

intercity or commuter rail passenger transportation, the Federal Railroad Administration shall notify in electronic format the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate, and each member of Congress representing a State in which the service that is the subject of the assessment being conducted is located, of the initiation of that assessment.

(b) FINDINGS.—Not later than 90 days after completion of a comprehensive safety assessment described in subsection (a), the Federal Railroad Administration shall transmit in electronic format to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate, and to each member of Congress representing a State in which the service that is the subject of the assessment being conducted is located, its findings of that assessment, including identified defects and any recommendations.

(c) DEFINITION.—For purpose of this section, the term “comprehensive safety assessment” means a focused review of the safety-related processes and procedures, compliance with safety regulations and requirements, and overall safety culture of an entity providing regularly scheduled intercity or commuter rail passenger transportation.

Mr. DENHAM (during the reading). Mr. Speaker, I ask unanimous consent to dispense with the reading.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from California?

There was no objection.

The committee amendment was agreed to.

The bill was ordered to be engrossed and read a third time, was read the third time, and passed.

The title of the bill was amended so as to read: “A bill to require the Federal Railroad Administration to provide appropriate congressional notice of comprehensive safety assessments conducted with respect to intercity or commuter rail passenger transportation.”.

A motion to reconsider was laid on the table.

MOMENT OF SILENCE IN REMEMBRANCE OF CAPTAIN CONNOR BEDNARZYK

(Mr. FITZPATRICK asked and was given permission to address the House for 1 minute.)

Mr. FITZPATRICK. Mr. Speaker, it is with profound sadness that I rise today with my colleagues to honor the life and the memory of Connor Bednarzyk, who tragically passed away on September 7 in an armored vehicle accident near Fort Benning, Georgia. Connor was 25 years old.

Captain Bednarzyk grew up in Doylestown, Pennsylvania, where, even at a young age, he demonstrated superb leadership. A 2011 graduate of Central Bucks East High School, where he lettered in football, baseball, and wrestling, he went on to attend Penn State University on an ROTC scholarship. He graduated with a degree in security risk analysis, graduating in the top 10 percent of ROTC graduates in the entire United States.

An Army Ranger, Captain Bednarzyk was assigned to the 3rd Battalion, 75th Ranger Regiment, at Fort Benning. In his time in the Army, he was awarded the Ranger Tab, the Air Assault Badge, the Army Parachutist Badge, and the Expert Infantryman's Badge.

He previously deployed to Kosovo, where he conducted training exercises and led U.S. troops on a peacekeeping mission with NATO forces and local military.

Captain Bednarzyk is an American hero. While his life was tragically cut short, his service to our community and to our Nation will forever live on. His courage and his determination to succeed are truly inspirational.

We send our deepest condolences to Captain Bednarzyk's parents, Casey and Ruth, along with his brother Kevin and grandfather Francis.

Thank you for sharing his life with us.

Rangers lead the way. Connor Bednarzyk led the way.

I now ask my colleagues to join me in a moment of silence for an American hero, Connor Bednarzyk.

HONORING MS. LAURA WOOTEN

(Mr. PAYNE asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PAYNE. Mr. Speaker, I rise today to honor Ms. Laura Wooten for her dedication and service to America's voters.

Ms. Wooten has been a poll worker in New Jersey for 79 consecutive years. She has dedicated her life to helping people vote, regardless of their party or position.

Ms. Wooten is the longest serving poll worker in New Jersey. She is likely the longest serving poll worker in our Nation. In fact, she has helped administer elections through the administration of 14 Presidents, from Franklin Delano Roosevelt to Donald J. Trump.

Ms. Wooten is 97 years old, and she will once again perform her duties as a poll worker in New Jersey in November with her characteristic pride, grace, and smile.

Ms. Wooten is a role model for all people and a reminder that every vote counts. And, as she likes to say, voting is important.

Mr. Speaker, I ask my colleagues to join me in honoring Ms. Laura Wooten by reminding all Americans, regardless of party or position, to just vote.

WORLD PHARMACISTS DAY

(Mr. CARTER of Georgia asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. CARTER of Georgia. Mr. Speaker, I rise today to celebrate September 25 as World Pharmacists Day 2018.

