

over 500 acres of manufacturing plants, more than 300 dealers around the world, and countless good jobs for hardworking Hoosiers in our community.

Northern Indiana leads the RV industry in the United States and, as a community, we are grateful to have this company to inspire future generations of manufacturers and to carry on that legacy.

It is an honor to represent Jayco, the Bontrager family, and the hardworking employees who have played such a vital role in northern Indiana's growing economy for decades.

Mr. Speaker, on behalf of Second District Hoosiers, I want to thank everyone at Jayco for an incredible 50 years, and I look forward to more amazing things to come.

**RECOGNIZING PAUL HAMRICK,  
MONTEREY COUNTY'S 2018  
SPELLING BEE CHAMPION**

(Mr. PANETTA asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PANETTA. Mr. Speaker, I rise today to recognize Paul Hamrick, Monterey County's 2018 Spelling Bee champion and two-time Scripps National Spelling Bee contestant.

Last year, Paul finished in 35th place, but this year, and just last week, out of over 500 spellers from all 50 States, Paul finished the Bee tied for seventh, the best finish ever for a Monterey County student.

Now, in a lot of ways, Paul is a normal 14-year-old from the central coast of California. He loves *Weird Al Yankovic*, the movie "Black Panther," and he even likes to bowl. But Paul is the only Monterey County student to ever make the evening finals at the National Spelling Bee.

Paul's proud father, Tom, said that Paul studied over 50,000 words this year. That number is incredibly impressive because, according to a 2016 study, the typical English-speaking 20-year-old American only knows 42,000 words.

During last Thursday's Scripps National Spelling Bee, Paul confidently spelled words that most people couldn't even pronounce, like "soubresaut" and "binnacle" and "rubricate," an impressive run and finish for a very intelligent young man.

Congratulations, Paul. You should be proud of your hard work because, from the central coast of California to right here in the U.S. Congress, we are proud of you.

---

**CONGRATULATING THE 2018 NAIA  
NATIONAL CHAMPION SOUTH-  
EASTERN UNIVERSITY MEN'S  
BASEBALL TEAM**

(Mr. ROSS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. ROSS. Mr. Speaker, Southeastern University is a Christian liberal arts college located in my hometown of Lakeland, Florida. The university is known for its commitment to providing students with a Spirit-empowered, Christ-centered education through integration of faith, learning, and service.

Today, I rise to recognize a recent proud accomplishment for Southeastern University. Last Thursday, May 31, 2018, the Southeastern University Fire men's baseball team defeated Freed-Hardeman University to win the National Association of Intercollegiate Athletics World Series.

On their road to victory, the team also defeated four former national champions and had three of their players selected to join the 2018 All-American team: Johnathan Bermudez, Dan Valerio, and Jordan Scott.

The national championship is the first NAIA title by a Fire team since joining the association in the fall of 2009. I am both proud and inspired by this young team and their head coach, Adrian Dinkel, for the determination, commitment, and teamwork they have demonstrated on their road to victory.

Southeastern University is a tremendous educational institution, led by Dr. Kent Ingle, and this win is a terrific achievement not only for the school, but also for our local community.

Go Fire.

---

**RECOGNIZING DENNIS WILLIAMS  
FOR 40 YEARS OF SERVICE**

(Mr. KILDEE asked and was given permission to address the House for 1 minute.)

Mr. KILDEE. Mr. Speaker, today I am proud to recognize Dennis Williams as he retires from United Auto Workers after more than 40 years of service to the union and to our country.

I have known Dennis for many, many years. Throughout his career, he has led the fight to protect the right to collective bargaining and to ensure that all workers, not just those in the union, have fair pay and safe working conditions.

Like the UAW itself, Dennis has always been committed to securing economic and social justice for workers. His experience has carried him through the diverse sectors of the UAW, giving him expertise across the spectrum.

He started at UAW Local 806 as a salvage welder, served in many positions—bargaining chairman, international representative, region 4 director—before becoming international president in 2016.

Dennis Williams' service and success at the bargaining table led to a better quality of life for the UAW's more than 400,000 workers and 580,000 retirees, many of whom I am proud to represent in my home district.

