

EXTENSIONS OF REMARKS

JAMES AND JANE LONG

HON. TED POE

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Friday, June 22, 2018

Mr. POE of Texas. Mr. Speaker, Texas has a proud history, and the names of Texas heroes—Sam Houston, Juan Seguin, and, my hero, William Barrett Travis—are still remembered and venerated by Texans. Two names that are often unjustifiably left out of this group are James and Jane Long.

A veteran of the War of 1812, Dr. James Long was a doctor living in Natchez, Mississippi, in 1819. In that year, the United States and Spain agreed on the Adams-Onís treaty, in which Spain relinquished control over Florida and the United States rescinded claims to the land west of the Sabine River in Texas.

Long and his friends didn't like that they no longer had access to a land they considered their birthright. They decided to take action.

Dr. Long proposed the establishment of Texas as an independent and sovereign nation. Together with eighty of his friends, as well as his wife, Jane, and their newborn infant, Long rode to Nacogdoches. By the time his group reached the Texas settlement, they were over 300 strong. Internal resistance and uncertainty had plagued Spanish Texas, and so Long's party easily took control of Nacogdoches.

They then gathered for a solemn convention. On June 23, 1819, under the heat of the Texas sun, the group proclaimed Texas a free and independent nation and elected Dr. Long as its first president. They became the first to champion the Lone Star. Indeed, the Lone Star featured prominently on their flag, which adopted the 13 red and white stripes of the American flag and placed a single star in the top left-hand corner.

The fate of Long's new Texas Republic was cruel and short-lived. Spanish forces, upon hearing of Long's presence in Nacogdoches, marched east from Bexar (modern-day San Antonio) and drove Long's forces out, killing his brother in the process. Long traveled with his young family to New Orleans, and, determined not to give up on his dream, attempted to stir up support for a second expedition. He found a willing partner in Don Felix Trespalacios, and in 1829, the two departed by sea, bound for the Texas coast.

After landing at a place they named Point Bolivar, in honor of the South American revolutionary, Long took forces inland while Trespalacios sailed onward to spread revolution elsewhere. When his forces took La Bahia, however, Spanish troops struck back and forced their surrender. Long became a captive and traveled to Mexico City to await his fate. Amid mysterious circumstances, Long was shot and killed while in Mexico City, leaving his young wife and two children alone to fend for themselves at Point Bolivar.

Texas women are fiercely courageous, and Mrs. Long was no different. Though she was just twenty-one years old, she was determined not to become a victim of her own circumstances. She fended off would-be Indian assailants while wintering in Galveston Bay, and in the spring, she traveled on horseback with her two young children and an enslaved woman to Bexar and then to Monterrey, hundreds of miles across the open, rugged Texas landscape. She was determined to bring her husband's murderer to justice, but even her indomitable spirit could not overcome a turbulent political climate. Unsuccessful but not bowed, she rode back to Mississippi with her children. She later made her way back to Texas, settling at Richmond near the coast, and died on Texas soil in 1880.

Mr. Speaker, James and Jane Long are vital to the history of Texas. These two individuals helped sow the seeds of independence in the minds of Texans. Members of Long's expedition, in particular Ben Miram and Jim Bowie, later played integral roles in winning Texas independence from Mexico. While their contribution has often been overlooked by history, their names should live beside those of Houston, Seguin, and Travis as true Texas heroes. And that is just the way it is.

CELEBRATING THE RISE OF BLACK WOMEN IN POLITICS

HON. TERRI A. SEWELL

OF ALABAMA

IN THE HOUSE OF REPRESENTATIVES

Friday, June 22, 2018

Ms. SEWELL of Alabama. Mr. Speaker, I stand before you today to address a new wave sweeping the state of Alabama and the nation. In response to the Trump administration's continued attack on women as well as the #MeToo movement, at least 70 African-American women ran for office in the Alabama primary on June 5th. These women ran for their local school boards, for county judgeships, for state lawmakers, and for Congress.

Black women have been the backbone of families and communities for generations, providing an unwavering source of strength. I know I stand on the shoulders of such women of strength, like Shirley Chisholm, Harriett Tubman, and Amelia Boynton Robinson. Moreover, I am inspired every day by my mother, Nancy Garner Sewell, who was the first African American female elected to the City Council of Selma, Alabama. These dynamic black women gave all they had to create a more just and free America. Yet, the fight is long from over.

As the first African-American woman elected to Congress from the State of Alabama in 2010, I am overjoyed to see so many others enthusiastic to serve their communities by running for office. Black women are refusing to sit idly on the sidelines. Whether it is on issues

of access to quality healthcare, education, equal pay for equal work, or engagement in the political arena, we have women from around the country that are joining the fight to let the world know that we will hold our elected officials accountable on issues that affect us, our families, and our communities.

As more black women continue to speak out and run for office, I look forward to welcoming them to the table.

HONORING DR. JAMES BOK WONG

HON. JUDY CHU

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Friday, June 22, 2018

Ms. JUDY CHU of California. Mr. Speaker, I rise today to honor the life of Dr. James Bok Wong, who passed away on May 25, 2018 at the age of 96. Dr. Wong was a lifelong leader in his community, an immigrant, a businessman, and a veteran.

Dr. Wong was born in Canton, China in 1922. After immigrating to the United States in 1938, he served with the famous Flying Tigers Air Corps, the first American Volunteer Group of the Chinese Air Force during World War II. Following his service, he earned a Bachelor of Science in Agriculture and Chemical Engineering from the University of Maryland under the G.I. bill, and went on to earn both a Master of Science and PhD in Chemical Engineering from the University of Illinois. An entrepreneur and businessman, Dr. Wong rose to become a distinguished figure in the biochemical industry. He served as chief economist and director of international technologies for Dart Industries, and founded his own company, James B. Wong Associates, Inc., through which he licensed U.S. technologies to spearhead the dairy industry in China.

In 1971, Dr. Wong founded the Chinese American Citizens Alliance Foundation to support the growing Chinese American community in Los Angeles. The foundation has provided educational and leadership opportunities to countless young people and played a key role in encouraging civic engagement. Dr. Wong was also a longtime leader in the Chinese American Citizens Alliance, serving as national marshal, president, and a member of the board of directors. Recognized with an L.A. Outstanding Volunteer Service Award in 1977, Dr. Wong later received a History Makers Leadership Award by the Chinese American Museum in 2014.

Dr. Wong leaves behind an enduring legacy of dedication and service to his country and his community. He is an inspiration to all those who knew him and it is my honor to commemorate his life.

RECOGNIZING MARGOT JAMES
COPELAND

HON. MARCIA L. FUDGE

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Friday, June 22, 2018

Ms. FUDGE. Mr. Speaker, I rise today to honor Margot James Copeland and acknowledge her achievements. She is known for her commitment to improve the local economy and foster inclusive multicultural and multiracial relations in Cleveland, Ohio. Mrs. Copeland is an integral force for change in shaping an inclusive urban community that welcomes constructive change by means of intercultural dialogue and cooperation.

A native of Richmond, Virginia, Mrs. Copeland graduated from Hampton University with a Bachelor of Science degree in physics. She went on to receive her Master of Arts in Educational Research and Statistics from the Ohio State University.

Mrs. Copeland began her corporate career at Xerox Corporation, Polaroid, and Picker International. She later served as Executive Director for Leadership Cleveland before becoming President and CEO of the Greater Cleveland Roundtable.

Currently, Mrs. Copeland is Executive Vice President and Director of Philanthropy and Civic Engagement at KeyBank, one of the nation's largest bank-based multi-line financial services companies. In her role, Mrs. Copeland also serves as Chair and CEO of the KeyBank Foundation, where she guides strategic philanthropic investments promoting affordable home ownership, high quality education, and small business growth. By supporting organizations and programs, she helps make dreams become reality. Mrs. Copeland has been a proven leader in a number of community organizations and sits on several boards. She is the 15th National President of The Links, Inc., serving from 2010 to 2014. She served as President of the Junior League of Cleveland, sat on the Kent State University Board of Trustees, acted as a Protege Program Advisor for Morehouse College, and was a member of the Business School Advisory Board at Hampton University. Mrs. Copeland's public service is marked by her appointment as Vice Chairperson of the Cleveland Bicentennial Commission and, subsequently, the Cleveland Millennium Commission by former Mayor Michael R. White, whose second term Inaugural Committee she chaired. She also served on the Transition Committee for current Cleveland Mayor Frank Jackson.

