year. That number is incredibly impressive because, according to a 2016 study, the typical English-speaking 20-year-old American only knows 42,000 words.

During last Thursday's Scripps National Spelling Bee, Paul confidently spelled words that most people couldn't even pronounce, like *"soubresaut"* and *"binnacle"* and *"rubricate,"* an impressive run and finish for a very intelligent young man.

Congratulations, Paul. You should be proud of your hard work because, from the central coast of California to right here in the U.S. Congress, we are proud of you.

CONGRATULATING THE 2018 NAIA NATIONAL CHAMPION SOUTH- EASTERN UNIVERSITY MEN'S BASEBALL TEAM

(Mr. ROSS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. ROSS. Mr. Speaker, Southeastern University is a Christian liberal arts college located in my hometown of Lakeland, Florida. The university is known for its commitment to providing students with a Spirit-empowered, Christ-centered education through integration of faith, learning, and service.

Today, I rise to recognize a recent proud accomplishment for Southeastern University. Last Thursday, May 31, 2018, the Southeastern University Fire men's baseball team defeated Freed-Hardeman University to win the National Association of Intercollegiate Athletics World Series.

On their road to victory, the team also defeated four former national champions and had three of their players selected to join the 2018 All-American team: Johnathan Bermudez, Dan Valerio, and Jordan Scott.

The national championship is the first NAIA title by a Fire team since joining the association in the fall of 2009. I am both proud and inspired by this young team and their head coach, Adrian Dinkel, for the determination, commitment, and teamwork they have demonstrated on their road to victory.

Southeastern University is a tremendous educational institution, led by Dr. Kent Ingle, and this win is a terrific achievement not only for the school, but also for our local community.

Go Fire.

RECOGNIZING DENNIS WILLIAMS FOR 40 YEARS OF SERVICE

(Mr. KILDEE asked and was given permission to address the House for 1 minute.)

Mr. KILDEE. Mr. Speaker, today I am proud to recognize Dennis Williams as he retires from United Auto Workers after more than 40 years of service to the union and to our country.

I have known Dennis for many, many years. Throughout his career, he has led the fight to protect the right to collective bargaining and to ensure that all workers, not just those in the union, have fair pay and safe working conditions.

Like the UAW itself, Dennis has always been committed to securing economic and social justice for workers. His experience has carried him through the diverse sectors of the UAW, giving him expertise across the spectrum.

He started at UAW Local 806 as a salvage welder, served in many positions—bargaining chairman, international representative, region 4 director—before becoming international president in 2016.

Dennis Williams' service and success at the bargaining table led to a better quality of life for the UAW's more than 400,000 workers and 580,000 retirees, many of whom I am proud to represent in my home district.

I am grateful to work with leaders like Dennis who have changed our communities for the better, and we will miss Dennis Williams' voice and his

leadership in the union, but we know it won't be lost to the country as he begins this next chapter in his life.

Congratulations, Dennis, on work well done.

RECOGNIZING PARTICIPANTS IN THE 2018 INTEL INTERNATIONAL SCIENCE AND ENGINEERING FAIR

(Mr. YOHO asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. YOHO. Mr. Speaker, I am excited to have this opportunity to recognize and congratulate three exceptional students in my district who placed in the top five for their project categories at the 2018 Intel International Science and Engineering Fair. This competition is the largest precollegiate science fair in the world and is comprised of students from more than 75 countries who come together to compete and share their research with others in their STEM community.

Himanshi Verma, from Eastside High School, received the fourth place award in the biomedical and health sciences category; Gianfranco Cortes-Arroyo, from West Port High School, received the third place award in the mathematics category; and Evan Collins, one of my former district interns and a student at Ridgeview High, received the third place award in earth and environmental sciences category.

STEM education is vital to the advancement of American society, and I am proud to represent students who will lead their generation in innovation and expertise.

Congratulations again to Himanshi, Gianfranco, and Evan, and I wish you all the best in your future endeavors.

RECOGNIZING THE LIFE AND SERVICE OF RAPHAEL ALLEN

(Mr. DESAULNIER asked and was given permission to address the House for 1 minute.)

Mr. DESAULNIER. Mr. Speaker, I rise today to recognize the life and service of Raphael Allen. I join his family and friends to celebrate his life and his service to the Richmond, California, community.

Raphael Allen was born and raised in the Bay Area, where he attended Stanford University. He went on to serve as an editor for Duke University Press and covered a variety of topics relating to the World War II Home Front National Historical Park and Rosie the Riveter Park in Richmond, California.

In 2007, he began volunteering with the National Park Service at Rosie the Riveter, editing exhibits, conducting research, and developing interactive youth programs. He was also a ranger at the Port Chicago Naval Magazine National Memorial, where he assisted with outreach programs at local schools and gave tours of the site, including for myself and our staff.
