HONORING THE CAREER AND ACCOMPLISHMENTS OF MR. JORGE RAMIREZ

HON. DANIEL LIPINSKI
OF ILLINOIS
IN THE HOUSE OF REPRESENTATIVES
Wednesday, June 20, 2018

Mr. LIPINSKI. Mr. Speaker, I rise today to honor Mr. Jorge Ramirez on the occasion of his retirement as president of the Chicago Federation of Labor. Jorge’s reputation as an esteemed and extremely effective leader is well-deserved after 8 years as president and 12 years on the board of the CFL. He fought for and succeeded in making life better for hundreds of thousands of workers and their families.

Jorge Ramirez is the son of Mexican immigrants who grew up on the Southwest Side of Chicago near Midway Airport. His father was a meat packer in Chicago’s Back of Yards neighborhood during the 1960s, working long hours for limited pay and with limited rights. Eventually his father and fellow workers formed a union, knowing that they were stronger together than they were alone. Jorge continued this tradition and found his own way into the industry. First joining the United Food and Commercial Workers International Union Local 1546 in 1988 when he served as Executive Director.

Since his election as the first Latino President of the Chicago Federation of Labor in 2010, Jorge Ramirez worked closely with stakeholders and cultivated a mutual respect with them, avoiding layoffs, improving health insurance for union workers, and stabilizing Chicago’s pension funds. He was critical in ushering in a higher minimum wage for the city starting in 2019, guaranteeing a much better standard of living for so many workers. Jorge’s work was also crucial in establishing a new five-year contract between the city of Chicago and the Coalition of Unionized Public Employees. That agreement alone benefited approximately 20% of the city’s employees, including motor truck drivers, plumbers, laborers, and members of the building trades. Most recently, he led the charge for an $8.5 billion O’Hare Airport expansion plan—an effort that will both modernize one of Chicago’s aviation hubs and create over 60,000 jobs.

In addition to his accomplishments with the Chicago Federation of Labor, Jorge is an active community leader, as well as a devoted husband and father. His roles have included positions with the Cook County Health and Hospitals System Board of Directors, Chicago Infrastructure Trust, and Cook County President’s Council of Economic Advisors, and Federal Reserve Bank of Chicago. Philanthropically, he has donated his time to the Mercy Home for Boys and Girls, the United Way of Metropolitan Chicago, and the Archdiocese of Chicago Office for Immigrant Affairs. All the while, Jorge and his wife, Catrina, have raised four amazing sons for whom he bakes as a hobby; his specialty being cheesecake.

I ask my colleagues to join me in honoring Mr. Jorge Ramirez. His resilience and commitment have helped countless people improve their lives and the lives of their families. I congratulate him on his accomplishments, thank him for his service, and wish him well in his future endeavors.

HONORING THE TOWNSHIP OF MONCTAIL’S 150TH ANNIVERSARY

HON. RODNEY P. FRELINGHUYSEN
OF NEW JERSEY
IN THE HOUSE OF REPRESENTATIVES

Wednesday, June 20, 2018

Mr. FRELINGHUYSEN. Mr. Speaker, I rise today to honor the Township of Montclair, County of Essex, New Jersey, on the occasion of its 150th Anniversary.

The story of Montclair as a settled community begins with the Crane family. Azariah Crane, his wife Mary Treat Crane, and their son Nathaniel, built a home in 1694 near the present intersection of Orange Road and Myrtle Avenue. Other pioneers arrived soon after, and the frontier settlement of Cranetown came into being in what is now the southern part of Montclair.

During the Revolutionary War, First Mountain in Montclair provided observation points for following the movements of the British to the east. A strong tradition holds that both George Washington and the Marquis de Lafayette were in Cranetown briefly in October of 1780. The boulder at the corner of Claremont Avenue and Valley Road marking the site of “Washington’s Headquarters” is one of Montclair’s better-known landmarks.

Beginning about 1800, several developments led to the transformation of Cranetown into a small commercial center. One development was the opening of a general store by Israel Crane. Further, in 1806, Crane led a group of businessmen in obtaining a charter from the State for building the Newark-Pompton Turnpike. Constructed over the next several years, the turnpike came through Montclair as Bloomfield Avenue and vastly increased the flow of commerce. Israel Crane broke new ground as well in opening a wool mill on Toney’s Brook. Other small industries followed. Also important for the economic development of the area was the completion of the Morris Canal in 1831. In 1812, the Bloomfield ward of Newark became a separate township, which included the future Montclair. The village of Cranetown now became known as West Bloomfield and a post office was established under that name.

The most decisive event for the emergence of Montclair was the coming of railroads. By 1860 West Bloomfield was becoming a commuter town with its own marked identity and influential residents persuaded the post office to adopt the name Montclair.

The population of the community grew rapidly as New York businessmen and their families began building homes along the mountain-side. The new residents sought to create in Montclair a model “country town” with convenient access to the city. Their vision was shared by a notable artist colony that began forming in the 1870’s. A central figure was the landscape painter, George Inness. Able and dedicated community leaders endowed the town with superior schools, an excellent public library, a distinguished art museum and many large and influential churches.

By the opening of the 20th century, a richly diverse population characterized the community. A new influx of New Englanders was joined by African-Americans from the South and by Irish, Germans, Italians, Scandinavians and others newly arrived from Europe. Great mansions went up, but so did many modest homes. Between 1880 and 1930, Montclair’s population leaped from 5,147 to 42,017. The period following World War II was marked by tremendous expansion of the metropolitan area. New suburbs popped up in the hinterland along with shopping malls and corporate offices.

Montclair is home to New Jersey’s second largest public university, Montclair State University. Building on a distinguished history dating back to 1908, Montclair State University is a leading institution of higher education in New Jersey. Designated a Research Doctoral University by the Carnegie Classification of Institutions of Higher Education, the University’s 11 colleges and schools serve more than 21,000 undergraduate and graduate students with more than 300 doctoral, master’s and baccalaureate programs. Situated on a beautiful, 252-acre suburban campus just 12 miles from New York City, Montclair State delivers the instructional and research resources of a large public university in a supportive, sophisticated and diverse academic environment.

Today Montclair is a community of about 39,000 inhabitants. Its heritage in education has been enhanced by its innovative public and private school educational programs and the expanded offerings at Montclair State University. Once again it has become a haven for artists and writers. This is a seasoned community whose many old houses enhance its charm, yet at the dawn of a new century, Montclair remains alive to the spirit of the times.

Mr. Speaker, I ask that you and our colleagues join me in congratulating the Township of Montclair on the occasion of its 150th Anniversary.
