

it needs to quickly respond to influxes in passenger volume at specific airports.

I am proud to cosponsor this bipartisan legislation with my good friend and colleague from New Jersey to authorize a National Deployment Force and help make TSA the agile agency the American people expect and deserve.

Mr. Speaker, I reserve the balance of my time.

Mrs. WATSON COLEMAN. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise in support of H.R. 6461, the TSA National Deployment Force Act.

Mr. Speaker, the Transportation Security Administration maintains a National Deployment Force, or NDF, a volunteer force made up of transportation security officers who are deployed to various locations across the country in support of TSA's homeland security mission.

Today, the TSA Administrator is able to deploy this force to respond rapidly to operational challenges at more than 440 airports where TSA conducts security operations. Maintenance of this operational capability would not be possible if TSA did not maintain a robust federalized screening workforce.

TSA deploys the NDF to address hiring difficulties, seasonal demands, severe weather conditions, and periods of relief and recovery following a natural disaster or other major incident, as well as to support securing national security events, again, such as the Super Bowl and national political conventions. In particular, the NDF was critical to ensuring TSA could continue to operate fully in the aftermath of Hurricane Sandy after that storm devastated my region of the country.

Notably, TSA has called upon the NDF to fill staffing gaps at airports where private screening companies operating under TSA's screening partnership program are unable to hire enough officers. My bill authorizes the NDF to ensure its work continues and directs TSA to report to Congress on the NDF's activities to ensure proper oversight.

Because officers serving on the NDF often go above and beyond, leaving their homes and families on short notice, my bill authorizes TSA to consider service in this force as a positive factor when evaluating applicants for promotions within TSA.

The NDF is a critical component of TSA's homeland security efforts, and I urge my colleagues to support this measure.

Mr. Speaker, in closing, in recent years, we have seen TSA face a wide array of challenges, including complex threat streams, lengthy wait times, and the need to reopen airports quickly after natural disasters. The NDF provides TSA with the operational flexibility it needs to maintain the security of our country's transportation systems in the face of these challenges.

Mr. Speaker, I thank my partner on the Transportation and Protective Security Subcommittee, Mr. KATKO, as well as my other colleagues for their support, and I yield back the balance of my time.

Mr. KATKO. Mr. Speaker, I urge my colleagues to support H.R. 6461.

I agree with the comments of my colleague from New Jersey, and I think that this commonsense legislation will give TSA more flexibility and more elasticity in facing the ongoing challenges with staffing issues at airports, especially during peak travel times.

Mr. Speaker, I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from New York (Mr. KATKO) that the House suspend the rules and pass the bill, H.R. 6461.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill was passed.

A motion to reconsider was laid on the table.

DHS COUNTERING UNMANNED AIRCRAFT SYSTEMS COORDINATOR ACT

Mr. PERRY. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 6438) to amend the Homeland Security Act of 2002 to establish in the Department of Homeland Security an Unmanned Aircraft Systems Coordinator, and for other purposes, as amended.

The Clerk read the title of the bill.

The text of the bill is as follows:

H.R. 6438

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the "DHS Countering Unmanned Aircraft Systems Coordinator Act".

SEC. 2. UNMANNED AIRCRAFT SYSTEMS COUNTERMEASURES COORDINATOR.

(a) IN GENERAL.—Title III of the Homeland Security Act of 2002 (6 U.S.C. 181 et seq.) is amended by adding at the end the following new section:

"SEC. 321. COUNTERING UNMANNED AIRCRAFT SYSTEMS COORDINATOR.

"(a) COORDINATOR.—The Secretary shall designate an official of the Department as the Countering Unmanned Aircraft Systems (UAS) Coordinator (in this section referred to as the 'Coordinator') to coordinate with relevant Department offices and components on the development of policies and plans to counter threats associated with UAS, including—

"(1) countering UAS that may be used in a terrorist attack;

"(2) promoting research and development of counter UAS technologies;

"(3) ensuring the dissemination of information and guidance related to countering UAS threats;

"(4) serving as the Department point of contact for Federal, State, local, and tribal law enforcement entities and the private sector regarding the Department's activities related to countering UAS; and

"(5) carrying out other related UAS activities, as directed by the Secretary.

"(b) COORDINATION WITH APPLICABLE FEDERAL LAWS.—The Coordinator shall, in addition to other assigned duties, coordinate with relevant Department components and offices to ensure testing, evaluation, or deployment of a system used to identify, assess, or defeat a UAS is carried out in accordance with applicable Federal laws.