I am grateful to work with leaders like Dennis who have changed our communities for the better, and we will miss Dennis Williams' voice and his

leadership in the union, but we know it won't be lost to the country as he begins this next chapter in his life.

Congratulations, Dennis, on work well done.

---

**RECOGNIZING PARTICIPANTS IN  
THE 2018 INTEL INTERNATIONAL  
SCIENCE AND ENGINEERING  
FAIR**

(Mr. YOHO asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. YOHO. Mr. Speaker, I am excited to have this opportunity to recognize and congratulate three exceptional students in my district who placed in the top five for their project categories at the 2018 Intel International Science and Engineering Fair. This competition is the largest precollegiate science fair in the world and is comprised of students from more than 75 countries who come together to compete and share their research with others in their STEM community.

Himanshi Verma, from Eastside High School, received the fourth place award in the biomedical and health sciences category; Gianfranco Cortes-Arroyo, from West Port High School, received the third place award in the mathematics category; and Evan Collins, one of my former district interns and a student at Ridgeview High, received the third place award in earth and environmental sciences category.

STEM education is vital to the advancement of American society, and I am proud to represent students who will lead their generation in innovation and expertise.

Congratulations again to Himanshi, Gianfranco, and Evan, and I wish you all the best in your future endeavors.

---

**RECOGNIZING THE LIFE AND  
SERVICE OF RAPHAEL ALLEN**

(Mr. DESAULNIER asked and was given permission to address the House for 1 minute.)

Mr. DESAULNIER. Mr. Speaker, I rise today to recognize the life and service of Raphael Allen. I join his family and friends to celebrate his life and his service to the Richmond, California, community.

Raphael Allen was born and raised in the Bay Area, where he attended Stanford University. He went on to serve as an editor for Duke University Press and covered a variety of topics relating to the World War II Home Front National Historical Park and Rosie the Riveter Park in Richmond, California.

In 2007, he began volunteering with the National Park Service at Rosie the Riveter, editing exhibits, conducting research, and developing interactive youth programs. He was also a ranger at the Port Chicago Naval Magazine National Memorial, where he assisted with outreach programs at local schools and gave tours of the site, including for myself and our staff.

Later in his career, Raphael was hired permanently at Rosie the Riveter as a park guide, where he was instrumental in opening the new visitor center. He also supported the development of exhibit content and Rosie the Riveter informational films. He went on to develop a wide variety of programs, which he often presented in the visitor center, highlighting many untold average American stories that existed about the park and the service.

Raphael will be remembered for his service and the mark he left on our community and our country for ensuring its history was passed on to others. He will be sincerely missed.

#### CELEBRATING PASSAGE OF THE VA MISSION ACT

(Mr. THOMPSON of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. THOMPSON of Pennsylvania. Mr. Speaker, yesterday the President signed into law the VA MISSION Act, which takes a number of steps toward giving our veterans the care they deserve. My bill, the VETS Act, was included in this larger package. It will allow VA-employed doctors to practice telemedicine across State lines.

The VA already has an extremely successful telemedicine program, boasting an 88 percent satisfaction rating, but outdated regulations restricted this program from growing to achieve its full potential.

The VETS Act will now allow VA doctors to utilize telemedicine to see patients in any State and any location, including in the comfort of their own home. This is especially helpful for veterans who are battling post-traumatic stress disorder and traumatic brain injury who have had a hard time traveling to a VA facility or live in rural areas.

Mr. Speaker, our veterans deserve the best care available to them, and the VETS Act is one of the provisions of the VA MISSION Act that will advance this care.

I commend the President for signing this bill into law. Telemedicine is better access, better care, and true healthcare reform.

#### HONORING THE LIFE AND LEGACY OF PAULINE GASCA VALENCIANO

(Mr. VEASEY asked and was given permission to address the House for 1 minute.)

Mr. VEASEY. Mr. Speaker, I rise today to honor the incredible life and legacy of Pauline Valenciano.

Pauline was raised in Fort Worth and was able to observe the diversity and vast culture and traditions that are embraced in our community.

I knew Pauline when I first got started in politics in the late 1990s, working at Town Center Mall, which is now La Gran Plaza. But Pauline was one of the very first people that I met, and I am

just very saddened to hear about her loss.

