

These artifacts, and the paintings and photographs that are part of the displays, tell the story of how our people survived, adapted, and thrived throughout our history. They—and other objects stored away in the Museum—are lovingly preserved by their local conservators, who exhibit a profound dedication to keeping the memories of our people alive.

The NMI Museum of History and Culture is an independent program of our Governor's Office. Sadly, the facility fell on hard times in the mid–2000s, when massive budget cuts forced the lay-off of most staff. At this low point, the Museum had only one employee, whose availability determined when the museum would open and close. As a result, many a visitor was turned away who could have experienced the history of the Chamorro people.

In 2015, the Marianas were hit by Typhoon Soudelor, the most devastating typhoon in decades. That terrible storm could well have meant the end for our Museum. The typhoon left many artifacts damaged, the roof leaking, mold along the walls, floors flooded, and much of the plumbing a wreck. And the museum was forced to close its doors to visitors—indefinitely.

Into this scene of destruction a new energy arrived in the person of Mr. Danny Aquino. Appointed Executive Director last year, Mr. Aquino was tasked with the grueling repair of the museum.

And more help was on the way. An outpouring of financial and material support from IT&E, Saipan Stevedore, Saipan Shipping, CMS Trucking, Soudelor Corporation, Tropical Gardens, Tan Holdings, Tan Siu Lin Foundation, McDonald's of Saipan, Tasi Tours and other local businesses, a \$55,000 appropriation from the Saipan and Northern Islands Legislative Delegation, and \$50,000 from the Marianas Visitors Authority gave Aquino and his team the funds to start repairs.

Help from the staff of the Mayor of Saipan also moved the work along at a faster pace. The Mayor's team assisted museum staff with grounds maintenance, landscaping, and other outdoor work. Somehow, restoration took less than six months to complete; and the Museum reopened last November to its first visitors in a very long time.

I visited the museum in February to see this progress. I had been there shortly after Typhoon Soudelor; and I can report the difference between then and now is night and day. Mr. Aquino's can-do attitude, and the tireless work of his staff—James Cabrera, James Macaranas, Allan Lifofoi, and Wenny Haruo—drove the repair efforts and the result is a museum that the Marianas can truly be proud of.

Today, visitors to our islands can orient themselves to the three-and-a-half millennia of Marianas history at our Museum. Residents can take pride in who they are and where they come from by strolling through this beautiful facility. And students—many of whom are required to take a course on the history of our islands—can enlarge their vision of the future by learning about our past at the Northern Mariana Islands Museum of History and Culture.

Please join me in congratulating the Northern Mariana Islands Museum of History and Culture on 20 years of serving our islands and our people.

CONGRATULATING FAYETTEVILLE
FIRE DEPARTMENT A-SHIFT
RESCUE 1 ON BEING PRESENTED
THE PUBLIC SAFETY VALOR
AWARD

HON. RICHARD HUDSON

OF NORTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 28, 2018

Mr. HUDSON. Mr. Speaker, I rise today to recognize Captain Michael Barch, Lieutenant Kenneth Tatum, Firefighter James Strickland, Firefighter Thomas Farrell, and Firefighter Chiara Furlanetto-Duehning for receiving the Greater Fayetteville Chamber of Commerce's Public Safety Valor Award as part of the Fayetteville Fire Department A-Shift Rescue 1.

We are all too familiar with the heroic work our firefighters do in our communities. Whether it is keeping us safe or saving the lives of others, the men and women who put on these uniforms are unsung heroes in towns and cities all across our nation. They work long hours, day and night, to ensure that we can feel safe as we go about our lives.

The Valor Award is presented to those who execute extreme acts of heroism in order to save the lives of others in our community. The Fayetteville Fire Department A-Shift 1 exemplified this when they saved an individual who was stuck in a grain silo with temperatures well over one hundred degrees. They were able to extract the individual and get him to the hospital where he made a full recovery. It is lifesaving acts such as this which humble me and make me appreciate the selflessness of our firefighters that put their lives in danger to help others.

Mr. Speaker, please join me in celebrating these heroic men and women of the Fayetteville Fire Department A-Shift Rescue 1 on receiving the Greater Fayetteville Chamber of Commerce's Public Safety Valor Award.

HONORING ST. THOMAS THE APOSTLE
PARISH ON THEIR 150TH AN-
NIVERSARY

HON. BLAINE LUETKEMEYER

OF MISSOURI

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 28, 2018

Mr. LUETKEMEYER. Mr. Speaker, I rise today to honor St. Thomas the Apostle Parish on their 150th Anniversary. They will be celebrating this historic milestone in June of 2019.

Since the early 1800's, the St. Thomas area had been visited by Jesuit missionary priests. In 1838 Father Ferdinand Helias, S.J. celebrated the first Mass in the area called "Indian Bottom" and went on to establish a strong faith community for many parishioners by founding approximately 20 mission churches in central Missouri. To this day, 7 of those mission churches are still in operation, serving the community members of Westphalia, Rich Fountain, Taos, Loose Creek, and Jefferson City.

In 1869, Archbishop Peter Kenrick, Archbishop of St. Louis, officially erected St. Thomas as the Apostle Parish. When St. Thomas was established as a town, it was decided to move the church there and construction began in 1883. On October 22, 1884 the new building was dedicated and Father Aloysius Mayer served as the first pastor. Impressively, this is the church still being used today. In 1987, the pipe organ built by the J.G. Pfeffer Company of St. Louis was installed and in 2016 was historically restored. This year the Organ Historical Society recognized the organ as an instrument of national heritage.