"(c) COORDINATION WITH PRIVATE SECTOR.—The Coordinator shall, working with the Office of Partnership and Engagement and other relevant Department offices and components, or other Federal agencies, as appropriate, serve as the principal Department official responsible for disseminating to the private sector information regarding counter UAS technology, particularly information regarding instances in which counter UAS technology may impact lawful private sector services or systems."

(b) TECHNICAL AND CONFORMING AMENDMENTS.—

(1) REDESIGNATION OF DUPLICATE SECTION NUMBER.—Title III of the Homeland Security Act of 2002 is amended by redesignating the second section 319 (relating to EMP and GMD mitigation research and development) as section 320.

(2) TABLE OF CONTENTS.—The table of contents in section 1(b) of the Homeland Security Act of 2002 is amended by striking the items relating to sections 317, 319, 318, and 319 and inserting the following new items:

"Sec. 317. Promoting antiterrorism through international cooperation program.

"Sec. 318. Social media working group.

"Sec. 319. Transparency in research and development.

"Sec. 320. EMP and GMD mitigation research and development.

"Sec. 321. Countering Unmanned Aircraft Systems Coordinator."

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from Pennsylvania (Mr. PERRY) and the gentleman from New Jersey (Mrs. WATSON COLEMAN) each will control 20 minutes.

The Chair recognizes the gentleman from Pennsylvania.

GENERAL LEAVE

Mr. PERRY. Mr. Speaker, I ask unanimous consent that all Members have 5 legislative days within which to revise and extend their remarks and include any extraneous material on the bill under consideration.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Pennsylvania?

There was no objection.

Mr. PERRY. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise in strong support of H.R. 6438, the DHS Countering Unmanned Aircraft Systems Coordinator Act.

In 2016, the Federal Aviation Administration estimated that there were 1.9 million consumer unmanned aircraft systems vehicles, commonly known as drones, in the U.S. This number is expected to grow to a staggering 4.3 million by the end of 2020.

The increased availability and expanded use of drones has led to concerns over the potential risks to national security. Drones provide malicious actors both a robust aerial delivery mechanism for potentially hazardous payloads and anonymity in carrying out an attack.

This threat is not just imaginary. Known incidents involving drones have included weaponized use by ISIS and cartels, smuggling operations, intrusions at NFL and Olympic stadiums, and damage to electrical grid infrastructure in Canada.

Several DHS offices and components assess drone threats and are members of interagency and industry drone working groups which promote information sharing, research, and joint problem-solving initiatives. However, DHS currently does not have a centralized, departmentwide official responsible for the coordination of counter-drone policies and activities.

H.R. 6438 authorizes the Secretary of the Department of Homeland Security to designate a countering unmanned aircraft systems coordinator at the Department to serve as the lead DHS official for coordinating counter-drone threat planning policies and plans. H.R. 6438 enables DHS to centralize the coordination of counter-drone threat planning efforts under one official.

Under H.R. 6438, the countering UAS coordinator is responsible for coordinating with relevant DHS components on the development of policies and plans to counter threats from drones. The countering UAS coordinator promotes the research and development of counter-drone technologies within the Department and ensures that information and guidance regarding drone threats is disseminated across the Department as appropriate.

The coordinator will also serve as the principal Department official responsible for disseminating information to the private sector regarding DHS counter-drone measures and will ensure that DHS counter-drone activities are carried out in accordance with Federal laws.

H.R. 6438 is an important and timely piece of legislation that seeks to further prepare the Department in carrying out its duties in countering this emerging threat.

Mr. Speaker, I urge all Members to join me in supporting H.R. 6438, and I reserve the balance of my time.

COMMITTEE ON TRANSPORTATION AND
INFRASTRUCTURE, HOUSE OF REPRESENTATIVES,

Washington, DC, September 4, 2018.

Hon. MICHAEL T. MCCAUL,
Chairman, Committee on Homeland Security,
Washington, DC.

DEAR CHAIRMAN MCCAUL: I write concerning H.R. 6438, the DHS Countering Unmanned Aircraft Systems Coordinator Act. This legislation includes matters that I believe fall within the Rule X jurisdiction of the Committee on Transportation and Infrastructure.

In order to expedite floor consideration of H.R. 6438, the Committee on Transportation and Infrastructure will forgo action on this bill, including seeking a sequential referral. However, this is conditional on our mutual understanding that forgoing consideration of the bill does not prejudice the Committee with respect to the appointment of conferees or to any future jurisdictional claim over the subject matters contained in the bill or similar legislation that fall within the Committee's Rule X jurisdiction. Finally, should a

conference on the bill be necessary, I ask that you support my request to have the Committee represented on the conference committee.

