#### CONGRATULATING THE HALL COUNTY CHAMBER OF COMMERCE'S AWARD RECIPIENTS

### HON. DOUG COLLINS

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

*Thursday, June 14, 2018*

Mr. COLLINS of Georgia. Mr. Speaker, I rise today to recognize the 2018 recipients of the Hall County Chamber of Commerce's annual awards.

Each year, the Hall County Chamber awards local businesses and individuals for the positive impact that they have had on the community.

To honor the accomplishments of individual Hall County residents, the Chamber gave the Distinguished Citizen Award to Benny Bagwell, the W.G. Meador Award to Paul Chambers, and the Community Service Award to State Senator Butch Miller. As a friend to each of these three men, I've seen their devotion to the Hall County community first-hand.

Celebrating the achievements of local businesses, the Chamber awarded Green's Grocery and Millie's Drapery and Decorating with the Small Business of the Year title. Duplicating Products and the Norton Agency earned the Family Business of the Year award.

We can't overlook the risks that men and women take to start a business or the benefits these job creators bring to our community. Keeping a business operating requires perseverance during the difficult times.

The Hall County Chamber of Commerce empowers the community by connecting local businesses and offering resources to support their growth. When local business owners col-

laborate with each other, they can energize the Gainesville economy.

Mr. Speaker, I congratulate this year's honorees on their well-deserved awards and wish them continued success.

#### CELEBRATING THE BICENTENNIAL OF MIAMISBURG, OHIO

### HON. MICHAEL R. TURNER

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

*Thursday, June 14, 2018*

Mr. TURNER. Mr. Speaker, I rise today to honor the City of Miamisburg, Ohio as it celebrates its bicentennial anniversary.

There is only one community on Earth named Miamisburg—and that community is located in my congressional district.

Miamisburg is affectionately known as Ohio's "Star City." The city drew its name from the Native American tribe that inhabited the valley between the Great and Little Miami Rivers.

The area was originally settled by a minister named Zachariah Hole, who came with his family from Virginia in 1797, and built a stockade on the east bank of the river as protection from the Indians. The Indians proved to be friendly, and the stockade attracted additional settlers, mostly from Pennsylvania. The settlers called their community "Hole's Station."

Miamisburg was founded on February 20, 1818, fifteen years after Ohio was admitted into the Union as the 17th State. The community was organized as a village in 1832, and achieved city status one hundred years later, in 1932.

Today, Miamisburg is home to over 20,000 residents, in a community that is known to be one of the best places in the United States to live and raise a family. The entire downtown district is listed on the National Historic Register. In 2008, Ohio Magazine named Miamisburg as one of the state's five "Best Hometowns."

Miamisburg is home to notable citizens including the McGuire Sisters, America's most popular singing trio, who recorded dozens of hit songs during the 1950s and 1960s; George Kinderdine of the Dayton Triangles, who kicked the first-ever extra point in NFL history in the first game played between two professional football teams in 1920; and David Bruton, Jr., a defensive back who helped the Denver Broncos win their third Super Bowl championship in 2016.

Theodore Roosevelt is the only President of the United States known to have visited Miamisburg during his time in office.

The Miamisburg Mound is the city's most visible historic landmark. The Mound is an ancient burial site constructed by the prehistoric Adena Indians approximately 2,500 years ago. It is one of the two largest conical mounds in eastern North America. The site is still intact and serves as a popular picnic destination and tourist attraction for area visitors.

The Mound Laboratory was the first permanent atomic energy facility to be constructed after World War II in the United States. Its work was essential to U.S. national security during the Cold War. The laboratory operated from 1948 to 2003 and served as a facility that conducted research, development initiatives and production for U.S. nuclear weapons and

space programs. Mound scientists and employees worked on a number of NASA missions and projects, including the creation of the nuclear battery (radioisotope thermoelectric generator).

The citizens of Miamisburg will celebrate their city's rich history and vibrant future during a festive week of activities from June 16–23, 2018. Riverfront Park will serve as the city's center stage for its bicentennial celebrations. The festivities include a bicentennial parade, fireworks, performances by the Dayton Philharmonic, the Ohio State University Alumni Band, the U.S. Air Force Band of Flight, and a concert by Country Music Hall of Fame musician Ricky Skaggs.

The week of celebration coincides with the annual Miamisburg Alumni Dinner Dance. The Miamisburg High School Alumni Association is the oldest continuously active high school alumni association in the United States, and has held a reunion each year since its inception in 1888.

Mr. Speaker, I ask my colleagues to join me in congratulating the citizens of Miamisburg, Ohio, as they celebrate this important milestone in their city's history. I want to thank the Miamisburg Bicentennial Committee, Mayor Dick Church, and the many volunteers for all the hard work they have done in preparation for this special event.

May Ohio's "Star City" continue to shine bright for another 200 years.

Mrs. BUSTOS. Mr. Speaker, I rise today to congratulate Ian Kuehl, a senior from Lena-Winslow High School, for earning the 285 pound Class 1A title for the Illinois State Championship in Wrestling.

Ian Kuehl pinned his last opponent of the season in 3 minutes and 25 seconds to claim his title as state champion, and I would like to recognize Ian for his tremendous accomplishment. Ian's dedication and passion for his sport meant that he was determined to win gold and cap off his season of 47 wins and only 1 loss. As a former athlete, I understand the amount of hard work and commitment to be awarded such a title. Ian is an example of the importance of dedication and a strong work ethic. I am proud there is such young talent in our community, and to see him represent Stockton throughout the state.