I am glad we have a day to recognize the pharmacy profession, which plays a

crucial role in keeping American people healthy.

Across our country, there are around 67,000 pharmacies that fill an average of 12.2 million prescriptions every day.

Further, pharmacists are consistently ranked among the most trusted healthcare providers, an important statistic because of the responsibility the profession carries.

With the current opioid epidemic, pharmacists are possibly more important than ever before because of their position on the frontlines of patients' access to prescription drugs.

As the only pharmacist currently serving in Congress, I am glad to see the growing number of young people entering the pharmacy profession, working to make people healthier every day.

Thank you to all our pharmacists across the country.

□ 1630

NATIONAL CYBERSECURITY AWARENESS MONTH

(Mr. LANGEVIN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LANGEVIN. Mr. Speaker, I rise to commemorate National Cybersecurity Awareness Month, which begins October 1. As the cofounder and co-chair of the Congressional Cybersecurity Caucus with my good friend Chairman MIKE McCaul, I firmly believe that cybersecurity is the national and economic security challenge of the 21st century. I also believe that each of us has a role to play in staying safe online.

During each of the 4 themed weeks of Cybersecurity Awareness Month, the Department of Homeland Security and its partners across the government and the private sector will highlight different aspects of cybersecurity, from the challenges faced by our critical infrastructure to the steps individuals can take to make their homes a safe haven for online safety.

I encourage all my colleagues to take the opportunity to bring these messages back to their home districts. From senior centers to local chambers of commerce, the cybersecurity awareness events that I hold with our State cybersecurity officer, Mike Steinmetz, and the great team at the Rhode Island Joint Cyber Task Force have helped people across the Ocean State better protect themselves online.

I look forward to another successful Cybersecurity Awareness Month.

TAX REFORM PACKAGE

(Mr. WILLIAMS asked and was given permission to address the House for 1 minute.)

Mr. WILLIAMS. Mr. Speaker, I take this time to speak about a piece of legislation on the floor tomorrow, H.R. 6760, the Protecting Family and Small Business Tax Cuts Act of 2018.

This is the third and final bill of the tax reform 2.0 package that Republicans have been working so hard on. As the constituents of Texas' 25th District know, I have been fighting for a commonsense business owners' perspective on tax reform since day one.

Less than a year ago, we passed the Tax Cuts and Jobs Act. Since then, there are more jobs; Americans are seeing higher wages; and Main Street can finally breathe again.

While all this is great, there has always been the uncertainty of knowing that these cuts would expire in 2025, something I have been fighting to change.

I am happy to report that with tax reform 2.0, tax cuts will be made permanent for families, workers, and small-business owners across this country.

Regrettably, Mr. Speaker, I will be unable to cast my vote in favor for tax reform 2.0 tomorrow. My youngest daughter, Sabrina, is getting married. While I have a duty as a United States Congressman, I first have a duty as a father and would not miss her wedding day for anything in the world. I hope everyone understands my decision back home and here.

This vote is historic, and I am excited to watch this economy flourish to grow because of it.

In God we trust.

HONORING AIRMAN APPRENTICE JOSEPH NAGLAK

(Mrs. WATSON COLEMAN asked and was given permission to address the House for 1 minute.)

Mrs. WATSON COLEMAN. Mr. Speaker, I rise today to pay respect to the remarkable life of Airman Apprentice Joseph Min Naglak of Navy Station Norfolk.

Airman Apprentice Naglak was born in South Korea and adopted by Kenneth M. and Jeanne Rand Naglak of West Windsor, New Jersey. He graduated from West Windsor Plainsboro High School in 2015 where he lettered in varsity football and took time to learn automotive restoration.

Airman Apprentice Naglak studied homeland security at Monmouth University before enlisting in April of 2017. He lived with his fiancée, Nicole Weber, and was an active and energetic volunteer with the Special Olympics.

His life was cut short in an accident last week aboard the USS *George H.W. Bush*. In speaking of his courage and patriotism, his sister said: "He wanted to join the Navy to give back to a country who gave him so much. He was everything that I hoped to be one day, and he should always be remembered as a hero with a big heart."

I send my condolences to the family and the friends of Airman Apprentice Naglak. I express my sincere gratitude for his service and his sacrifice, and I ask that my colleagues join me in a moment of silence recognizing his heroism and his sacrifice to our country.