Please place a copy of this letter and your response acknowledging our jurisdictional interest in the Congressional Record during House Floor consideration of the bill. I look forward to working with the Committee on Homeland Security as the bill moves through the legislative process.

Sincerely,

BILL SHUSTER,
Chairman.

HOUSE OF REPRESENTATIVES,
COMMITTEE ON HOMELAND SECURITY,
Washington, DC, September 4, 2018.

Hon. BILL SHUSTER,
Chairman, Committee on Transportation and
Infrastructure, Washington, DC.

DEAR CHAIRMAN SHUSTER: Thank you for your letter regarding H.R. 6438, the "DHS Countering Unmanned Aircraft Systems Coordinator Act." I appreciate your support in bringing this legislation expeditiously before the House of Representatives. I understand that the Committee on Transportation and Infrastructure, to the extent it may have a jurisdictional claim, will not seek a sequential referral on the bill; and therefore, there has been no formal determination as to its jurisdiction by the Parliamentarian.

The Committee on Homeland Security concurs with the mutual understanding that the absence of a decision on this bill at this time does not prejudice any claim the Committee on Transportation and Infrastructure may have held or may have on similar legislation in the future. In addition, should a conference on this bill be necessary, I would support a request by the Committee on Transportation and Infrastructure for conferees on those provisions determined to be within its jurisdiction.

I will insert copies of this exchange in the Congressional Record during consideration of this bill on the House floor. I thank you for your cooperation in this matter.

Sincerely,

MICHAEL T. MCCAUL,
Chairman.

□ 1930

Mrs. WATSON COLEMAN. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise in support of H.R. 6438, the DHS Countering Unmanned Aircraft Systems Coordinator Act.

Mr. Speaker, H.R. 6438 directs the Department of Homeland Security to have a designated official to coordinate the Department's unmanned aircraft systems, or UAS, plans and policies.

The countering UAS coordinator would work with Department components and offices to ensure testing, evaluation, or deployment of systems to identify, assess, or defeat a UAS threat are in compliance with applicable Federal laws. The coordinator would also serve as the principal Department official responsible for disseminating information to the private sector regarding counter-UAS technology.

In homeland security circles, there is broad recognition that UAS technology enhances capabilities to, among other things, deliver disaster relief to affected areas and surveil weak spots along the southwest border.

At the same time, Mr. Speaker, today, there is considerable concern re-

garding the security threats that UAS may pose. More and more, we hear of instances where unmanned aircraft systems, commonly referred to as drones, are used for nefarious reasons, such as smuggling operations or to conduct surveillance to evade law enforcement. The threat was underscored last month when a drone was used in an unsuccessful assassination attempt on the life of the Venezuelan President as he spoke at a massive military parade.

As such, I support DHS organizing itself to better address this emerging homeland security threat, as set forth in H.R. 6438.

There is increasingly more concern regarding the potential threats that UAS may pose to the security of our Nation and its people.

Last Congress, when I served as the ranking member of the Oversight and Management Efficiency Subcommittee with Mr. PERRY, we worked together on legislation that I drafted to address the UAS threat. Since that time, the range of threats associated with UAS has grown more complex and demand that DHS prioritize counter-UAS efforts in an unprecedented way. Designating an official to coordinate Department counter-UAS plans and policies is a step in the right direction.

Mr. Speaker, I thank the gentleman from Pennsylvania (Mr. PERRY) for his work on this measure, and I yield back the balance of my time.

Mr. PERRY. Mr. Speaker, I yield myself the balance of my time.

Mr. Speaker, I want to thank the gentlewoman from New Jersey. She has been a leader on this issue, and it is something that is important to both of us and to our country. I applaud her efforts and thank her for her support of these efforts.

Mr. Speaker, I urge my colleagues to support H.R. 6438, and I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Pennsylvania (Mr. PERRY) that the House suspend the rules and pass the bill, H.R. 6438, as amended.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill, as amended, was passed.

A motion to reconsider was laid on the table.

UNITED STATES PORTS OF ENTRY THREAT AND OPERATIONAL REVIEW ACT

Mrs. LESKO. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 6400) to require the Secretary of Homeland Security to conduct a threat and operational analysis of ports of entry, and for other purposes, as amended.

The Clerk read the title of the bill.

The text of the bill is as follows:

H.R. 6400

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,