Generations of families have benefited from the various spiritual opportunities offered at St. Thomas the Apostle. Weekly Sunday school and sacraments of Penance and Holy Communion are a real treasure to those living in this rural community. The Totus Tuus Summer camp offered for children 1st-12th grade gives kids a fun and faith based experience during the summer months. Parish groups cater to a variety of parishioners at St. Thomas the Apostle Parish from the Catholic Youth Organization, to Quilters, Knights of Columbus, a Prayer Line, St. Ann's Sodality, and even a bowling alley. The annual parish picnic is a favorite social event for locals and even residents of the surrounding counties.

The church property is also home to the town's first school which was built in 1874. In 1903, a new two-story school was built where students were taught for the next 63 years by lay teachers; Precious Blood Sisters of Ruma, Illinois; Sisters of the Poor Handmaids of Jesus Christ; and School Sisters of Notre Dame. Starting in 1962, the school operated as a public school in the Cole R-II School District and then in 1989, it was re-established as a Catholic School. In 2006, the two-story school building was renovated and a new gym was constructed. Throughout the years this school has shaped the minds of many generations and is still providing a positive influence in students' lives today.

The City of St. Thomas has seen many businesses come and go throughout the years, but the anchor in the community has been the steadfastness of St. Thomas the Apostle Parish.

Mr. Speaker, I ask you to join me in congratulating St. Thomas the Apostle Parish on

their 150th Anniversary. This milestone is a great testament to the commitment this parish has shown to the Lord, their parishioners, and the entire community.

CELEBRATING THE 176TH ANNI-
VERSARY OF MARION MILITARY
INSTITUTE

HON. TERRI A. SEWELL

OF ALABAMA

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 28, 2018

Ms. SEWELL of Alabama. Mr. Speaker, I rise today to congratulate Marion Military Institute on 176 years of service to our nation's Armed Forces. Located in the heart of Alabama's Black Belt, and only thirty minutes from my hometown of Selma, MMI is a pillar of the 7th Congressional District. Since its founding, MMI has achieved a national reputation for preparing young men and women for successful civilian and military careers.

Marion Military Institute is one of only four military junior colleges in the United States, and is the nation's oldest military junior college, tracing its origin back to 1842 with the founding of Howard College in Marion, Alabama. MMI is also one of the first schools to establish a Student Government Association and a student honor system. Former President Howard Taft was the president of the board of trustees, and former president Woodrow Wilson was the keynote speaker of the convocation at MMI chapel in 1905. Marion Military Institute continued as a private high school and junior college until 2006, when the Alabama State Legislature incorporated the military institution into the Alabama Community College System.

I was reminded of Marion Military Institute's legacy when I recently addressed the impressive Corps of 446 cadets. As our country's oldest military junior college, MMI has produced over 210 Generals and Admirals for our Armed Forces. I am also proud to say that there are 348 men and women MMI graduates in all five Service Academies.

College students across the nation attend MMI to establish a strong foundation for their careers and to take advantage of its leadership development opportunities. Marion Military Institute teaches students to never give up, to push forward, and to excel in all of life's pursuits.

In the student body, about 40 percent of the cadets will pursue a civilian career and are enrolled in the Leadership Education Program. Others are working toward receiving an appointment to one of the five U.S. Service Academies. Unique to the four military junior colleges is the Early Commissioning Program, which provides an opportunity for qualified students to earn a commission as a Second Lieutenant after receiving their associate's degree to serve in either the National Guard or the U.S. Army Reserve. Students also can enter the U.S. Marine Corps Program that allows students to work and train with a Selection Officer. Lastly, students can enter the Air Force ROTC, a program that is designed to give men and women the opportunity to become Air Force officers while completing their degrees.

This summer, I was also pleased to have a wonderful Marion Military Institute graduate

named Jordan Ceasar intern in my Washington, D.C. office. Jordan learned about a new side of public service as he assisted constituents, studied the legislative process, and learned how to advocate for policy reforms.

Marion Military Institute has a strong history of developing our country's future leaders for military, government, and community service, and I am thrilled to celebrate their 176th Anniversary. With college enrollment averaging an all-time high, I am sure Marion Military Institute will continue to be a pillar of the Black Belt and produce America's leaders for another 176 years.

PROTECT HEALTH CARE ACCESS
FOR ALL

HON. TERRI A. SEWELL

OF ALABAMA

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 28, 2018

Ms. SEWELL of Alabama. Mr. Speaker, today I rise to bring awareness to the Republicans' effort to dismantle the Affordable Care Act and weaken protections provided by Medicaid and Medicare. Republicans began their sabotage of the ACA when many of their Governors, including Alabama's Governor, refused to expand Medicaid. In these states, the full benefits of the law haven't been realized. Working families have been left behind, rural hospitals have closed, and premiums have risen.

Make no mistake, these governors created an environment in which Republican politicians could campaign on the failures of the ACA, all while taking NO credit for the failures they created. The millions of working Americans who fall in the Medicaid gap and live in non-expansion states have been overlooked! This body needs to be laser focused on improving the marketplace for the working Americans who have fallen victim to the lack of Medicaid expansion.

Last year, I sat down with my hairdresser in Birmingham, and she immediately told me about how she had lost her health coverage. She didn't know why, but as she explained her situation, I quickly realized that she had fallen into our state's Medicaid gap.

A few years before in 2014, thanks to the Affordable Care Act, she received Cost Sharing Reductions to afford commercial health insurance for the first time at an affordable rate.