Mrs. Copeland's extensive record of excellence in service to her community makes it truly an honor to know her, and it gives me great pleasure, Mr. Speaker, to celebrate her today.

HONORING THE LIFE OF GERALD
'JERRY' EIGHMY

HON. MIKE KELLY

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Friday, June 22, 2018

Mr. KELLY of Pennsylvania. Mr. Speaker, I rise today to honor the life of Gerald 'Jerry' Eighmy, who passed away on Tuesday, May

15, 2018 after a lengthy illness. Jerry is survived by his wife of 56 years—Mary, his sons Scott and Harry (both of Erie) and eight beloved grandchildren who will proudly carry on the legacy of their admirable grandfather.

Jerry was born on December 17, 1940 in Cleveland, Ohio. He moved to Conneaut early in life and has been a lifelong resident ever since. After graduating from Conneaut High School, Jerry worked on the ore boats for US Steel to gather up the money needed to go to college.

He attended Heidelberg College in Tiffin, OH getting a degree in chemistry. Shortly after graduating, Jerry started working for his father at the family machining company, the Eighmy Corporation in Conneaut. Over the years, Jerry was instrumental in growing and advancing the company.

In 1984, Jerry started American Turned Products in Erie, PA. American Turned Products has grown into a thriving manufacturing company, with two plants in Erie County that serve the automotive, appliance, military and hydraulics industries.

During his time in the machining industry, Jerry became very involved with the National Screw Machine Products Association, now called the Precision Machined Products Association (PMPA). PMPA is an international trade association that represents the interests of the precision machined products industry and provides programs and services to ensure members stay ahead of the curve and ready to compete on a global scale.

Jerry was actively involved in many PMPA committees over the years and also served on the PMPA's Finance, Executive, and Pension Committees. Jerry served a five year term as Association Treasurer before transitioning to Association Second Vice President, First Vice President, and eventually President elect. In order to acknowledge his service to the association and industry in general, Jerry was presented with the merit award, the association's highest honor.

Jerry continuously strived to make a difference and better the lives of those around him, which he did through a number of capacities. He was a board member and past President of the NWPMA Manufacturers and business association and served on the board of Brown Memorial Hospital for 25 years until becoming the chairman. In addition, Jerry was instrumental in the creation of the sports complex for the Conneaut School System, where he was not only the major monetary donor for the project but also donated the land for the track and soccer field, which bears his name today.

In serving his family and community, Jerry was a leader in the truest sense of the word and a role model for those who were privileged to know him. He set a standard of excellence and generosity that is both admirable and praiseworthy. Furthermore, Jerry was a class act that will be remembered for his distinguished career and selfless personality.

Mr. Speaker, please join me in honoring the memory of Jerry Eighmy, a service-minded individual who leaves behind a legacy of compassion and integrity that will positively impact the Conneaut community for years to come.

RATIFICATION OF THE
CONSTITUTION

HON. TED POE

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Friday, June 22, 2018

Mr. POE of Texas. Mr. Speaker, the year was 1787. The American experiment was in trouble. After the Revolution, the colonies came together to draft the Articles of Confederation, which enumerated the powers of the new government. This document, however, left the government unable to regulate interstate commerce, raise revenue through taxes, or support a national defense. Many of the colonists had become restless, and some like Daniel Shays even began openly revolting against the newly founded government.

It was time to act. Fifty-five men from around the colonies made the arduous trek to Philadelphia, where they crammed inside Independence Hall, the same venue where, just eleven years before, many of the individuals present hammered out and ratified the Declaration of Independence. Under the leadership of the gentleman from Virginia, Mr. George Washington, the delegates debated a new direction for the fledgling government. The document that was finally agreed upon by the delegates was what we know today as the United States Constitution. The document outlined a federal government made up of three branches that could each check and balance the powers of the others.

After much debate, it was up to the delegates to gain the ratification of their respective states. They returned home and attempted to whip up support for the Constitution, needing nine states out of thirteen to successfully bring the Constitution into law. Some went to great lengths to promote the Constitution. Alexander Hamilton, James Madison, and John Jay published the Federalist Papers under pseudonyms, a series of essays that highlighted the advantages of the document.

Slowly but surely, the ratifications trickled in. Delaware, Pennsylvania, New Jersey, Georgia, and Connecticut were the first to support the document. Massachusetts, Maryland, and South Carolina followed suit, and finally on June 21, 1788, New Hampshire provided the ninth and decisive ratification. The Constitution was adopted by the U.S. government on March 4, 1789, and the other colonies soon ratified the document, successfully uniting the nation.

More than any individual or group, the documents drafted and adopted by our Founding Fathers shaped who we are as a nation. The Constitution provides us the structure to defend, govern, and implement the beliefs and freedoms enshrined in the Declaration of Independence and the Bill of Rights. It establishes that we the people, not a king or tyrant, would govern our nation.

Mr. Speaker, George Washington hailed the Constitution as "the guide in which I will never abandon." Today, on the occasion of the 230th anniversary of the ratification of this document, let us remember the oath that we took before taking office to support and defend this guide, the very essence of our democracy.

And that is just the way it is.

RECOGNIZING HEALTH SERVICES
INCORPORATED FOR 50 YEARS OF
OUTSTANDING HEALTHCARE
SERVICE

HON. TERRI A. SEWELL

OF ALABAMA

IN THE HOUSE OF REPRESENTATIVES

Friday, June 22, 2018

Ms. SEWELL of Alabama. Mr. Speaker, today I am honored to congratulate Health Services Incorporated on its 50th anniversary of providing affordable health and wellness services to residents of Alabama's 7th Congressional District.

Throughout its 50-year history, Health Services has provided extraordinary healthcare service to the City of Montgomery and its surrounding communities. As a participant in the Federal Health Center Program, Health Services has worked tirelessly to improve the health of the underserved by delivering primary care, pediatric services, dentistry, optometry, family planning, counseling services, veteran benefits, WIC services, and healthcare enrollment services.

Health Services traces its origin back to the late Senator J. Lister Hill, an innovator in his own right who pioneered healthcare legislation such as the Hill-Burton Act. This act was instrumental in providing federal funds to construct medical facilities such as Health Services with the goal of expanding quality health coverage to all Americans, especially those in rural or lower income areas.

Beginning as a small clinic in the basement of Montgomery City Hall in 1968, Health Services used funds made available by the Hill-Burton Act to construct their first clinic in the early 1970s. The building was renamed the Lister Hill Health Center in 1973 to honor Senator Hill. After the renaming, Health Services began expanding its operation, opening its second clinic in 1981 to serve Montgomery County's rural population.

In 1995 Health Services opened its first school-based center and began expanding into other rural Alabama counties, including its Lowndes County office in 1998. Since then, the doctors and providers at Health Services have expanded to 10 locations across 5 counties. Health Services has grown to be the number one healthcare provider to the underserved in South Central Alabama.

All of Health Services' locations operate on a sliding fee schedule to ensure the availability of quality health care to all of those who need medical attention. In addition to helping patients register for federal healthcare programs, Health Services also pioneers programs to bring health information to the communities it serves.

Presently, Health Services Women's Pavilion sees an average of 450 obstetrical patients and another 300 women seeking gynecological services each month. For low-income families without health insurance, Health Services' low fees and accessible healthcare are invaluable. In Montgomery County, Alabama, 15.8 percent of the population is uninsured, and in Lowndes County, 17 percent of Alabamians are uninsured. Without groups like Health Services, it would be extremely difficult for underserved residents in Montgomery, Lowndes, and other counties across Central Alabama to have access to quality healthcare.

On behalf of the 7th Congressional District, the State of Alabama and this nation, I ask my

colleagues to join me in celebrating the tremendous accomplishments and extraordinary contributions of Health Services Incorporated—an organization that has worked tirelessly to provide quality and innovative healthcare to the citizens of Alabama for more than 50 years.