Rest in peace, Airman Naglak.

NATIONAL SUICIDE PREVENTION MONTH

(Mr. PAULSEN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PAULSEN. Mr. Speaker, September is National Suicide Prevention Month, reminding us that we lose too many to suicide each and every day. Unfortunately, suicide is all too common among the men and women who have served our Nation in uniform, a population that is particularly at risk of suicide.

In fact, the VA estimates that 20 veterans and servicemembers lose their lives each and every day, and veterans are 22 percent more likely to commit suicide than nonvets. Among female veterans, the risk of suicide is a staggering 250 percent higher.

Veterans are just 10 percent of the U.S. population but constitute 20 percent of suicides. Measures like the Clay Hunt Suicide Prevention Act, which we have already passed into law, are already making a difference, but even one veteran suicide is too many.

We should always remind our veterans, Mr. Speaker, and those who are in need, that there are always ways to get help. Veterans can always call the VA's crisis hotline 24 hours a day, 7 days a week.

50TH ANNIVERSARY OF FRONT RANGE COMMUNITY COLLEGE

(Mr. POLIS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. POLIS. Mr. Speaker, I rise in recognition of the 50th anniversary of Front Range Community College in Colorado, which I am proud to represent.

The college first opened in 1968 with only 2,000 students enrolled in a few programs. Today, they have campuses in Fort Collins, Westminster, Longmont, and Brighton—28,000 students, over 160 degree and certificate programs.

Over the years, FRCC has seen continual enrollment increases, serving even more students. Go, Wolves.

During my time in Congress, I have worked with FRCC to reduce the cost of textbooks, expand access to dual and concurrent enrollment programs with our school districts, support career and technical education, and ensure students who have obtained credits are able to get their associate's degree.

We recognize the hard work and perseverance of the students and the staff at Front Range Community College as we celebrate the 50th birthday of Front Range Community College and how it has helped transform people's lives and communities across Colorado.

For 50 years, Front Range Community College has fostered successful

lives and strong futures for everybody. Congratulations and happy birthday, FRCC.

RECOGNIZING CREWMEMBERS OF NAVY FLETCHER CLASS DESTROYER COMMISSIONED 1942–1969

(Mr. YOHO asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. YOHO. Mr. Speaker, it is my honor and privilege to recognize the crewmembers of the USS *Cony*, a Navy Fletcher Class destroyer that was commissioned from 1942 to 1969. I would like to welcome the esteemed shipmates and their families to Washington, D.C., as they celebrate their 36th annual reunion.

During World War II and the Korean war, the USS *Cony* protected and transported goods throughout Asia and the Pacific. The USS *Cony* received 13 battle stars for its service and outstanding achievement that deserves recognition today.

The *Cony* and its crewmembers also played a crucial role in defending the U.S. during the Cuban Missile Crisis, and I commend the valiant efforts of the men and women who served this country while aboard the USS *Cony*.

Although the *Cony* was decommissioned long ago, her legacy lives on today. Thank you to all the members, past and present, of the United States military for your service and sacrifice.

WORK HIGHLIGHTS

(Mrs. BEATTY asked and was given permission to address the House for 1 minute.)

Mrs. BEATTY. Mr. Speaker, I stand with Democrats for the people.

Republicans want to repeal the Affordable Care Act, risking healthcare for 24 million newly enrolled Americans and 129 million with preexisting conditions. I stand with the people.

That is why I held a healthcare roundtable listening session where 53 healthcare administrators attended, talking about strengthening the ACA, improving the delivery and access to healthcare, and addressing social determinants.

Making homeownership a reality for Americans, I stand with the people. Democrats on the Financial Services Committee want to expand affordable housing and provide more homeownership opportunities to people like Mrs. Joyce Mayne, who, at 75 years of age a few weeks ago, purchased her first home on her birthday. Happy birthday, Mrs. Mayne. It was with the help of a nonprofit, Homeport, and the low-income housing tax credit.

We are working to fix our broken immigration system. Right now, Mr. Speaker, families in my district are being ripped apart, like Edith Espinal and members of the Mauritanian, Somali, Latin American, and Central