From an early age, Pauline looked up to leaders in the community who gave voice to injustices and fought for equal representation. From observing local Tarrant County School Board races to statewide campaigns, Pauline knew her calling was activism, and she became a fierce leader for the Latino community and for women.

When Pauline got told to dial it down, that meant, for Pauline, that she needed to dial it up. She won the respect of minority groups across Texas as she fought for civil rights and gender equality. As a precinct chair and election judge, she became an icon in the Latino community for giving voice to those who felt silenced.

She also canvassed for John Kennedy and marched alongside Cesar Chavez. Inspired by leaders who were great orators, she spoke about raising the level of discourse in the country. And naturally, in 2016, when the first female candidate for President was on the ballot, she teamed up with local groups to get out the vote. The city of Fort Worth grieves her loss.

The last time I saw her was at a Cinco de Mayo event, and she came up and gave me a big hug. That is the type of person she was in the community, just so inspiring, so encouraging, and a good person. We are going to miss her very much. Her work and legacy will live in Fort Worth for decades and years and years to come.

Everyone is thinking about you, my friend, Pauline. I know that you are looking down, and a lot of people are sad about your loss, but know that you helped make Fort Worth a better place to live for all of us.

#### RECOGNIZING MAGGIE SCARLETT

(Ms. CHENEY asked and was given permission to address the House for 1 minute.)

Ms. CHENEY. Mr. Speaker, I rise today in recognition of Maggie Scarlett of Wilson, Wyoming, who has been awarded an honorary doctorate from the University of Wyoming.

This is the highest award the university confers. Maggie's tireless work on behalf of our great State warrants this well-deserved honor.

Maggie was awarded this honorary doctorate of humane letters for her lifetime of work creating and expanding museum and library collections. Throughout her life, Maggie has given so much back to our great State and our citizens, and she has demonstrated a lifelong commitment to the importance of museums and libraries in preserving our heritage and our history.

She served as a public school teacher in communities across Wyoming and brought educational opportunities, including in the field of speech language pathology, to rural Wyoming.

Maggie was 1 of 10 founding trustees of the National Museum of Wildlife Art

in Jackson, Wyoming, and she was instrumental in securing its recognition as the National Museum of Wildlife Art of the United States.

She also serves on the board of the Buffalo Bill Center of the West in her hometown of Cody, Wyoming, and she earned an appointment by President George W. Bush to serve on the board of the Institute of Museum and Library Services.

Mr. Speaker, Maggie Scarlett is a true inspiration and has set an example for her children, her seven grandchildren, her friends, and people all across our State and Nation. I am extremely grateful for her contributions, and I am blessed to call her my friend.

Maggie and her family deserve to be extremely proud of her work and of this honor.

#### CONGRATULATING THE UNITED STATES MERCHANT MARINE ACADEMY

(Mr. SUOZZI asked and was given permission to address the House for 1 minute.)

Mr. SUOZZI. Mr. Speaker, I rise to congratulate the United States Merchant Marine Academy, located in Kings Point in my congressional district, for 75 years of dedicated service to our country.

“Acta non verba,” the school's motto, means “deeds, not words,” something we all need to strive for. The midshipmen and graduates of the Academy have exemplified the school's motto by faithfully serving the United States in times of war and peace, and for that we are all eternally grateful.

Since its founding in 1943, the United States Merchant Marine Academy has developed a rich history of military and maritime service. It is the only service academy whose students engage in combat during times of war. In fact, 142 of its students gave their lives on behalf of our country during World War II.

In 1974, the United States Merchant Marine Academy became the first service academy to admit women.

After the 9/11 terrorist attacks, staff and midshipmen evacuated civilians from lower Manhattan and transported first responders and supplies to Ground Zero.

Midshipmen are the backbone of our Nation's maritime industry, and they serve as members of the Armed Services as well.

As a member of the Board of Visitors, I am proud of the United States Merchant Marine Academy, their rich history, and the sacrifices its students and graduates have made for our great Nation.

#### RELEASE FUNDS TO THE U.S. VIRGIN ISLANDS

(Ms. PLASKETT asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)
