

I was born at Hoag Hospital in 1968. I have lived in Newport Beach and Costa Mesa for 50 years. My husband was extremely mentally ill and was an addict. I well understand the situation. The only true help my husband received for his addictions, was from old school 12 step programs. There are wonderful AA groups and housing in Costa Mesa that are run by committees which are rotated every few months. Check out [REDACTED]. They do amazing work and do it quietly by donations, not scamming insurance companies or families.

This model should be supported, not the business for profit one.

Again, please support Dana's bill.

## CELEBRATING THE 60TH ANNIVERSARY OF WRWH RADIO

### HON. DOUG COLLINS

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, October 23, 2018*

Mr. COLLINS of Georgia. Mr. Speaker, I rise today to recognize the 60th Anniversary of WRWH Radio, in Cleveland, Georgia.

WRWH Radio began operating as an AM radio station in 1958 and its call letters were derived from White, Rabun, and Habersham counties, which it serves. Over thirty years ago the station was purchased by Dean and Bonnie Dwyer. Since then, WRWH has evolved from operating out of an old Quonset hut on the southern edge of Cleveland, to a state of the art studio on Hood Street.

Today, WRWH broadcasts news talk on 93.9 FM. The station also provides learning opportunities for college and high school students.

In its 60 years, WRWH has become a leader in covering White County's local news and was one of WDUN's original news partners when AccessWDUN.com launched. That partnership continues today.

I join WRWH as they celebrate their 60th anniversary and commend this North Georgia business that continues to thrive.

## RAISING AWARENESS OF NATIONAL DISABILITY EMPLOYMENT AWARENESS MONTH

### HON. SHEILA JACKSON LEE

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, October 23, 2018*

Ms. JACKSON LEE. Mr. Speaker, I rise today to recognize October as National Disability Employment Awareness Month.

This month is an opportunity to raise awareness about disability employment issues, educate the public about the value of a workforce inclusive of their skills and talents, and celebrate the contributions of workers with disabilities.

National Disability Employment Awareness Month dates to 1945, when Congress enacted a law declaring the first week in October each year "National Employ the Physically Handicapped Week."

In 1988, Congress expanded the week to a month and changed the name to "National Disability Employment Awareness Month."

As of September 2018, 21.4 percent of the U.S. labor force 16 years old and above have a disability.

My home state of Texas has the second largest number of individuals with disabilities in the United States.

In 2014, Texas had almost 820,564 individuals (6.2 percent) of the total civilian labor force 16 and older in Texas (13,220,312 individuals) had a disability.

Although not every person living with disabilities can work, it is imperative that we create opportunities for those who are able and desire to work.

For Kayla McKoen, her job is more than just a hobby.

As the first registered lobbyist with down syndrome in history, Kayla McKoen shares her passion for advocacy by representing the differently abled community on Capitol Hill and lobbying for equal rights for those who are differently abled.

Kayla says that "It feels so important to advocate for others because they might not have that voice themselves, and the more we advocate our message, the louder we are. I hope I am helping to change things for future generations of the Differently Abled community."

Individuals with disabilities can strengthen the current and future economy and are a valuable resource for employers.

The workforce system must ensure that employers have access to every potential skilled worker.

Workplaces welcoming of the talents of all people, including those who are differently abled, are a critical part of our efforts to build an inclusive community and a strong economy.

Smart employers know that including different perspectives in problem-solving situations leads to better solutions.

Hiring employees with diverse abilities strengthens their business, increases competition and drives innovation.

Individuals with disabilities enhance workforce diversity and offer employers the skills, knowledge, and experience that Texas businesses need to thrive.

Private and public-sector workplaces that support integrated employment opportunities, as well as greater use of assistive technologies in the workplace, can provide individuals with disabilities the opportunity to gain and maintain employment.

We must commit to providing support for those living with disabilities by further educating ourselves and our communities on disability employment to foster a more inclusive workforce.

As we observe National Disability Employment Awareness Month, let us pay tribute to all who fought for better laws, demanded better treatment, and overcame ignorance and indifference to make our Nation more perfect.

In their honor, and for the betterment of generations of Americans to come, let us continue the work of removing obstacles to employment so every American has the chance to develop their skills and make their unique mark on the world we share.

Mr. Speaker, I ask my colleagues to join me in recognition of National Disability Employment Awareness Month and ask all Americans to take time this month to find out what you can do to encourage the employment of those with disabilities and empower all of America's workforce.
