"(B) ELECTION.—For cost reporting periods beginning on or after the date that is 1 year after the date of enactment of this subsection, an applicable hospital (as defined in paragraph (6)(A)), may elect to receive the payment amount under this subsection for each full-time-equivalent resident in an approved medical residency training program that receives training in a rural training location in accordance with paragraph (2). An applicable hospital may make an election under the preceding sentence regardless of

whether the applicable hospital is otherwise eligible for a payment or adjustment for indirect and direct graduate medical education costs under subsections (d)(5)(B) and (h) or section 1814(l), as applicable, with respect to such residents. If the applicable hospital is otherwise eligible for such a payment or adjustment, the national per resident payment amount under this subsection shall be in lieu of such payment or adjustment.

"(C) APPLICATION.—The provisions of this subsection, or the application of such provisions to an applicable hospital, shall not result in or otherwise effect the following:

"(i) The establishment of a limitation on the number of residents in allopathic or osteopathic medicine for purposes of subsections (d)(5)(B) and (h) with respect to an approved medical residency training program of an applicable hospital (or be taken into account in determining such a limitation during the cap building period of an applicable hospital).

"(i) DIRECT GME.—The amount that, out of all of the payment amounts (determined on a per resident basis) received by hospitals under subsection (h) for such base cost reporting period, is equal to the national 85th percentile of such payment amounts.

"(ii) INDIRECT GME.—The amount that, out of all of the additional payment amounts (determined on a per resident basis) received by hospitals under subsection (d)(5)(B) for such base cost reporting period, is equal to the national 85th percentile of such payment amounts.

"(B) UPDATING FOR SUBSEQUENT COST REPORTING PERIODS.—For each subsequent cost reporting period, the national per resident payment amount is equal to such amount determined under this paragraph for the previous cost reporting period updated, through the midpoint of the period, by projecting the estimated percentage change in the consumer price index during the 12-month period ending at that midpoint, with appropriate adjustments to reflect previous under- or over-estimations under this subparagraph in the projected percentage change in the consumer price index.

"(C) CLARIFICATION.—The national per resident payment amount shall not be discounted or otherwise adjusted based on the Medicare patient load (as defined in subsection (h)(3)(C)) of an applicable hospital or discharges in a diagnosis-related group.

"(3) ALLOCATION OF PAYMENTS.—In providing for payments under this subsection, the Secretary shall provide for an allocation of such payments between parts A and part B (and the trust funds established under the respective parts) as reasonably reflects the proportion of such costs associated with the

provision of services under each respective part.

“(4) ELIGIBILITY FOR PAYMENT.—

“(A) IN GENERAL.—An applicable hospital shall be eligible for payment of the national per resident payment amount under this subsection for time spent by a resident training in a rural training location if the following requirements are met:

“(5) DETERMINATION OF FULL-TIME-EQUIVALENT RESIDENTS.—The determination of full-time-equivalent residents for purposes of this subsection shall be made in the same manner as the determination of full-time-equivalent residents under subsection (h)(4).

“(6) DEFINITIONS.—In this subsection:

“(iii) The training occurs in a location that is within 10 miles of a sole community hospital (as defined in subsection (d)(5)(D)(iii)).

“(7) BUDGET NEUTRALITY REQUIREMENT.—The Secretary shall ensure that aggregate payments for direct medical education costs and indirect medical education costs under this title, including any payments under this subsection, for each year (effective beginning on or after the date that is 1 year after the date of enactment of this subsection) are not greater than the aggregate payments for such costs that would have been made under this title for the year without the application of this subsection. For purposes of carrying out the budget neutrality requirement under the preceding sentence, the Secretary may make appropriate adjustments to the amount of such payments for direct graduate medical education costs and indirect medical education costs under subsections (h) and (d)(5)(B), respectively.”

time for indirect medical education costs and direct graduate medical education costs for the time spent by the resident in that setting under subsections (d)(5)(B) and (h), respectively, of section 1886.

“(B) Medical education costs shall not be considered reasonable costs of a critical access hospital for purposes of payment under paragraph (1), to the extent that the critical access hospital or another hospital receives payment for such costs for the time spent by the resident in that setting pursuant to subsection (d)(5)(B), subsection (h), or subsection (u) of section 1886.”