RUSSIAN AND CHINESE NUCLEAR
ARSENALS: POSTURE,
PROLIFERATION, AND THE FUTURE
OF ARMS CONTROL

HON. TED POE

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Friday, June 22, 2018

Mr. POE of Texas. Mr. Speaker, the world today is in a new era of great power rivalry. Resurgent Russia and China are challenging U.S. interests across the globe. Both are rapidly modernizing their militaries to directly challenge America's dominance on the battlefield and to undermine our alliances around the world. The potential for major conflict is closer now than it has been since the Cold War.

China and Russia's rising power has huge implications for how we trade, how we target rogue regimes, and how the entire international system works. While we often focus on Iran and North Korea's nuclear programs, we tend to overlook the two atomic arsenals that pose the greatest danger to our security. But with Russia and China's aggressive behavior in places like Ukraine, Georgia, and the South China Sea, we are forced to rethink our deterrence against such threats.

Comparing our nuclear arsenals, it's clear China and Russia have been intent on challenging U.S. dominance and coercing our friends for some time. While we have barely upgraded some of our nuclear systems since they were first deployed in the early 1980s, China and Russia have introduced new weapons. We may be reluctant to maintain and upgrade such devastating weapons, but our strategic rivals are not. If we allow Russia or China to achieve nuclear superiority over us, the results will be dire for our allies and for the international order we have spent decades building.

Just in March, Vladimir Putin unveiled several new nuclear weapons intended to make our missile defenses "useless." They include a new heavy ICBM, a nuclear-powered cruise missile with "unlimited range," and a nuclear-powered unmanned submarine designed to sneak into coastal cities and explode. Such a heavy investment in nuclear arms is concerning and demonstrates Putin's priority is not disarmament but strategic dominance.

However, Putin left something out of his threatening display. He did not include the new ground-launched cruise missile which the State Department has said for years is violating the INF Treaty. This missile undermines years of arms control negotiations and the good faith we have hoped to build with the Russians since the end of the Cold War. With the New START treaty expiring in 2021, the INF violation casts real doubt on continued strategic arms limitations with the Russians going forward. If the START treaty expires, the Russians will be completely free to expand their nuclear stockpile to what it was during the darkest days of the Cold War. This will

likely force others—including ourselves—to also build more bombs.

Worse, now that China is a major rival, we could be pushed into a situation more dangerous than the Cold War. We have been fortunate that China has kept its nuclear stockpile relatively small, focusing on minimal deterrence. But China is building new delivery systems to match our own and is not restrained to arms control agreements like those between the U.S. and Russia. China is rapidly building new ballistic missile submarines and mobile ICBMs which will further strain our military's ability to track. Beijing is also making advances in hypersonic missiles that will make early warning systems ineffective.

Yet, the major concern with China is its willingness to proliferate nuclear technology to rogue regimes. Iran, North Korea, and Pakistan have all benefited from Chinese assistance. In many cases, China has directly sold nuclear and missile technology to these terrorist regimes. China's low regard for non-proliferation standards has been irresponsible and created increased instability around the globe.

For too long we have not addressed the source of these rising threats. North Korea and Iran are major problems, but they would be far more isolated and far less dangerous if they did not have backing from Russia and China. Even our need for missile defense—which China and Russia claim is so destabilizing—would be unnecessary if these rogue regimes did not have help from Moscow and Beijing.

As we think about the future of our nuclear forces and the future of arms control, we must have a clear view of the threats we face. China and Russia are capable adversaries. Left unchecked they will surpass us and make the world less safe. Therefore, we must continue to engage them to restrict the number and capability of these terrible weapons while making clear we will not allow them to gain the nuclear advantage.

Ronald Reagan once said, "a nuclear war cannot be won and must never be fought." We must continue his legacy by seeking a world without nuclear arms.

And that's just the way it is.

RECOGNIZING THE BAY AREA
CLIMATE ACTION FORUM

HON. JERRY MCNERNEY

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Friday, June 22, 2018

Mr. MCNERNEY. Mr. Speaker, I rise, along with my colleagues from the Bay Area, Representatives MARK DESAULNIER, ANNA ESHOO, JOHN GARAMENDI, JARED HUFFMAN, BARBARA LEE, JACKIE SPEIER, ERIC SWALWELL and MIKE THOMPSON.

As members who represent Bay Area communities, we are proud to stand in support of the Bay Area Climate Action Forum, which will be held both before and after the Global Climate Action Summit in San Francisco.

Science continues to produce overwhelming evidence that climate change is accelerating and bringing increasingly negative impacts around the globe. The devastating, and in some cases irreversible, costs impact our economy, health and the general wellbeing of all residents in the San Francisco Bay Area and around the globe.

The United States was one of the original United Nations member countries to vote to adopt the historic Paris Climate Accord, which commits to a global initiative to combat climate change and its effects. Unfortunately, this administration has withdrawn the U.S. from this vital global agreement.

Many American cities and states, especially the San Francisco Bay Area and throughout California, are committed to meeting the objectives laid out in the Paris Climate Accord. As their representatives in Congress, we are dedicated to maintaining the United States' role as a global leader and will continue to advocate for the U.S. to be an active participant in fulfilling the principles and objectives of the Paris Climate Accord.

Mitigating the effects of rapid climate change is a global imperative that requires participation from all levels of government, as well as private industry, non-governmental organizations and individuals in our global community.

We applaud the collaboration of those stakeholders in the San Francisco Bay Area who have joined together to hold the Bay Area Climate Action Forum. They are leading by example to show that a regional commitment to climate action is a critical component to finding sustainable solutions.

HONORING THE UNC CHARLOTTE
MEN'S RUGBY TEAM

HON. RICHARD HUDSON

OF NORTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

Friday, June 22, 2018

Mr. HUDSON. Mr. Speaker, I rise today to honor the UNC Charlotte 49ers Men's Rugby Team and congratulate them on their National Men's DII 7s Championship. The 49ers defeated the University of Wisconsin Whitewater on May 20, 2018.

Led by Coach Brent "Bo" Pasko, UNC Charlotte capped off an impressive undefeated 2018 season and won its third straight Southern Rugby Conference championship. In the quarterfinals, the team defeated Principia College and moved on to eliminate Bloomsburg University in the semifinals. In the championship game, the Niners bested the University of Wisconsin Whitewater (38-10) to secure a perfect record during the tournament.

The 49ers jumpstarted the championship game with fly half and MVP Michael Basnett scoring the first two tries in rapid succession. Wisconsin Whitewater responded by drawing the game within two points before Basnett crossed once more—advancing the score to 19-10. In the second half, the 49ers opened the flood gates and tries were scored swiftly. Basnett dominated the second half, scoring at will and orchestrating the 49ers' offense to perfection.

It was an immense victory for UNC Charlotte. In defeating the University of Wisconsin Whitewater, the 49ers upset the reigning Division II Rugby 15s and 7s champions. As a proud UNC Charlotte Rugby Alumnus, it brings me great pride to recognize these extraordinary young men as well as all of the coaches and support staff that made this Championship possible. The hard work and dedication exhibited by each member of the team during the season will continue to serve

them well in life. They are a source of pride to both UNC Charlotte as well as the surrounding community. I already can't wait to see what 2019 has in store for the 49ers.

Mr. Speaker, please join me today in congratulating the UNC Charlotte 49ers Men's Rugby Team on their national title. Go mean green.

COMMEMORATING THE 55TH ANNI-
VERSARY OF THE INTEGRATION
OF THE UNIVERSITY OF ALA-
BAMA

HON. TERRI A. SEWELL

OF ALABAMA

IN THE HOUSE OF REPRESENTATIVES

Friday, June 22, 2018

Ms. SEWELL of Alabama. Mr. Speaker, I rise today to honor the countless brave men and women who worked to achieve integration on the campus of the University of Alabama (UA). This battle was finally won on June 11, 1963, nearly a decade after the U.S. Supreme Court declared segregation unconstitutional in the 1954 landmark case of *Brown v. Board of Education*. On that day, school officials attempted to allow black students to enter the University of Alabama, while then-Governor George C. Wallace took his infamous "Stand in the Schoolhouse Door."

During the stand, Governor Wallace stood at the doors of Foster Auditorium at the University of Alabama to physically, and symbolically, block the entry of two black students: Vivian Malone and James Hood.

