

coast, the shallowest and most abundant of the Great Lakes. We know what zebra mussels are and quagga mussels. We also know about aquatic plants like phragmites that are just invading and causing all kinds of problems along our shores.

The Aquatic Nuisance Species Research Program works on other species in other parts of the country, so I thank the gentleman for being a champion of the Great Lakes and a champion of so many important causes.

We know that in our Great Lakes we have about a \$6 billion fishery that we are trying to protect, but these quagga and zebra mussels are spreading rapidly. The gentleman is right. It is just an explosion. There is no other way to explain it. They came in in ballast water. We tried to adopt ballast water regulations so it has to be dumped when it is further up the Saint Lawrence Seaway before those ships come down. It didn't happen, so now we have this to contend with.

We are trying to keep these invasive species out of our lakes. We are threatened by the Asian carp. We are trying to fish those out temporarily while we try to find a more genetically impactful solution.

I want to thank the gentleman for transferring \$1 million from the Corps' operation and maintenance account to increase the Corps' Aquatic Nuisance Species Research Program. I commend the gentleman for that and thank him for working so late into the night.

Your constituents are lucky Congressman NOLAN is here.

Mr. NOLAN. Madam Chairman, I yield back the balance of my time.

The Acting CHAIR. The question is on the amendment offered by the gentleman from Minnesota (Mr. NOLAN).

The amendment was agreed to.

Mr. SIMPSON. Madam Chair, I move that the Committee do now rise.

The motion was agreed to.

Accordingly, the Committee rose; and the Speaker pro tempore (Mr. WEBER of Texas) having assumed the chair, Ms. TENNEY, Acting Chair of the Committee of the Whole House on the state of the Union, reported that that Committee, having had under consideration the bill (H.R. 5895) making appropriations for energy and water development and related agencies for the fiscal year ending September 30, 2019, and for other purposes, had come to no resolution thereon.

The SPEAKER pro tempore. The question is on the passage of the bill.
