

## EXTENSIONS OF REMARKS

### HONORING RYNE LAMMERS

#### HON. SAM GRAVES

OF MISSOURI

IN THE HOUSE OF REPRESENTATIVES

*Thursday, September 6, 2018*

Mr. GRAVES of Missouri. Mr. Speaker, I proudly pause to recognize Ryne Lammers. Ryne is a very special young man who has exemplified the finest qualities of citizenship and leadership by taking an active part in the Boy Scouts of America, Troop 714, and earning the most prestigious award of Eagle Scout.

Ryne has been very active with his troop, participating in many scout activities. Over the many years Ryne has been involved with scouting, he has not only earned numerous merit badges, but also the respect of his family, peers, and community. Most notably, Ryne has contributed to his community through his Eagle Scout project. Ryne installed a concrete pad and a bench for a church in his community.

Mr. Speaker, I proudly ask you to join me in commending Ryne Lammers for his accomplishments with the Boy Scouts of America and for his efforts put forth in achieving the highest distinction of Eagle Scout.

### RECOGNIZING DR. CHANNAVAJJALA M. PRASAD

#### HON. DONALD S. BEYER, JR.

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

*Thursday, September 6, 2018*

Mr. BEYER. Mr. Speaker, I rise to pay tribute to Dr. Channavajjala M. Prasad for his exceptional contributions to the international medical community. Dr. Prasad has spent over four decades researching, practicing, and teaching psychiatric medicine. He is currently an Assistant Clinical Professor of Psychiatry and Behavioral Sciences at George Washington University, Attending Psychiatrist at the INOVA facility in Fairfax, VA, and the Medical Director of Neighbor's Consejo, a nonprofit organization that helps the homeless Hispanic population in Washington, D.C.

Dr. Prasad's started his long and illustrious career as an undergraduate student at Andhra University, India. He went on to get his Master of Science in Pharmacology from the University of Baroda, India, his PhD. in Pharmacology from the University of Bombay, India, and his Medical Degree from the Universidad Autonoma de Cd. Juarez, Mexico. Dr. Prasad began practicing medicine in the United States in 1984 and has been an active member of the Virginia and Washington, D.C. medical communities ever since.

Throughout his career, Dr. Prasad has developed an expertise in psychiatric medicine with a focus on Geriatric, Correctional, and Emergency Psychiatry as well as Addiction and Pain Management. He is a proud member of several distinguished medical societies, in-

cluding the American Psychiatric Association, Virginia Association of Physicians of Indian Origin, American Association of Addiction Management, American Association of Pain Management, and International Society of Addiction Medicine. Dr. Prasad also serves as a Board Member for the American Association of Social Psychiatry.

Dr. Prasad's outstanding work within his local, national, and international communities has garnered recognition throughout his career. He has received numerous awards for his commitment to the practice of Psychiatric Medicine, including the Non-Resident Indians Institute's Pravasi Bharatiya Divas award in 2012, the Global Indian Association's International Excellence Award in 2013, and the National Republican Congressional Committee's National Leadership Award in 2011.

In honor of his lifelong commitment to the practice of Psychiatric Medicine, I recognize Dr. Prasad and thank him for the good work he has done in Northern Virginia, Washington, D.C., and other communities across the globe.

### PERSONAL EXPLANATION

#### HON. MAC THORBERRY

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

*Thursday, September 6, 2018*

Mr. THORBERRY. Mr. Speaker, on Wednesday, September 5, 2018, I was unable to be on Capitol Hill and missed roll call votes No. 384, "Democrat Motion to Recommit on H.R. 1635" and No. 385, passage of H.R. 1635, "Empowering Students Through Enhanced Financial Counseling Act." Had I been present, I would have voted "no" on No. 384 and "yes" on No. 385.

### RECOGNIZING BETTY CAMPBELL

#### HON. GREG GIANFORTE

OF MONTANA

IN THE HOUSE OF REPRESENTATIVES

*Thursday, September 6, 2018*

Mr. GIANFORTE. Mr. Speaker, I rise today to honor Betty Campbell of Hays who, at 83 years old, paid tribute to her late husband by walking in the annual Bataan Memorial Death March in the high-desert terrain of New Mexico.

Michael "Bud" Campbell became a prisoner of war during World War II and survived the brutal Bataan Death March.

Bud was among thousands of Philippine and American soldiers forced to march nearly 70 miles with little food or water, enduring torture along the route and at POW camps where he was held for over three years.

After the war, he and Betty raised seven children, and owned a ranch in north-central Montana. Betty served her community as an educator for over 30 years, teaching in area schools and serving as a principal. For 20

years, Betty has served as a board member of the Big Flat Electric Cooperative.

In March 2018, Betty and her granddaughter Vernelle paid tribute to Bud by walking approximately seven miles at the 29th Bataan Memorial Death March, crossing the finish line together. The Bataan Memorial Death March is an annual tribute to honor the service members who defended the Philippine Islands and were taken as prisoners of war.

Betty said her emotions ran high as she thought about what her late husband and other prisoners endured. She reflected on the shoes she wore and the water she had available at nearly every mile, saying, "It wasn't the same. It didn't seem fair."

Mr. Speaker, for her courage, sacrifice, and dedication in honoring her late husband, a World War II POW, at the Bataan Memorial Death March at age 83, I recognize Betty Campbell for her spirit of Montana.

### RECOGNIZING NATIONAL PROSTATE CANCER AWARENESS MONTH

#### HON. ROGER WILLIAMS

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

*Thursday, September 6, 2018*

Mr. WILLIAMS. Mr. Speaker, I rise to recognize September as National Prostate Cancer Awareness Month. Prostate cancer is the most commonly diagnosed cancer in American men and the third leading cause of cancer death behind lung and colon cancer.

While I am a survivor of this potentially deadly disease, not everyone is so fortunate. In my home state of Texas, an estimated 12,600 new cases of prostate cancer will be diagnosed, and an estimated 1,830 deaths will occur in 2018. Nationally, 164,690 men will be diagnosed with prostate cancer and, tragically, one man every 18 minutes, or roughly 29,430 men will die this year due to the disease.

While 1 in 9 men are diagnosed with prostate cancer in their lifetime, certain groups are at higher risk for developing the disease: Men with family history are twice as likely to develop the disease, African Americans are 1.7 times more likely to be diagnosed in their lives, and Veterans who are exposed to herbicides such as Agent Orange are at an increased risk for developing an aggressive form of the disease.

We can lower these numbers—education regarding early detection strategies is critical to saving lives and preserving and protecting our families. If caught early, prostate cancer has a five-year survival rate of nearly 100 percent. However, for late stage prostate cancer the five year survival rate is 29 percent.

All men are at risk for prostate cancer and I encourage the men of this nation to participate in routine prostate cancer screenings. Your life is too valuable to avoid them.