While Hood and Malone's attempt to desegregate the University of Alabama was historic, they were not the first black students to apply or attend the school. Autherine Lucy, a graduate student from Shiloh, had been accepted to the University and attended for three days in 1956. In response to her attendance, mob violence broke out on UA's campus, and university officials said the school could no longer protect Lucy. She filed an unsuccessful lawsuit against the University, which was used as an excuse to expel her.

Five years later, with the help of the NAACP Legal Defense and Educational Fund of Alabama, Hood and Malone applied to enroll at the University of Alabama. Their applications were denied and the two students faced threats for even applying, but Hood and Malone persisted. After two years of court proceedings, District Court Judge Harlan Grooms granted Hood and Malone permission to enroll at the University of Alabama, ruling that the University was in violation of the U.S. Supreme Court's ruling in *Brown v. Board of Education*.

Despite the ruling, Governor Wallace blocked the school doors, even as federal authorities demanded he step aside. When Wallace refused to budge, President John F. Kennedy called for 100 troops from the Alabama National Guard to assist federal marshals in helping Hood and Malone enter campus. At that point, Governor Wallace stepped aside.

In 1965, Malone received a Bachelor of Arts in Business Management and became the first African American to graduate from the University of Alabama. Hood left the University after only two months, but returned in 1995 to begin earning his doctorate degree. On May 17, 1997, he received his Ph.D. in Interdisciplinary Studies.

The legacy of Wallace's stand in the schoolhouse door is twofold. Although it is a reminder of the sacrifices made by African American students seeking a higher education, it also served as a turning point for the first steps toward racial equality at the University and within the State of Alabama.

We commend the bravery and determination of the students who continued to fight for their rights and for equal access to education despite facing resistance from all levels of society. We also recognize the importance of continuing to work towards creating a more fair and just society for all citizens.

In the years since the "Stand in the Schoolhouse Doors," Malone, Hood, and countless others have been able to rightfully enroll at the University of Alabama. To this day, students of all ethnicities and backgrounds, including those involved in UA's Black Alumni Association, have gone on to earn undergraduate, graduate, and professional degrees from the University of Alabama. As Malone reflected on her time at the University, she hoped that her impact would be lasting. "I was just one person, but I think of the thousands of people who came after me, and I would just like to think their road might have been a little bit easier, [because of us]" Malone said.

It is because of the courage shown by Vivian Malone and James Hood that students from the University of Alabama have since been able to create a Black Alumni Association dedicated to alumni engagement, scholarship support, mentoring, and networking. Since it was established in 2016, the group has contributed more than \$16,000 in donations towards the AAAN Endowed Scholarship Fund.

Since 1963, the University of Alabama has continued to solidify its legacy by exemplifying its continued commitment to inclusion and equality for all persons willing to learn and grow on their campus. Regardless of race, the University of Alabama promises to welcome all students through its doors.

I ask my colleagues to join me in celebrating diversity and inclusion at the University of Alabama on the 55th anniversary of its integration.

RECOGNIZING MR. NATHAN
CHITTENDEN OF DUTCH HOLLOW
FARM IN SCHODACK LANDING,
NEW YORK

HON. JOHN J. FASO

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Friday, June 22, 2018

Mr. FASO. Mr. Speaker, it is with great respect and admiration that I rise today to recognize the many achievements of Mr. Nathan Chittenden of Dutch Hollow Farm in Schodack Landing, New York. Nate has been named the recipient of Cornell University's prestigious Hometown Alumni Award. This designation recognizes Cornell graduates who have returned to their hometown to start or develop a business while also being active and engaged members of their communities.

Nate is a third-generation farmer, carrying on his family's rich dairy farming tradition. Following his graduation from Cornell in 2000 with a degree in dairy science, he returned to the family farm. Since then, he has grown

Dutch Hollow Farm and has become an esteemed advocate and clarion voice for the dairy farming industry across New York State.

Dairy farming is a vitally important part of our identity in Upstate New York, and Nate has worked tirelessly to ensure it remains the engine of our local economy. Through his active participation in the Columbia-Greene Cornell Extension Board, the Agri-Mark Young Cooperators Board, and as a local 4-H dairy leader for over two decades, Nate has become a fixture within the farming community as well as the greater Rensselaer County community.

This Hometown Alumni Award is a true testament to Nate's steadfast commitment to his community and to dairy farming. I cannot think of anyone more deserving of this honor. Mr. Speaker, I ask that my colleagues join me in congratulating Nate on receiving this award. His lifetime of hard work is inspirational, and I am grateful for his many contributions to New York State and to our robust dairy industry.

PERSONAL EXPLANATION

HON. JASON LEWIS

OF MINNESOTA

IN THE HOUSE OF REPRESENTATIVES

Friday, June 22, 2018

Mr. LEWIS of Minnesota. Mr. Speaker, on June 20, 2018, during roll call vote No. 276 and No. 278 on the passage of H.R. 5797, the IMD CARE Act, and H.R. 6082, the Overdose Prevention and Patient Safety Act, I was not present on the floor to cast my vote. I fully intended to vote "yes" on both pieces of legislation which will help address the opioid crisis facing our nation.

HONORING WALTER J. CORTER

HON. THOMAS MacARTHUR

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Friday, June 22, 2018

Mr. MACARTHUR. Mr. Speaker, I rise today to honor the career and community contributions of Walter J. Corter, of the Third Congressional District, who will retire on July 1, 2018, after over thirty four years of public service to Burlington Township.

Walter has dedicated his career to serving the public. He was hired as a Burlington Township Police Officer in 1974 and held various assignments in the Patrol Division and Investigation Division. He was then appointed as the Public Safety Director in 1983, and remained in that position until 1994. From 1995 to 2003, he served as the Chief of Investigations for the Burlington County Prosecutor's Office. He additionally served 12 years as Burlington Township's Emergency Management Coordinator. In 2004, he returned to the role of Public Safety Director where he remained until 2011. He was ultimately appointed as the Township Administrator in 2012 and has served in that position ever since.

Walter has received numerous recognitions throughout his career, including several lifetime achievements from the Jewish Relations Council of South Jersey, the Burlington County Prosecutor's Office, the FBI National Acad-

emy Associates, and the Burlington County Police Chiefs Association. He has served on FBI Director Mueller's National Law Enforcement Advisory Committee and is a lifetime member of the International Association of Chiefs of Police and the FBI National Academy Associates. Through his efforts, several partnerships have been formed with various agencies and organizations, which continue to benefit the residents of Burlington Township.

Walter is a highly respected individual whose leadership abilities, perseverance, and integrity are widely recognized and demonstrate his commitment to public service. He has continued to further initiatives and programs within Burlington Township that benefit the community as a whole.

Mr. Speaker, the people of New Jersey's Third Congressional District are tremendously honored to have Walter J. Corter as a member of their community. Walter has shown a desire to serve the public and to give back to his community, and has worked continuously to do so at the best of his ability. I am honored to recognize his career of public service and to commend him for all that he has contributed to his community.

RECOGNIZING JUNE AS SCLERODERMA AWARENESS MONTH

HON. PETER T. KING

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Friday, June 22, 2018

Mr. KING of New York. Mr. Speaker, I rise today to recognize June as Scleroderma Awareness Month.

Scleroderma is a chronic connective tissue disease generally classified as one of the autoimmune rheumatic diseases. Hardening of the skin is one of the most visible manifestations of the disease. The disease is also known as "systemic sclerosis," a subset of the disease in which internal organ systems (such as kidneys, lungs, heart, and gastrointestinal tract) and skin, or internal organ systems only, are affected. It is estimated that about 300,000 Americans have scleroderma with one-third of those having the systemic form of the disease.

Scleroderma varies from patient to patient and often presents with symptoms similar to other autoimmune diseases, making diagnosis and treatment extremely complicated. There may be many misdiagnosed or undiagnosed cases. Currently, there is no cure for scleroderma.

On behalf of the scleroderma community, I am proud to be the lead sponsor of H.R. 4638, the National Commission on Scleroderma and Fibrotic Diseases Act. This bill would establish a National Commission on Fibrotic Diseases within the National Institutes of Health (NIH) to evaluate and make recommendations regarding improvements to the coordination and advancement of NIH-supported research activities related to fibrosis and fibrotic diseases.

I call on my colleagues to join me in supporting this important legislation by becoming a cosponsor of H.R. 4638, which will increase research and treatments for the fibrotic community.

COMMEMORATING THE GROUND-BREAKING FOR THE STEPHEN D. "STEVE" HOGAN PARKWAY

HON. MIKE COFFMAN

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Friday, June 22, 2018

Mr. COFFMAN. Mr. Speaker, I rise today to commemorate the groundbreaking for the Stephen D. "Steve" Hogan Parkway in Aurora, Colorado. Named in honor of Aurora's Mayor Steve Hogan, who sadly passed away on May 13, 2018, this parkway represents a long awaited major improvement and expansion of Aurora, Colorado's Sixth Avenue. The parkway is fittingly named to honor the life of this well-loved public servant, who I was fortunate enough to call a friend.

The parkway's design was finalized in February of 2017, and completion is scheduled to occur prior to the end of 2019. This expansion of Sixth Avenue will greatly facilitate east/west mobility in Aurora and provide substantial safety and congestion improvements at the 6th Avenue entrance to Buckley Air Force Base.

Throughout his time serving the citizens of Aurora as a state legislator, as a member of Aurora City Council, and as its Mayor, Steve Hogan tirelessly worked on behalf of the citizens of the City of Aurora. During his time in elected office, Aurora has grown from a medium sized suburb of Denver to become Colorado's third largest city with a full range of amenities, services, and its own distinct identity.

The Stephen D. Hogan parkway will symbolize his lasting legacy as a public servant. I am pleased that this vital transportation project will do so much for Aurora, the wonderful city that Mayor Hogan loved, by bringing it new growth and economic opportunities.

Steve Hogan was truly a model citizen and a great mayor of my hometown. It is my honor to take this opportunity to commemorate, here on the floor of the U.S. House of Representatives, this important event in the legacy and the life of Mayor Steve Hogan.

IN HONOR OF MR. JERRY C. GRIMSLEY

HON. SANFORD D. BISHOP, JR.

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

Friday, June 22, 2018

Mr. BISHOP of Georgia. Mr. Speaker, it is with a heavy heart and solemn remembrance that I pay tribute to a devoted and hard-working businessman, Mr. Jerry C. Grimsley. Mr. Grimsley passed away on Monday, June 11, 2018. A funeral service was held on Friday, June 15, 2018, at First Baptist Church in Colquitt, Georgia.

A Georgia man through and through, Jerry was born on July 19, 1939, to Clarence E. Grimsley and Julia Tassie Odom Grimsley on their family farm in Miller County, Georgia. After graduating from Miller County High School in 1957, he attended Abraham Baldwin Agricultural College in Tifton, Georgia.

Mr. Grimsley was a highly trusted leader in the agriculture and financial services industries. He built quite an impressive career

which began in 1962 at Farmers Fertilizer and Milling Company as Vice-President and Co-Owner with his father-in-law. He became the President of Farmers Fertilizer and Milling Company in 1974 and helped it to grow from a small feed and fertilizer manufacturer into an internationally recognized leader in the peanut shelling industry. Mr. Grimsley also was the Founding Director of Peoples Bank, now Peoples South, when it was chartered on March 16, 1973. During his tenure as Founding Director, the bank grew from one small branch in Colquitt to twenty-nine branches across Georgia, Alabama, and Florida. He served in this capacity for 45 years until early 2018, when his health started to decline. Upon his retirement, he became the Director Emeritus of Peoples Bank and the owner of a local golf course which he named "Clydesdale Meadows".

Throughout his career, Mr. Grimsley served on a number of boards and was affiliated with several associations. He was President and Chairman of the Board for the Southeastern Peanut Sheller's Association (1975 to 1976); the Board of the National Peanut Council (1985 to 1987); and President of American Peanut Sheller's Association (1990 to 1991). In addition to these roles, he also served as the Chairman of several peanut-based committees. In 2000, Birdsong Peanuts purchased Farmer Fertilizer and Milling Company, and Jerry served as a consultant in the Southeast Division.

George Washington Carver once said, "No individual has any right to come into the world and go out of it without leaving behind distinct and legitimate reasons for having passed through it." We are all so blessed that Mr. Jerry C. Grimsley passed this way and during his life's journey did so much for so many for so long. He leaves behind a great legacy in public service to the countless residents of Colquitt whose lives he touched and brightened.

He is survived by his sons, Gerry and Scott; and a host of family and friends who will miss him dearly.

Mr. Speaker, I ask my colleagues to join me, along with my wife, Vivian, and the more than 730,000 residents of Georgia's Second Congressional District in paying tribute to Mr. Jerry C. Grimsley for his remarkable leadership in our great State of Georgia. We extend our deepest condolences to his family, friends and the Colquitt, Georgia community during this difficult time and pray that they will be comforted by an abiding faith and the Holy Spirit in the days, weeks, and months ahead.

IN RECOGNITION OF MAJOR GENERAL WAYNE P. JACKSON (RETIRED), UNITED STATES ARMY

HON. BRIAN J. MAST

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Friday, June 22, 2018

Mr. MAST. Mr. Speaker, I rise today to recognize Major General Wayne P. Jackson, Retired, a true patriot and fellow veteran who I had the honor of joining in throwing out the first pitch earlier this month at Roger Dean Stadium.

Born in Chicago in 1929, General Jackson was commissioned in 1951 as a Second Lieu-

tenant after several years of enlisted service in the U.S. Army Air Force and U.S. Navy. His 37 years in the service was defined by profound courage and many accomplishments.

He served in various overseas theaters of operation and has commanded Signal Corps, Military Intelligence and Civil Affairs units. As a General Officer he served as the Director of Counter Intelligence and Security, the Assistant to the Chief of Staff for Intelligence at the Department of the Army Headquarters, the Commanding General of the 352nd Civil Affairs Command, and the Deputy and Commanding General of the 97th Army Reserve Command.

General Jackson has also been awarded the Expert Infantry Badge, the Parachute Badge, and the Master Aviator Badge. His decorations include the Distinguished Service Medal, the Meritorious Service Medal, the Army Commendation Medal and several other military awards and decorations.

However, General Jackson's life of excellence extends not only to his military service, but to his academic work as well. He received his Bachelor of Arts and Masters of Arts degrees in psychology at the University of Tulsa. He did post graduate work at the Illinois Institute of Technology and the University of Southern California. His military education includes the basic and advanced officer courses at the Signal and Military Intelligence Schools. He has also completed the advanced courses at the Civil Affairs and Infantry Schools. He is a graduate of the U.S. Army Command and General Staff College and the U.S. Army War College.

General Jackson and his wife, Lahoma reside in Jupiter, Florida. His son Wayne Jr. and two daughters, Jacky and Jennifer, four grandchildren and 2 great grandchildren also reside in Jupiter. In the tradition of his father, his son Wayne Jr., is also retired from the U.S. Army.

General Jackson has lived a life of excellence and of many great accomplishments both in the military and as a civilian. Mr. Speaker, that is why I am honoring General Jackson and thank him for his many years of service to our country. I have no doubt that he will continue to accomplish great things in the years to come.

IN RECOGNITION OF MRS. LILIA GIACOMAZZI

HON. DAVID G. VALADAO

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Friday, June 22, 2018

Mr. VALADAO. Mr. Speaker, I rise today to recognize Mrs. Lilia Elizabeth Giacomazzi as the 2018 Distinguished Dairywoman by the June Dairy Month Committee of Kings County, California.

Mrs. Giacomazzi was born Lilia Elizabeth Curti on July 23, 1913 in Fresno, California to her parents Miro and Domenica Curti, immigrants from the small town of Albonico in the northern Italian Alps. The oldest of five siblings, Lilia graduated from Tulare Union High School in 1927.

On July 12, 1936 Lilia married Fred Giacomazzi and the newlyweds moved to a home on the Hanford-based Giacomazzi Dairy, Kings County's longest-continuously-operating dairy. Their initial home now houses the Giacomazzi Dairy offices.

In October 1937, Lilia and Fred had their first child, their son Donald and three years later, in March 1940, welcomed their daughter, Patricia. Mrs. Giacomazzi was actively involved in her children's education, serving as a room mother and president of the Hanford High School Parent-Teachers Association. Additionally, she helped many Kings County 4-H participants learn to cook, sew, and garden.

Her love of gardening led to her work establishing the LaCasa Garden Club and, eventually, LaCasa Park in Hanford, California. Her love and passion for gardening has remained a constant during her 105 years.

On July 12, 1998, Mrs. Giacomazzi lost her beloved husband of sixty-two years, Fred. However, she has found comfort from her seven grandchildren and to eight great-grandchildren to whom she is known as "Nonna."

Mrs. Giacomazzi also served as President of the Kings County Dairywomen and Western United Dairy Women of California. This year marks Mrs. Giacomazzi's fifty fifth year of service to the Kings County Dairywomen. She has also been actively involved in the Sons of Italy Lodge, the Central Valley Hospital Auxiliary, the Kings County Republican Women Federated, the Kings County Historical Society, the American Theater Organ Society, the Kings Symphony Orchestra, and the Young Ladies Institute.

Mr. Speaker, I ask my colleagues in the United States House of Representatives to join me in commending Mrs. Lilia Elizabeth Giacomazzi on her lifetime of service to the Central Valley and on receiving the 2018 Distinguished Dairywoman Award.

HONORING WORLD WAR II HEROES

HON. TIM RYAN

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Friday, June 22, 2018

Mr. RYAN of Ohio. Mr. Speaker, today I rise to honor deceased Trumbull County, Ohio resident 1st Lt. Olof M. Ballinger, pilot of the 42-299-28 B-17 Flying Fortress that was shot down over Normandy, France during WWII 75 years ago on July 4, 1943. 2nd Lt. George C. Williams, Bombardier of Warren, Ohio, was also aboard the aircraft.

Pilot Olof Maximilian Ballinger of Newton Falls, Trumbull County, Ohio evaded capture and walked alone, with no compass, over the Pyrenees Mountains during the winter. He reached safety in Spain in November 1943 and returned to the U.S. He eventually moved to California.

George C. Williams, bombardier from Warren, Trumbull County, Ohio, was killed in action. While assisting the nose gunner, his chute accidentally opened inside the aircraft. Pilot Olof Ballinger offered up his own parachute, but George Williams refused. It is thought that George Williams attempted to fly the plane after all the crew had evacuated.

Also aboard the aircraft was Harry W. Basucher Jr. of Cincinnati, Ohio and Albert Wackerman of Salinas, California who were killed in action by enemy cannon fire. Bryon J. Gronstall, of Van Nuys, California and John K. Lane, a radio operator from Deland, Florida, were captured by German patrol and were Prisoners of War at Stalag 7A. William C. Howell, of Goldsboro, North Carolina and Paul

McConnell, the navigator from Montgomery, Alabama both evaded capture. Francis E. Owens, of Pittsburgh Pennsylvania, also evaded capture, but he died of exposure in the Pyrenees Mountains while trying to assist other crewmen through the dangerous passage. He was awarded the Soldiers Medal for dragging wounded men out of harm's way. Co-pilot, John Marshall Carrah, from Chico, California, evaded capture and escaped to Switzerland, to Spain, and then returned to the U.S. in March 1944. He continued to assist in the war effort. He was a career United States Air Force Officer, retiring as a Lt. Colonel.

A documentary was created about these seven brave American aviators and will be featured at an event in Warren, Ohio on July 2, 2018. The son of co-pilot John M. Carrah will also be at the event to share his firsthand knowledge about his father's experience.

I am inspired by the stories of these brave Americans, and I'm so proud of the individuals who are keeping this history alive for younger generations.

PROVIDING FOR CONSIDERATION OF H.R. 6, SUBSTANCE USE-DISORDER PREVENTION THAT PROMOTES OPIOID RECOVERY AND TREATMENT FOR PATIENTS AND COMMUNITIES ACT; PROVIDING FOR CONSIDERATION OF H.R. 5797, INDIVIDUALS IN MEDICAID DESERVE CARE THAT IS APPROPRIATE AND RESPONSIBLE IN ITS EXECUTION ACT; AND PROVIDING FOR CONSIDERATION OF H.R. 6082, OVERDOSE PREVENTION AND PATIENT SAFETY ACT

SPEECH OF

HON. PETE SESSIONS

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, June 20, 2018

Mr. SESSIONS. Mr. Speaker, the Rules Committee report (H. Rept. 115-766) to accompany House Resolution 949 should have included in its waiver of all points of order against consideration of H.R. 6 a disclosure of the following violation:

Clause 12(a)(1) of rule XXI, requiring a comparative print to be made publicly available prior to consideration of a bill amending or repealing statutes to show, by typographical device, parts of statute affected. While the waiver is necessary because the document was not available prior to consideration of the bill, it is important to note that it was available before the vote on final passage.

IN RECOGNITION OF JACK MEINKE ON HIS OFFER OF APPOINTMENT TO ATTEND THE UNITED STATES NAVAL ACADEMY

HON. ROBERT E. LATTA

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Friday, June 22, 2018

Mr. LATTA. Mr. Speaker, it is my great pleasure to pay special tribute to an outstanding student from Ohio's Fifth Congressional District. I am pleased to announce that

Jack Meinke of Millbury, Ohio has been offered an appointment to the United States Naval Academy in Annapolis, Maryland.

Jack's offer of appointment permits him to attend the United States Naval Academy this fall with the incoming Class of 2022. Attending one of our nation's military academies not only offers the opportunity to serve our country, but also guarantees a world-class education while undertaking one of the most challenging and rewarding experiences of a lifetime.

Jack brings a tremendous amount of leadership, service, and dedication to the incoming Class of 2022. While attending St. John's Jesuit High School in Toledo, Ohio, Jack was active in the National Honor Society, National Spanish Honor Society, and was an Honor Roll student. Additionally, he participated in Buckeye Boys State, Ignatian Guild Scholars, and various leadership and mentoring programs.

Throughout high school, Jack excelled on the football and wrestling teams, earning varsity letters and diligently serving as captain of the wrestling team. I am confident that Jack will carry the lessons of his student and athletic leadership to the Naval Academy.

Mr. Speaker, I ask my colleagues to join me in congratulating Jack Meinke on his offer of appointment to the United States Naval Academy. Our service academies offer the finest military training and education available. I am positive that Jack will excel during his career at the Naval Academy, and I ask my colleagues to join me in extending their best wishes to him as he begins his service to our Nation.

PERSONAL EXPLANATION

HON. MICHAEL R. TURNER

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Friday, June 22, 2018

Mr. TURNER. Mr. Speaker, on June 20, I was unable to vote on Roll Call votes 272, 273, and 274. Had I been present, I would have voted as follows:

Roll Call 272—Yes.

Roll Call 273—Yes.

Roll Call 274—Yes.

IN RECOGNITION OF DEPUTY CHIEF OF POLICE BETTY MILLER STOCKS RECEIVING THE ROBERT JACKSON EURY MEMORIAL AWARD

HON. RICHARD HUDSON

OF NORTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

Friday, June 22, 2018

Mr. HUDSON. Mr. Speaker, I rise today to honor Concord Deputy Chief of Police Betty Miller Stocks for receiving the Robert Jackson Eury Memorial Award. Deputy Chief Stocks has now become the first African American recipient of this award.

A native of Concord, North Carolina, Deputy Chief Stocks has served with the Concord Police Department in North Carolina's 8th Congressional District for 27 years. Education was of the utmost importance to Deputy Chief Stocks—graduating from Concord High School

before earning an Associate's Degree in Criminal Justice from Rowan-Cabarrus Community College, a Bachelor's Degree in Criminal Justice from Barber-Scotia College and a Master's Degree in Public Administration from the University of North Carolina at Charlotte.

Throughout her career, Deputy Chief Stocks has served as a Patrol Officer, Sergeant, Captain, and now Deputy Chief of Police. Deputy Chief Stock's outstanding leadership and commitment in these roles for the Concord Police Department made her stand out in our community.

The Robert Jackson Eury Memorial Award is presented in memory of Robert Jackson Eury, a man who lost his life in the line of duty while serving as a Cabarrus County law enforcement officer. This award keeps Mr. Eury's legacy alive through officers who share his same admirable and commendable spirit in Cabarrus County. Based on her career of service, I would say Deputy Chief Stocks fits the mold of esteemed law enforcement officers in our community set by Robert Eury.

There is no doubt in my mind that Deputy Chief Stocks will continue her outstanding leadership and maintain her unwavering values while protecting the people of Cabarrus County; I am excited to see what the future holds for such a dedicated law enforcement professional.

Mr. Speaker, please join me today in congratulating Deputy Chief of Police Betty Miller Stocks for receiving the Robert Jackson Eury Memorial Award. We all wish her well as she continues to make a positive impact on our community.

PERSONAL EXPLANATION

HON. ROBERT B. ADERHOLT

OF ALABAMA

IN THE HOUSE OF REPRESENTATIVES

Friday, June 22, 2018

Mr. ADERHOLT. Mr. Speaker, I would like to go on the record as fully supporting H.R. 2, the Agriculture and Nutrition Act of 2018. I was detained off the floor and missed the opportunity to cast my vote on a bill that indeed supports our farmers and rural America. I would like to reflect that I voted in favor of this bill, H.R. 2, the first time it came to the floor on May 18, 2018. I commend Chairman CONAWAY on passage of the bill on the House floor. This new Farm Bill will benefit consumers and producers, and all those who make our food supply chain abundant and secure.

H.R. 5788

HON. SUZANNE BONAMICI

OF OREGON

IN THE HOUSE OF REPRESENTATIVES

Friday, June 22, 2018

Ms. BONAMICI. Mr. Speaker, I rise today in support of H.R. 5788, the Synthetics Trafficking and Overdose Prevention Act. The STOP Act requires the U.S. Postal Service to collect Advanced Electronic Data on international shipments, making it easier for U.S. Customs to target high-risk shipments for inspection and seizure. This is particularly important to stem the deadly flow of fentanyl

coming from China. I understand the concerns about potential civil penalties that could be imposed if USPS fails to meet terms of compliance. But with the updated language added to the final version, I am confident this legislation provides sufficient flexibility allowing USPS to avoid those penalties as long as it is making a good faith effort to institute AED collection in a meaningful way. I will closely follow the implementation of this policy and will work to make sure USPS can comply without leading to cost-saving actions such as reductions of service, consolidation or closing of post offices, or cuts to the employee workforce. We must stop these dangerous shipments to help save the lives of those who are addicted to opioids. Although there is more to be done to tackle the opioid crisis, this is one step forward that I support.

IN RECOGNITION OF MR. JOHN
CARLOS MARTINS

HON. DAVID G. VALADAO

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Friday, June 22, 2018

Mr. VALADAO. Mr. Speaker, I rise today, along with my colleagues, Representatives DEVIN NUNES and JIM COSTA, to honor the life of Mr. John Carlos Martins, who sadly passed away on June 16, 2018.

Mr. John Carlos Martins was born on April 21, 1964 in the parish of Altares, on the Portuguese island of Terceira. Just two years later, in 1966, John and his family immigrated to the United States and settled in Artesia, California. At a young age, John developed an interest in carpentry. After graduating from Cerritos High School in 1982, Mr. Martins attended Los Angeles Trade-Technical College where he advanced and honed his craft further, enabling him to build a successful development company with his father and brother.

In 1997, Mr. Martins was appointed to the City of Artesia Planning Commission and in 2001, he was elected to serve on the Artesia City Council. Following his service as city councilman, John continued working for the people of Artesia as Mayor of the city from 2004 until his retirement in 2010.

Although John and his family left the Azores Islands of Portugal early in his childhood, he remained deeply connected to his roots, as seen through his steadfast involvement in the Portuguese-American community. John participated in, and held positions on, many local and statewide Portuguese-American organizations. Mr. Martins was a Board Member of the California Portuguese American Coalition, President of the Artesia DES Portuguese Center in 2006 and 2013, Board Director of the Luso-American Fraternal Federation for eight years, and in 2000, he became President of that same Federation. Additionally, in 2015, Mr. Martins was appointed Honorary Consul of Portugal in Los Angeles.

While John dedicated the majority of his free time to his community, he also pursued his musical passions. John began playing guitar when he was only ten years old, and throughout his time in school he learned to play various other instruments. In 1979, he and his siblings formed the group Aquarius and travelled the world playing music for over twenty-five years. In 2012, John teamed up

with his son Cole and his old bandmate David to establish the band 562. The talented group performed throughout California at various events and festivals and to many sold out shows.

Mr. Martins' tireless and selfless dedication to his community was truly inspiring. Although he left us too soon, John made a lasting, positive impact on the people he met. John is survived by his wife Karen and their three children.

Mr. Speaker, today we ask our colleagues in the United States House of Representatives to join us in honoring the life of Mr. John Carlos Martins. Our thoughts and prayers are with his family, friends, and community during this difficult time.

HONORING THE DILLARD CENTER
FOR THE ARTS JAZZ BAND IN
WINNING THE 2018 ESSENTIALLY
ELLINGTON HIGH SCHOOL JAZZ
BAND COMPETITION

HON. ALCEE L. HASTINGS

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Friday, June 22, 2018

Mr. HASTINGS. Mr. Speaker, I am honored to rise today and recognize the Dillard Center for the Arts Jazz Band on their May 12, 2018 first place win at the 2018 Essentially Ellington High School Jazz Band Competition in New York City.

Dillard High School, located in Fort Lauderdale, Florida has a long history of excellence in the arts. In 1948, Dillard's well-known jazz program attracted one of the greatest musicians in history, Julian Edwin "Cannonball" Adderley.

Under the leadership of Director Christopher Dorsey, Dillard's Jazz Band performed on stage at Lincoln Center for the Essentially Ellington Competition. They were judged by an esteemed panel of jazz musicians, lead by composer and trumpeter Mr. Wynton Marsalis, and deemed to be worthy of the first place prize out of fifteen band finalists. Additionally, Ms. Summer Camargo, a member of the band, won the Composition/Arranger Contest.

Mr. Speaker, I am so proud of the Dillard Center for the Arts Jazz band. I wish Director Dorsey and the entire jazz band ensemble a hearty congratulations.

SUPPORTING PASSAGE OF H.R. 6
AND URGING FURTHER ACTION
TO PREVENT ADDICTION

HON. TERRI A. SEWELL

OF ALABAMA

IN THE HOUSE OF REPRESENTATIVES

Friday, June 22, 2018

Ms. SEWELL of Alabama. Mr. Speaker, I rise today to thank all of the Members who have worked across the aisle on the opioid bills we've passed over the past two weeks. The bipartisan work that has gone into these bills is exactly what our constituents sent us to Congress to do. I have enjoyed working with Rep. PETER ROSKAM on H.R. 5773, the Preventing Addiction for Susceptible Seniors Act, which passed on Tuesday as a suspension. Since our committee has jurisdiction over the Medicare program, we found it necessary to

work on legislation that helps the seniors impacted by the opioid crisis across this country.

The bill included another bill I worked on with Rep. RENACCI, H.R. 5715, the Strengthening Partnerships to Prevent Opioid Abuse Act. The bill encourages greater data sharing between CMS and insurers.

All the bills passed in recent weeks represent the first step in addressing a crisis that has impacted millions of Americans and their families. In 2016, we lost 64,000 American lives from drug overdoses. Drug overdoses are now the leading cause of death among Americans under the age of 50.

After today, we must continue to focus on policies that lift our constituents out of the conditions that lead to addiction. Whether that results from social isolation, financial anxiety, emotional or physical trauma, inadequate access to primary or mental health care, we should consider how all of the policies we advance in this body will impact our constituents.

The lessons from past drug crises and the evidence supporting the public health approach we are taking today can guide us as we seek an end to the current opioid crisis—without revamping the failed and costly War on Drugs.

Opioid addiction is a disease that has spread to millions of Americans across the country, from our young students to our parents and grandparents, from our rural communities to our big cities. Alabama, which has the highest rate of opioid prescriptions in the country, is a battleground in our fight against this epidemic.

Millions of Americans become addicted to opioids after being prescribed opioids after surgery or to manage pain. My congressional district and state is home to many retired coal miners and men and women who have spent their lives working in physically intensive jobs in manufacturing. I have no doubt that the chronic pain they have sustained from years in physically taxing work environments is real and requires pain medication.

I also have heard from constituents with sickle cell disease and cancer, who require pain management to treat the pain that results from their conditions.

Moving forward, I am committed to working on policies that advance and encourage the development and adoption of non-opioid alternatives for pain management. From increased access to physical therapy and chiropractic care to post-surgical non-opioid alternatives, I urge CMS to take the steps they can today to change reimbursement policies that discourage providers to prescribe non-opioid alternatives.

The preventative action necessary for a crisis as such can be observed in the case of Jessica Kilpatrick, an Alabama woman in a small town in Northwest Alabama. As stated in the Washington Post, “for as long as she could remember, pills made the intolerable possible. Now, without them, she was a poor woman in a poor town with a swollen right foot from a 10-hour shift [at Burger King] and a new key tag from Narcotics Anonymous that said “Clean and Serene for Eighteen months.”

Susceptibility to relapse on this road to recovery is fueled by the lack of access to adequate treatment for both pain and addiction. I am deeply concerned about Alabamians who work hard every day but yet fall into the Medicaid gap. Workers who make more than 18 percent of the poverty line but less than the

federal poverty line do not qualify for any assistance, making prevention and treatment more expensive in non-expansion states and unaffordable for Alabamians in minimum wage jobs.

I urge all Members of Congress to support H.R. 6 today because it marks a positive step in the right direction as we work to improve the lives of the millions of Americans impacted by the opioid and addiction crisis.

HONORING THE CAREER OF LEGENDARY SPECIAL FORCES VETERAN MAJOR GENERAL MICHAEL D. HEALY

HON. RICHARD HUDSON

OF NORTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

Friday, June 22, 2018

Mr. HUDSON. Mr. Speaker, I rise today to recognize the life and legacy of Major General Michael D. Healy who passed away on April 15, 2018 at the age of 91. During his 35 years of dedicated service, Maj. Gen. Healy served valiantly, made history and showed us all how to be a family man.

After enlisting in the United States Army in 1945, Maj. Gen. Healy began an illustrious career with deployments in both the Korean and Vietnam Wars. After evading enemy machine gun fire in the Korean War, Maj. Gen. Healy was given the nickname “Iron Mike” and it has stuck with him throughout his entire life. His nerves of steel and unparalleled courage led him to become one of the first Green Berets to achieve the rank of General.

Deployed on numerous operational assignments all over the globe and through some of our nation’s toughest times, Maj. Gen. Healy stood ready to answer the call to serve our nation. Throughout these operations, he delivered on the promise to keep America safe and confront our enemies under the most difficult conditions. Maj. Gen. Healy received numerous medals and recognitions for his service, including the Distinguished Service Cross, Bronze Star Medal, Distinguished Service Medal, two awards of the Silver Star, four awards of the Legion of Merit, and the Distinguished Flying Cross. He was truly a man of humility, bravery, and dignity.

While fighting our nation’s battles overseas, Maj. Gen. Healy most important commitment remained to his family back home. He was married to his lovely wife, Jacklyn, for 69 years, and they raised six sons, ten grandchildren and eight great grandchildren. This country cannot repay the debt we owe to Maj. Gen. Healy and his family—the Healys are true American heroes.

Mr. Speaker, please join me today in commemorating the career of the Major General Michael D. Healy.

IN RECOGNITION OF GIACOMAZZI DAIRY

HON. DAVID G. VALADAO

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Friday, June 22, 2018

Mr. VALADAO. Mr. Speaker, I rise today to recognize Giacomazzi Dairy as it celebrates

its 125th year of continuous operations producing milk in Kings County, California.

Founded by Luigi Giacomazzi, an immigrant from Moghegno, Ticino, Switzerland, Giacomazzi Dairy opened on property acquired from Southern Pacific Rail Road Company in 1893, the same year Kings County was formed. Mr. Giacomazzi developed the land and founded the dairy with just ten cows producing butter and cheese that he sold to locals and Chinese railroad workers.

After marrying his wife, the former Gilia Pincini, Mr. Giacomazzi built their farm and dairy with the help of their four children: Florinda, Louis, Jr., Stephen, and Fred.

In 1923, Giacomazzi Dairy became the first dairy to install milking machines in the region. These revolutionary machines simultaneously milked four cows. By 1937, Giacomazzi Dairy constructed their third Grade A barn in Kings County. Technological advances enabled the Giacomazzis to milk forty-two cows at a time.

Louis, Jr., Stephen, and Fred formed a new partnership—Giacomazzi Brothers—with each sibling handling a distinct aspect of operations. Once considered the largest dairy operation in the southern Central Valley region, Giacomazzi Brothers dissolved the partnership in 1969, however, Fred Giacomazzi continued to operate the dairy, purchasing land from the partnership.

Joined by his son, Donald in 1974, Fred increased the dairy’s herd to 350 cows with approximately 300 acres of farmland. In 1985, the Giacomazzi Dairy herd grew to 600 cows and its farming operation expanded to 500 acres.

Don and his wife Jackie, had four children: Gina, Dino, Cara, and Mia. In 2003, Dino returned to the farm after working thirteen years in the music and internet industries. Two years later, Dino married his wife, the former Julie Friebe, and took over day-to-day management and operations of the farm. Since assuming operations, Dino has expanded the herd to 1,000 cows on 1,000 acres, including 375 acres planted with almond trees.

Beginning with its first milking machine in 1923, Giacomazzi Dairy has established itself as a leader in agriculture innovation.

Mr. Speaker, I ask my colleagues in the United States House of Representatives to join me in congratulating the Giacomazzi Dairy, Kings County’s longest, continuously-operating dairy, on its 125th year of producing milk.

HONORING DAVID FOUNTAIN AND LEADERSHIP NORTH CAROLINA

HON. DAVID E. PRICE

OF NORTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

Friday, June 22, 2018

Mr. PRICE of North Carolina. Mr. Speaker, I rise today to honor the leadership of David Fountain, North Carolina President of Duke Energy, as he completes his successful term of service as chair of the Leadership North Carolina Board of Directors.

Leadership North Carolina is an independent, nonpartisan, nonprofit organization that engages current and emerging leaders from across the state. Its mission is to inform, develop, and engage committed leaders by broadening their understanding of and involvement in issues and opportunities facing the

state. Each year LNC recruits committed individuals interested in learning more about North Carolina and connecting with fellow leaders. Through innovative programming, LNC teaches these engaged citizens about the challenges and opportunities facing North Carolina and offers tools to turn their knowledge into action for the benefit of the state.

David Fountain has been an energetic and visionary chair of LNC's board since 2016, as one might have expected from his successful rise through the ranks at Duke Energy. He holds BA, JD, and MBA degrees from the University of North Carolina at Chapel Hill, where he was a Morehead-Cain Scholar. He practiced law at McGuire Woods in Raleigh from 1994 to 2000, after which he joined what was then called Carolina Power & Light as associate general counsel. From 2009 to 2012, Mr. Fountain served as general counsel and vice president of Progress Energy Inc. From there, he went on to serve as senior vice president of Enterprise Legal Support at Duke Energy and rose to the role of President in 2015.

David was elected chair of Leadership North Carolina in 2016. He knew and believed in the program as an alumnus and has given it full benefit of his experience and dedication. He has helped position the program for sustainability for years to come and has strengthened its reputation among leaders in business, government, education, and the nonprofit sectors. The measure of a good leader is the legacy he or she leaves behind. Mr. Fountain leaves North Carolina with 1,157 informed and engaged leaders and has challenged them to exercise their influence for the benefit of our state and nation.

I want to join David Fountain's many friends and admirers in thanking him for the time and effort he has dedicated to Leadership North Carolina and to congratulate him for a job well done. He leaves the organization stronger than he found it, better equipped to nurture future generations of conscientious and effective leaders. For that, all North Carolinians are in his debt.

PERSONAL EXPLANATION

HON. SUZANNE BONAMICI

OF OREGON

IN THE HOUSE OF REPRESENTATIVES

Friday, June 22, 2018

Ms. BONAMICI. Mr. Speaker, I was unable to be on the House floor on June 19, 2018 because my flight from Oregon was delayed because of weather. If I had been present, I would have voted in favor of H.R. 5676, the Stop Excessive Narcotics in our Retirement Communities Protection Act, and H.R. 5687, the Securing Opioids and Unused Narcotics with Deliberate Disposal and Packaging Act of 2018. These bills take important steps to stem the tide of opioid abuse in this country, and I will continue to work with my colleagues on both sides of the aisle to combat this crisis.
